ANNUAL TOWN REPORT

2022

The Reed Paige Clark III Edition

Cover Photo.....

Londonderry's Most Esteemed & Cherished Citizen

Reed Paige Clark III

When we think of true Londonderry Legends who have gone above and beyond the call of duty for many, many years, there is one name at the top of the list, Mr. Reed Paige Clark III. His wife Phyllis is always right by his side, so we have her to thank as well. Reed has been deemed a true gentleman. He is also the sole reason for many initiatives, projects, and town wide events. His dedication and volunteerism will go down in the Londonderry history books. Even though Reed and Phyllis are no longer living here in town, their presence and spirits will live on with all of us for many years to come.

Reed contributed many things to the Town of Londonderry. As the face of Londonderry Old Home Day, you could always catch him at the check-in booth, directing the four-day festivities to success. You could always catch him in the front row at every Town Council meeting. He and his wife Phyllis were also lifetime members of the Londonderry Historical Society, where he dedicated years and years of his life to the events and success of the Historical Society. Reed would also run the check-in at every Red Cross Blood Drive here in Londonderry, always putting a smile on people's faces. He was also known for his 4:00 PM happy hours, should you visit his house on Stonehenge Road. He has been recognized as "Citizen of the Year", "Volunteer of the Year", and "Rotarian of the Year". He has won the Paul Harris Fellow from the Rotary Club and been named Grand Marshall of the "Old Home Day" Town Parade. The list goes on and on....

Fun fact: Reed was also the longest serving member of the Londonderry Rotary.

The Clark family lived in Londonderry for decades and even helped to establish the town. Reed Clark will always be the face of Londonderry. We will miss he and Phyllis dearly. Londonderry is a better place having had Reed and Phyllis Clark apart of it.

And as Reed would say, "Carry On!".

2022 Annual Town Report

~ IN MEMORIAM 2022 ~

Michael W. Bennet

October 12th, 1957- February 20, 2022

Michael W. Bennett, 64, of Derry, NH, died Sunday, February 20, 2022. He was born in Arlington, MA on October 12th, 1957. Mike, also known as "Benny", joined the Londonderry Police Department in 1980 as a patrol officer and would later go on to serve as a Juvenile Officer, Police Prosecutor, Detective, Acting Sergeant, and as a Patrol Lieutenant until his retirement in 2006. He will be remembered by the department for his attention to detail, hearty belly laugh, and dependability. In addition to being an active part of the Londonderry Police Department, Mike enjoyed golfing, fishing, and spending time with his family. The Town of Londonderry is forever grateful to Mike for all of his years of dedicated service to the town.

~ IN MEMORIAM 2022 ~

John R. Gilcreast Jr.

September 29, 1946- January 18, 2023

John R. Gilcreast, Jr., 76, of Derry, NH died Wednesday January 18, 2023 in Portsmouth, NH. John was born in Derry on September 29, 1946, a son of the late John R. Gilcreast, Sr. and Shirley (Watts) Gilcreast. John was a lifelong resident of Derry and Londonderry, NH. John served as Londonderry Building Inspector for many years. He also went to Automotive Mechanic School where he graduated. He loved working on cars and motorcycles. He also loved going to car shows and riding motorcycles with his daughter, Susan. After Automotive School he enlisted in the US Army and served for three years. During that time he got to travel and explore new places. He married Doris during those three years and she was able to go overseas with him. He also had a passion for exploring flea markets to see what treasures he could find. He also enjoyed spending quality time with his family. The Town of Londonderry is grateful to John for his many years of service.

To the inhabitants of Londonderry in the County of Rockingham in the State of New Hampshire qualified to vote in Town Affairs:

Voters are hereby notified to meet at the Londonderry High School Cafeteria in Londonderry on Saturday, the eleventh (11th) day of February 2023, at nine o'clock in the morning for the Deliberative Session of the Budgetary Town Meeting.

Voters are further notified to meet at the Londonderry High School Gymnasium on Tuesday, March 14, 2023, to choose all necessary Town Officers for the ensuing year, and to act upon the proposed Fiscal Year 2024 budget, as may be amended at the Deliberative Session, by official ballot, the polls to be open at six o'clock in the morning and to close not earlier than eight o'clock in the evening.

ARTICLE NO. 1: [ELECTION OF OFFICERS]

To choose all necessary Town Officers for the ensuing year or until another is chosen or appointed and qualified.

ARTICLE NO. 2: [AMENDMENT TO TOWN CHARTER – TREASURER]

Shall the municipality approve the charter amendment reprinted and summarized below: (words removed are [bracketed] and new words are **in bold**)

Section 5.7. Treasurer

There shall be a Town Treasurer (hereinafter called “Treasurer”) who shall have all the powers and duties granted by this Charter and State Law. The Treasurer shall be [elected on an at-large basis to a term of three (3) years at the Town Election] **appointed by the Town Council upon recommendation of the Town Manager for a three (3)-year term.** Vacancies in the office of Treasurer shall be filled pursuant to state law.

If the amendment is adopted, the Town Treasurer shall be appointed by the Town Council for a three (3)-year term instead of being elected for a three (3)-year term. If the amendment is adopted, the elected Treasurer shall remain in office until the 2024 annual town election.

(If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a tax rate impact of \$0.00 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 4-1 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 3: [FISCAL YEAR 2024 TOWN OPERATING BUDGET]

Shall the Town raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling **\$40,448,056** Should this article be defeated, the default budget shall be **\$40,455,447** which is **the amount of the appropriations contained in the operating budget authorized for the previous fiscal year**, with certain adjustments required by previous action of the Town or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

(If passed, this article will require the Town to raise \$21,269,844 in property taxes, resulting in a tax rate impact of \$4.093 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 4: [EXPENDABLE MAINTENANCE TRUST FUND]

To see if the Town will vote to raise and appropriate the sum of **ONE HUNDRED EIGHTY THOUSAND DOLLARS (\$180,000)** to be placed in the Town's Expendable Maintenance Trust Fund for the purpose of repairing and maintaining town facilities and infrastructure and further to authorize the use of **NINETY THOUSAND DOLLARS (\$90,000)** from the June 30 Unassigned Fund Balance towards this appropriation.

(If passed, this article will require the Town to raise \$90,000 in property taxes, resulting in a tax rate impact of \$0.017 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 4-1 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 5: [ROADWAY MAINTENANCE EXPENDABLE TRUST FUND]

To see if the Town will vote to raise and appropriate the sum of **THREE HUNDRED THOUSAND DOLLARS (\$300,000)** to be placed in the Roadway Maintenance Expendable Trust Fund.

(If passed, this article will require the Town to raise \$300,000 in property taxes, resulting in a tax rate impact of \$0.058 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 4-1 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 6: [DPW EQUIPMENT/VEHICLE LEASES]

To see if the Town will vote to authorize the Town Manager to enter into up to a 10-year lease agreement in the amount of **SIX HUNDRED SEVENTY-THOUSAND DOLLARS (\$670,000)** for the purpose of leasing three 6-wheel trucks and proper equipment and one Utility Pick-up Truck, and to raise and appropriate the sum of **EIGHTY-FIVE THOUSAND DOLLARS (\$85,000)** for the first year's payment for that purpose. This lease agreement contains an escape clause.

(If passed, this article will require the Town to raise \$85,000 in property taxes, resulting in a tax rate impact of \$0.016 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 4-1 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 7: [FIRE DEPARTMENT EQUIPMENT CAPITAL RESERVE FUND]

To see if the Town will vote to raise and appropriate **ONE HUNDRED THOUSAND DOLLARS (\$100,000)** to be placed in the Fire Equipment capital reserve fund and further to authorize the use of **FIFTY THOUSAND DOLLARS (\$50,000)** from the June 30 Unassigned Fund Balance towards this appropriation.

(If passed, this article will require the Town to raise \$50,000 in property taxes, resulting in a tax rate impact of \$0.010 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 8: [PILLSBURY CEMETERY EXPANSION CAPITAL RESERVE FUND]

To see if the Town will vote to raise and appropriate **SEVENTY-FIVE THOUSAND DOLLARS (\$75,000)** to be placed in the Pillsbury Cemetery Expansion capital reserve fund and further to authorize the use of **TWENTY-FIVE THOUSAND DOLLARS (\$25,000)** from the June 30 Unassigned Fund Balance towards this appropriation.

(If passed, this article will require the Town to raise \$50,000 in property taxes, resulting in a tax rate impact of \$0.010 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 4-1 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 9: [INFORMATION TECHNOLOGY CAPITAL RESERVE FUND]

To see if the town will vote to raise and appropriate the sum of **TWENTY-FIVE THOUSAND DOLLARS (\$25,000)** to be placed in the Information Technology capital reserve fund.

(If passed, this article will require the Town to raise \$25,000 in property taxes, resulting in a tax rate impact of \$0.005 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 10: [RECREATION DEPARTMENT CAPITAL RESERVE FUND]

To see if the town will vote to raise and appropriate **TEN THOUSAND DOLLARS (\$10,000)** to be placed in the Recreation Department Capital Reserve Fund.

(If passed, this article will require the Town to raise \$10,000.00 in property taxes, resulting in a tax rate impact of \$0.002 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 11: [RATIFY A NEW COLLECTIVE BARGAINING AGREEMENT BETWEEN LONDONDERRY POLICE EMPLOYEES ASSOCIATION AND THE TOWN OF LONDONDERRY]

To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Town of Londonderry and the Londonderry Police Employees Association, which calls for the following additional appropriations for salaries and benefits over what was required under the current, expiring agreement with the employees of the Union:

<u>Year</u>	<u>Estimated Increase from Budget</u>	<u>Estimated Tax Increase from Budget</u>
FY 2024	\$337,506	\$0.065

<u>Year</u>	<u>Estimated Increase from Previous FY</u>	<u>Estimated Tax Increase from Previous FY</u>
FY 2025	\$478,440	\$0.092
FY 2026	\$289,629	\$0.056
FY 2027	\$166,596	\$0.032
FY 2028	\$221,685	\$0.043

And further, to raise and appropriate the sum of **THREE-HUNDRED THIRTY-SEVEN THOUSAND FIVE HUNDRED AND SIX DOLLARS (\$337,506)** for FY 2024 expenses, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at the current staffing levels paid under any existing agreements. (Londonderry Police Employees Association represents 67 full-time and 3 part-time Police Department employees).

(If passed, this article will require the Town to raise \$337,506.00 in property taxes, resulting in a tax rate impact of \$0.065 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 12: [AUTHORIZATION FOR SPECIAL MEETING ON COST ITEMS]

Shall the Town, if Article 11 is defeated, authorize the Town Council to call one special meeting, at its option, to address Article 11 cost items only.

(If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a tax rate impact of \$0.00 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 13: [ADD FULL-TIME LIBRARY TECHNICIAN]

To see if the Town will vote to raise and appropriate **ONE HUNDRED EIGHT THOUSAND EIGHT HUNDRED AND FIFTY-NINE DOLLARS (\$108,859)** for the purpose of adding a full-time Library Technician to the Leach Library's staff.

(If passed, this article will require the Town to raise \$108,859.00 in property taxes, resulting in a tax rate impact of \$0.021 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 6-1 recommends a NO vote. The Library Trustees by a vote of 6-0 recommend a YES vote.

ARTICLE NO. 14: [CABLE EQUIPMENT CAPITAL RESERVE FUND]

To see if the Town will vote to raise and appropriate **THIRTY-TWO THOUSAND FIVE HUNDRED DOLLARS (\$32,500)** to be placed in the Cable Equipment capital reserve fund with funding to come from the annual distribution of Public Educational and Government Access programming from the current Franchise Agreement.

(If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a tax rate impact of \$0.00 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 15: [TO DETERMINE SUPPORT ON WATER SYSTEM UPGRADES]

To see if the Town supports the acquisition, construction and/or creation of a Town-wide drinking water system to be paid for through a combination of potentially available federal and state grants, bonds, and local taxation. This is a non-binding warrant article presented solely to assess the Town's support for the creation of a Town-wide drinking water system and does not authorize an appropriation to begin the process to secure such a system.

(If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a tax rate impact of \$0.00 in FY 24 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

ARTICLE NO. 16: [TRANSACTION OF OTHER BUSINESS]

To transact any other business that may legally come before this meeting. No business enacted under this article shall have any binding effect upon the Town.

**Town of Londonderry
2022 Annual Report**

2023 Warrant

Given under our hands and seal, this 16th day of January, in the year of our Lord, Two Thousand and twenty-three.

**TOWN COUNCIL
LONDONDERRY, NEW HAMPSHIRE**

John Farrell - Chairman

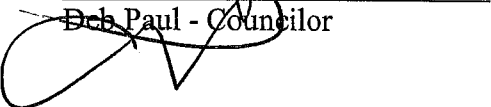

Joseph V. Green - Vice Chairman

James Butler - Councilor

Deb Paul - Councilor

Chad Franz - Councilor

I hereby certify that notice was given to the inhabitants of the Town of Londonderry to meet for the 2023 Town Meeting at the time and place indicated in this Warrant, by posting an attested copy of this document on January 19, 2023 at the Londonderry High School Gymnasium, the place of meeting, and at the Town Hall, School District Office and Leach Public Library.

Michael Malaguti
Town Manager

Town of Londonderry

LONDONDERRY ANNUAL
TOWN MEETING
MARCH 8TH, 2022

Session II of the Annual Town Meeting of Londonderry, County of Rockingham, State of New Hampshire, is held today, March 8, 2022, at the Londonderry High School Gym.

I, Jonathan Kipp (**Moderator**) call session II of the Annual Town Meeting to order for the Town of Londonderry.

I,

X	John Farrell
<hr/>	
X	Joe Green
<hr/>	
X	Jim Butler
<hr/>	
X	Tom Dolan
<hr/>	
X	Deb Paul
<hr/>	

Voted in affirmative.

I, **Jonathan Kipp** move that the elections of the Town Officers and all Articles be by ballot with the use of the checklist and that the polls open immediately and remain open until 8:00 PM this evening. All those in favor say "I". Vote was in the affirmative.

Moderator Kipp stated that absentee ballots would be opened at one o'clock in the afternoon.

Voting machines are shown to have zero balance and that the ballot boxes are empty

Polls open at 6:00 AM and close at 8:00 PM

Town Councilors present:

X	John Farrell
<hr/>	
X	Joe Green
<hr/>	
X	Jim Butler
<hr/>	
X	Tom Dolan
<hr/>	
X	Deb Paul
<hr/>	

2022 ANNUAL TOWN MEETING RESULTS

Total Number of Registered Voters

19,343

WARRANT ARTICLE RESULTS

Article #1 – ELECTION OF OFFICERS

To choose all necessary Town Officers for the ensuing year or until another is chosen or appointed and qualifies.

Town Council – Three-Year Term – Vote for not more than two

John Farrell	2,190

18 Sherry Farrell.....Town Clerk/Deputy Tax Collector
19 Christie Campbell.....Deputy Town Clerk
20 Kirby Brown.....Executive Assistant

21 **Budget members:**

22 Chad Franz.....Chairman – Budget Committee
23 Jonathan Kipp Vice-Chair – Budget Committee
24 Jennifer Kenney.....Budget Member
25 Christine Patton.....Budget Member
26 Joseph Gagnon.....Budget Member
27 Steve Breault.....Budget Member
28 Tim Siekmann.....Budget Member
29
30

31 **OPENING REMARKS**

32
33 Moderator Kipp introduced the Town Council, head table, and the Budget Committee. The
34 Londonderry High School (LHS) Band Color guard presented the colors. The Pledge of Allegiance
35 lead by Kevin Smith was followed by the singing of the National Anthem by an LHS vocalist.
36 Moderator Kipp introduced a moment of silence for all the member of Londonderry who were lost
37 this year and for all of our first responders.
38
39

40 The Council recognized the following retired Town Officials for their service to the Town. Town
41 Council Chairman John Farrell introduced the 2021 Citizen of the Year, Councilor Tom Dolan, and
42 presented him with his granite state shaped award. Town Council Chairman introduced the 2021
43 Volunteer of the Year, Chris Davies and presented him with a granite state shaped award. The
44 Council took turns to present various retiree's and board members awards for their years of service to
45 Londonderry.

46
47 Moderator Kipp explained the Moderator makes the rules as they go along. Any ruling of the
48 Moderator may be challenged by a majority vote before the Moderator moves onto the next item of
49 business. He explained the use of voter cards and coupons. All Warrant Articles will be brought up
50 for discussion and open for amendments. All amendments must be in writing and given to him or
51 Assistant Town Solicitor Mike Malaguti and will be done one at a time. The amendment cannot be
52 added in subject and no Article can be tabled. No more than one amendment will be allowed on the
53 floor at a time. Moving an Article to the ballot does not require a vote at the Deliberative Session. A
54 secret ballot on an Amendment will be taken if five (5) voters request it before we vote. A recount
55 will be taken on a non-secret ballot if seven (7) voters make the request. Moving the previous
56 question requires a 2/3 majority to pass, however, if you are in line at the microphone and wish to
57 speak for the first time it will be accepted as long as the subject has not been discussed for half an
58 hour. A motion to Restrict Reconsideration is permitted after the Article has been placed on the
59 ballot. All non-voters are in their designated area and may not vote. He said the procedure for the
60 Deliberative Session will be reviewed throughout this meeting. If you have questions, please free to
61 ask them.

62

STATE OF THE TOWN ADDRESS

63

64
65 Members of the Town Council, the Budget Committee, other elected officials, Town employees, and
66 citizens of Londonderry:

67

68 Members of the Town Council, the Budget Committee, other elected officials, Town
69 employees, and citizens of Londonderry:

70

71 I stand before you this morning delivering what will be my ninth and final State of the Town Address
72 as Town Manager.

73

74 As I look back on when I made my first Address in 2014, it's hard to believe just how much we have
75 accomplished as a Town Administration and community since that time. Just think about the things
76 that did not exist in August 2013 when I was first hired: on the economic development front,
77 Pettengill Rd. was still just a vision and along with it, all of the industrial development - over two
78 million square feet of it; I-93 had yet to be widened from Exit 3 to Exit 5; Woodmont Commons was
79 still an apple orchard; the Apple Tree Mall had fallen into disrepair and had many vacancies; on the

80 restaurant scene, places like Renegades, Talia's, Bangkok Thai, The Red Arrow, Bacon Barn, Game
81 Changer, and many others did not exist. There was no La Caretta, although you could still go to
82 "The Whipp", and Londonderry had no breweries to speak of; today we have four. In terms of
83 residential development, there was no assisted living facility, no workforce housing, and at least two
84 fewer 55+ communities. As a Town, in 2013 we only had two School Resource Officers, today we
85 have four to service all of our schools. We've added twelve firefighters to the Fire Department
86 roster, three new police officers in addition to the SRO's, two public works employees, two Town
87 Clerks, and three admin assistants to better handle customer relations within Town Hall
88 Departments. On the capital front, we have a brand-new Central Fire Station to meet the needs and
89 demands of a growing community for years to come; we built a new out building for the employees
90 at the public works garage, and we put an addition and made major renovations to the Senior Center
91 to better accommodate the programs for our growing senior community in town.

92
93 We've done all of this and much much more in the span of just eight and a half years. And not to
94 mention the Lancer football team has also won two state championships during this period – not that
95 I had anything to do with that!

96
97 And these investments in our great Town have led to Londonderry being one of the most desirable
98 communities in all of New Hampshire. We've been the fastest growing municipality for industrial
99 and commercial development over the last eight years, our population has increase by almost 2000
100 new residents, and our assessed value in Town has increased by \$2.2 billion dollars.

101
102 Budgetarily, under the leadership of Finance Director, Justin Campo, the Town remains in a very
103 strong financial position. Under the watchful eye of Justin, and his predecessor, Doug Smith, over
104 the last 8+ years, the Town has returned over \$11 million dollars to property taxpayers through the
105 undesignated fund balance, as a result of annual budget surpluses. These surpluses have been a
106 combination of prudent fiscal management by the Departments Heads, as well as significantly higher
107 than expected revenues as a result of the robust economic conditions Londonderry has experienced
108 over the last decade. In FY21 alone, the Town finished with a surplus of \$2.7 million of which
109 almost half was better than expected revenue.

110
111 In keeping with the theme of sound financial management, the proposed FY23 operating budget that
112 will be before the voters this March comes in at \$15,334 BELOW last year's adopted operating
113 budget – this is no small accomplishment, and again, Justin and the various Department Heads
114 deserve a tremendous amount of credit for "holding the line" as was asked by the residents of our
115 Town at the beginning of this year's budget process. It's a very good budget that meets the needs of
116 our citizens while fulfilling our contractual obligations, and most importantly, it keeps spending in
117 check at a time when inflation is nearly 7%. Needless to say, I believe it's very worthy of the voters'
118 consideration and approval.

119 Looking ahead, the Town has its reasons to be optimistic that the very favorable economic conditions

120 it has enjoyed over the better part of the last decade will continue, though to be sure, there are current
121 challenges that will need to be dealt with as well. Pettengill Road remains a very desirable location
122 for new businesses wishing to locate to Town and close by the Manchester-Boston Regional Airport,
123 however, as more vehicular traffic utilize that roadway, it is likely that in the not too distant future, it
124 will need to be expanded from two lanes, to four. And while development at Woodmont Commons
125 was largely dormant throughout the peak of the pandemic, Derry Medical Center, as well as the
126 Baldwin Senior Living Community have already broken ground and will start construction in earnest
127 by the beginning of this spring. In addition, there remains significant interest in locating additional
128 housing units close to the area of Main St. And perhaps most significantly, if all goes according to
129 plan, the long-awaited Exit 4A will finally be under construction by this summer, opening up almost
130 200 acres of prime commercial and industrial land for development on the east side of I-93, in which
131 there is already an abundance of interest.

132
133 Our future challenges as a Town though, are no less insignificant: first, economic development and
134 new housing developments ultimately lead to more cars on arterial and secondary roadways, putting
135 a strain on our public safety and public works departments, as well as residents seeing increased
136 traffic in their otherwise quiet neighborhood roads. Second, while we've been able to return a
137 significant amount of UFB to the taxpayers - \$11 million dollars over nine years, with the recent
138 significant decline in value of our largest taxpayer, the Granite Ridge power plant, as well as refunds
139 owed to them over the next few years, we will be to be careful about how we spend this money going
140 forward so that it can be used to offset any impact to the taxpayers. Third, as I mentioned in my
141 budget presentation in November, with the Town's population continuing to increase and the
142 demand for new programs growing, we are going to need to take a look at right sizing certain areas
143 of both our Recreation and Public Works Departments to bring them both in line with what most
144 citizens expect out of a modern-day operation serving 26,000 residents. Finally, the issue of public
145 health, specifically as it pertains to providing clean drinking water is on the forefront of everyone's
146 minds. As a town, we need to investigate every option at our disposal, to include holding those who
147 are responsible for contaminating our groundwater with PFAS and PFOA's accountable, to ensure
148 that every household in the Town of Londonderry has access to clean drinking water.

149
150 And while these challenges are daunting on their face, none are insurmountable. They will have to be
151 addressed over the coming months and years by the Town Council, Town Committees, and Town
152 staff. And if past is prologue, I have no doubt that the creative minds in this room and of future
153 rooms at Town Hall will rise to meet the challenges of the day, just as many of you have over the
154 course of my tenure.

155
156 Over the years, as part of this address, I've often highlighted events or notable moments within our
157 community in the past year that I believe brought out the best in the people who call L'town home,
158 and in 2021 there were two such events that will be seared into my mind forever. Sometimes
159 however, a community's spirit is seen in the face of unspeakable tragedy.

160
161 In early spring of 2021, I will never forget receiving a text from one of our first responders late one
162 night that there had been a terrible car crash in the area of Hardy Road. As town manager, getting
163 news like this are the moments you dread most. Not shortly thereafter, it became known that the
164 victim of this tragic accident was LHS Senior and football captain, Jake Naar. Jake’s death shook
165 our community to its core. Though Jake was a popular student, he was equally beloved by all within
166 the student body, as well as by teachers, and administrators alike. Jake was a son, a brother, and a
167 beloved friend to so many – to include my nephew Zach with whom he shared a close special
168 friendship with. It was Zach, who in a tribute to Jake during a get together of students just a few
169 days after Jake’s death, reminded his peers that Jake lived a life of “No Bad Days.” And in the
170 weeks of months to come, that motto, No Bad Days, would become our Town’s bond along with
171 signs reading “Naar Strong” that popped up on lawns in front of homes all across the community.
172 This tribute to Jake and his beautiful life culminated with the most inspiring memorial service I have
173 ever attended, held on the field of Lancer Park. The outpouring of support from residents and
174 visitors outside of Londonderry was unlike anything I had every witnessed and was only eclipsed by
175 the beautiful words spoken by Jake’s father, Reggie, who reminded us all that day that life is
176 precious, to cherish each day as it may be your last, and never miss an opportunity to say ‘I love you’
177 to those whom are closest to us. Almost a year later, the sting of this tragedy remains, yet out of the
178 darkness of that night and the days that followed, the light of this community shone through in ways
179 that none of us will ever forget; while we are a community of nearly 26,000 people, in a time of need
180 and heartache, we are a family of one, here to support, lean on, and lift each other up when we need
181 it the most.

182
183 After night, always comes the dawn. And in in the late summer of 2021, after a very muted Old
184 Home Day in 2020 due to the Covid pandemic, our annual community celebration made a full
185 comeback, bigger and better than ever! In short, the community was ready to celebrate; and celebrate
186 we did. This could not have been pulled off though without a revamped Old Home Day committee
187 stocked with willing volunteers and Town staff who gave blood, sweat, and tears pouring countless
188 hours over many months of planning to pull off a four-day celebration that brought back enhanced
189 old traditions like the baby contest, the fireworks show, and the beer garden, as well as added new
190 events such as a Battle of the Bands, a Strongman Competition, and the first ever Apple Pie Eating
191 Contest. A special thanks first goes out to Steve Dente, who stepped up to take over the complicated
192 task of pulling together the annual Saturday parade, and he did such a great job with it, we recruited
193 him that day to run it for the next twenty years! But so much of the credit for that day goes to my
194 partner in crime, Londonderry Townie extraordinaire, and Lancer Ambassador, Katie Sullivan.
195 Katie, our community is so fortunate to have you, as your attitude of awesomeness just permeates
196 throughout everything you do; the words “Thank you” seem so inadequate as you’ve had such a
197 profound impact on so many lives.

198
199 Ladies and Gentlemen, the State of our Town, is Londonderry Strong.

200
201 In closing, I wish to take this opportunity to thank a number of people without whom, we wouldn't
202 have had nearly the amount of success and great achievements we've enjoyed during my tenure as
203 TM. The head of any organization is only as good as those with whom he or she works with on a
204 daily basis. In my case, I have been very blessed and fortunate to work with the best and brightest in
205 the in the world of municipal government. We are not merely co-workers and colleagues, we are a
206 work family bound together by my favorite motto, "Teamwork makes the dreamwork." I am
207 incredibly grateful for the commitment to excellence displayed day in and day out by all of my
208 Department Heads: at our public safety institutions led by Police Chief Bill Hart, Fire Chief Darren
209 O'Brien, and newly installed Director of Public Works, Dave Wholley; at our programs outside of
210 Town Hall, Senior Director, Cathy Blash, Cable Director, Drew Caron, and newly hired Library
211 Director, Erin Matlin; and of course, my Town Hall family: Finance Director, Justin Campo,
212 Planning Director, Colleen Mailloux, Building Chief, Nick Codner, Director of Engineering, John
213 Trottier, Assessing Director, Steve Hamilton, our Tax Collector, Allison Guthrie, and our beloved
214 Town Clerk, Sherry Farrell, and of course all of the uber professional hard working men and women
215 in each of these departments – I owe all of you a debt of gratitude for your support of me, and your
216 commitment to exceptional customer service to the residents of our community. I also wish to give
217 special thanks to four employees who I've shared a very close working relationship with over this
218 period: first, every good Town Manager should have a great Town Attorney, and in my case, I had
219 two! Mike Ramsdell and Mike Malaguti have each done yeoman's work for the Town behind the
220 scenes and have been worth their weight in gold. They've been an asset to the Town, and I've been
221 extremely fortunate to work with each of them. In 2016, seeing the volume of work coming across
222 my desk, both internal and external to the job, the Town Council did me a solid by adding the
223 position of Assistant Town Manager and Personnel Director, which was ultimately appointed in the
224 capable hands Lisa Drabik. Lisa, it is not an exaggeration to say you have been a God send in
225 assisting me in so many aspects of our jobs on a daily basis. Most notably, I would not have
226 navigated through the perilous waters of the Covid pandemic if it wasn't for your constant attention
227 to detail and implementation of what seemed like ever changing policy directives. You've truly
228 made me a better manager and supervisor – thank you for your steadfast commitment to the town and
229 its employees. Finally, I would be terribly remiss if I did not recognize the person who always greets
230 everyone with a smile and most cheerful attitude regardless of the kind of day she is having, my
231 executive assistant who's been with me since day one, Kirby – or as she's more affectionately known
232 in the office, Kirbs. Kirby, you've been a loyal employee and friend since before we both started at
233 Town Hall, and Londonderry is fortunate to have you as one its most dedicated community
234 cheerleaders! Thank you for helping to make our Town the great place that it is!

235
236 Finally, my list of folks to thank would not be nearly complete without acknowledging the members
237 of the Town Council. You took a chance on me back in 2013 and I will always be grateful and
238 appreciative of having been given the opportunity of a lifetime. It is remarkable to think that of the
239 five members of the Council who hired me back in 2013, four of you continue to serve the

240 community in that capacity today, which I believe says a lot about your commitment to public
241 service as well as the trust the community has placed in each of you. I am grateful to have known
242 Tom Freda, who served our Town honorably on this Council and as Town Moderator before his
243 passing all too soon a few years ago. I am equally as thankful to have worked alongside with Ted
244 Combes who continues to serve the community on the Planning Board. Deb Paul, I thank you for the
245 passion you bring to the Board and your commitment to keeping the community abreast of important
246 news and events through the Londonderry Times; Tom Dolan, you have served the community with
247 humility, professionalism and class for over 20 years, you've been a teacher to me and the Town will
248 miss your institutional wisdom for sure; Jim Butler you and your family live and breath Londonderry
249 in all that you do, and I am thankful for the wonderful memories of our coffee and donut chats at
250 Sunnycrest Farm – hopefully they continue in the future; Joe Green, your constituent service is
251 second to none, especially advocating for our senior population – thank you for you hard work to
252 enhance our senior and recreation programs over the years. And last, but by no means least, John
253 Farrell. Some might say our relationship has been akin to that of Brady and Belichick, but since I
254 know you're a Giants fan, I'll refrain from any Patriots comparisons. In all seriousness though,
255 simply put, I could not have succeeded at this position without your guidance, your advice, your
256 support, your critiques, your “life lessons”, your friendship. You have been a mentor since day one
257 and while you weren't always easy to work for, in time I came to learn and even appreciate it was
258 only because you've always had the best interests of the Town at heart, and demanded excellence in
259 our work product. Most people in Town will never see just how much work you do for the Town
260 and its residents “behind the scenes”, but I've had a front row seat for it over the last nine years and
261 it inspired me to do better at my job every day. Thank you for your trust and confidence in my ability
262 to lead the Town all these years; it's been quite a run and was only made better by having you at my
263 side the entire time.

264
265 And in closing, my most sincere, heart-felt thanks to all of you – the citizens of the community in
266 which I love – for allowing me to serve you as your Town Manager for the last nine years. It has
267 thus far been the greatest honor of my life and I hope I was able to leave the Town for the next
268 Manager just a little better than I found it. I will forever cherish the memories we have made
269 together; and no matter where I am, Londonderry will always be in my heart.

270
271 Thank you and God bless you all.
272 Respectfully submitted,
273 Kevin H. Smith

274
275

276 **ARTICLE NO. 1: [ELECTION OF OFFICERS]**

277
278 To choose all necessary Town Officers for the ensuing year or until another is
279 chosen or appointed and qualified.

280

281 Town Moderator Kipp proceeded to read Article 2.

282

283 **ARTICLE NO. 2: [FISCAL YEAR 2023 TOWN OPERATING BUDGET]**

284

Shall the Town raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling **\$38,996,682**. Should this article be defeated, the default budget shall be **\$39,069,640** which is **the amount of the appropriations contained in the operating budget authorized for the previous fiscal year**, with certain adjustments required by previous action of the Town or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

(If passed, this article will require the Town to raise \$21,124,977 in property taxes, resulting in a tax rate impact of \$4.099 in FY 23 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

285

286

287 Town Manager Smith mentioned that Article 2 would provide funding for the operation of all
288 town government departments for the fiscal year beginning July 1, 2022 and ending June 30,
289 2023.

290

291 Voters in 2011 adopted the Official Ballot system, whereby the Council's recommended budget
292 is presented; if that budget is defeated, then the Default Budget becomes effective, which is last
293 year's budget adjusted by any contractual obligations. The Town Council's proposed Fiscal Year
294 2023 Budget is \$72,958 LOWER than the Default Budget. The proposed budget is \$15,334
295 LOWER than the Fiscal Year 2022 amended budget.

296

297 Councilor Jim Butler made a **MOTION** to accept Article 2 as read.

298 **SECOND** by Councilor Tom Dolan

299

300 **Open for discussion:**

301

302 Kristine Perez, 5 Wesley Drive, ask how much is in the budget currently. Finance Director Justin
303 Campo stated that there is currently \$162,000.00 in there. Perez asked if they are looking to double it
304 at this time. Campo stated that it is a annual article that we request for it and roughly yes, double it,
305 but \$162,000.00 is current funds. Perez asked how much has been used so far. Town Manager Smith
306 stated that because of the transition from Steve Cotton, who used to control this fund, leaving, and
307 Dave Wholley coming on, there was a lapse when money wasn't spent out of this fund. Smith stated

308 that there is a list of maintenance items. Perez asked if the \$162,000.00 will be spent. Smith stated
309 yes.

310

311 **Moderator Kipp called the vote on the motion to accept Article No. 2 as read.**
312 **VOTE IN THE AFFIRMATIVE, ARTICLE 2 PASSES.**

313

314 Councilor Joe Green **made a MOTION** to restrict reconsideration.
315 **SECOND** by Chad Franz.

316

317 **VOTE IN THE AFFIRMATIVE, ARTICLE 2 IS RESTRICTED FROM RECONSIDERATION.**

318

319 Town Moderator Kipp then read Article 3.

320

321 **ARTICLE NO. 3: [EXPENDABLE MAINTENANCE TRUST FUND]**

322

323 To see if the Town will vote to raise and appropriate the sum of **ONE HUNDRED EIGHTY**
324 **THOUSAND DOLLARS (\$180,000)** to be placed in the Town's Expendable Maintenance Trust
325 Fund for the purpose of repairing and maintaining town facilities and infrastructure and further to
326 authorize the use of **NINETY THOUSAND DOLLARS (\$90,000)** from the June 30 Unassigned
327 Fund Balance towards this appropriation.

328

329 **(If passed, this article will require the Town to raise \$90,000 in property taxes, resulting in a**
330 **tax rate impact of \$0.017 in FY 23 based upon projected assessed values.)**

331

332 ***The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of***
333 ***7-0 recommends a YES vote.***

334

335 Councilor Jim Butler made a **MOTION** to accept Article 3 as read.
336 **SECOND** by Councilor Tom Dolan.

337

338 Town Manager Smith explained that Article 3 funds the Expendable Maintenance Trust Fund which
339 is used to maintain and repair town facilities and infrastructure, such as repairing HVAC, plumbing
340 and electric systems or making repairs to buildings such as roof and siding replacement.

341

342

343 **Open for discussion:**

344

345 **There was no public discussion.**

346

347 **Moderator Kipp called the vote on the motion to accept Article No. 3 as read.**

348

349 **VOTE IN THE AFFIRMATIVE, ARTICLE 3 PASSES.**

350

351 Vice Chairman Green **made a MOTION** to restrict reconsideration.

352 **SECOND** by Chairman Jim Butler.

353

354 **VOTE IN THE AFFIRMATIVE, ARTICLE 3 IS RESTRICTED FROM**
355 **RECONSIDERATION.**

356

357 Moderator Kipp then read Article 4.

358

359 **ARTICLE NO. 4: [ROADWAY MAINTENANCE EXPENDABLE TRUST FUND]**

360

361 To see if the Town will vote to raise and appropriate the sum of **SIX HUNDRED FIFTY**
362 **THOUSAND DOLLARS (\$650,000)** to be placed in the Roadway Maintenance Expendable Trust
363 Fund.

364

365 **(If passed, this article will require the Town to raise \$650,000 in property taxes, resulting**
366 **in a tax rate impact of \$0.126 in FY 23 based upon projected assessed values.)**

367

368 ***The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of***
369 ***7-0 recommends a YES vote.***

370

371 Councilor Paul made a **MOTION** to accept Article 4 as read.

372 **SECOND** by Chairman John Farrell.

373

374 Town Manager Smith explained that this Article would continue the process of funding Road
375 Reconstruction activities from property tax support as opposed to bonding. It is the Council's intent
376 to request an increase in funding for this purpose during each successive fiscal year as funds,
377 resulting from the town's declining debt service obligations related to road construction, become
378 available.

379

380 **Open for discussion:**

381

382 **There was no other discussion.**

383

384 **Moderator Kipp called the vote on the motion to accept Article No. 4 as read.**

385

386 **VOTE IN THE AFFIRMATIVE, ARTICLE 4 PASSES.**

387

388 Chairman John Farrell **made a MOTION** to restrict reconsideration.

389 **SECOND** by Vice Chairman Joe Green.

390
391 **VOTE IN THE AFFIRMATIVE, ARTICLE 4 IS RESTRICTED FROM**
392 **RECONSIDERATION.**

393
394 Town Moderator Kipp then read Article 5.

395
396 **ARTICLE NO. 5: [STUDY POTENTIAL CHANGES TO PUBLIC WATER SYSTEM]**

397
398 To see if the Town will vote to raise and appropriate **ONE HUNDRED THOUSAND**
399 **DOLLARS (\$100,000)** to fund legal and consulting expenses related to the possible expansion
400 of the existing public water system and/or the creation of a public water system owned by the
401 Town. This funding is necessary to study the rates such a public water system would be able to
402 offer, and to compare such rates with those offered by other utility providers operating in town.
403 These funds will also be used to study the potential costs of acquisition of existing utility
404 infrastructure by the Town, potential costs of adding necessary infrastructure, potential expenses
405 related to remediation of water contaminated by PFAS and other contaminants, and the potential
406 costs to provide potable water to Londonderry's residents at reasonable rates. This special
407 warrant article will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the
408 earlier of the completion of its purpose or June 30, 2027.

409
410 **(If passed, this article will require the Town to raise \$100,000 in property taxes, resulting in a tax**
411 **rate impact of \$0.019 in FY 23 based upon projected assessed values.)**

412
413 ***The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of***
414 ***6-1 recommends a YES vote.***

415
416 Vice Chairman Joe Green made a **MOTION** to accept Article 5 as read.
417 **SECOND** by Councilor Jim Butler.

418
419 Assistant Town Solicitor Michael Malaguti stated that this Article would fund a study and other
420 expenses required to evaluate the possible expansion of existing public water utility infrastructure in
421 Town and/or the creation of a Town-owned public water system.

422
423 **Open for discussion:**

424
425 **Moderator Kipp called the vote on the motion to accept Article No. 5 as read.**

426
427 **VOTE IN THE AFFIRMATIVE, ARTICLE 5 PASSES.**

428
429 Chad Franz **made a MOTION** to restrict reconsideration.
430 **SECOND** by Vice Chairman Joe Green.

431 **VOTE IN THE AFFIRMATIVE, ARTICLE 5 IS RESTRICTED FROM**
432 **RECONSIDERATION.**

433
434 Town Moderator Kipp then read Article 6.

435
436 **ARTICLE NO. 6: [FIRE DEPARTMENT EQUIPMENT CAPITAL RESERVE FUND]**

437
438 To see if the Town will vote to raise and appropriate **ONE HUNDRED**
439 **THOUSAND DOLLARS (\$100,000)** to be placed in the Fire Equipment capital reserve fund
440 and further to authorize the use of **FIFTY THOUSAND DOLLARS (\$50,000)** from the June 30
441 Unassigned Fund Balance towards this appropriation.

442
443 **(If passed, this article will require the Town to raise \$50,000 in property taxes, resulting in a tax**
444 **rate impact of \$0.010 in FY 23 based upon projected assessed values.)**

445
446 *The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of*
447 *7-0 recommends a YES vote.*

448
449 Councilor Tom Dolan made a **MOTION** to accept Article 6 as read.
450 **SECOND** by Councilor Deb Paul.

451
452 Town Manager Kevin Smith stated that this article appropriates funds for the purchase or lease of
453 equipment necessary to the operations of the Fire Department, it also assists in providing the matching
454 funds required for potential grants received.

455
456 **Open for discussion:**

457
458 **There was no further discussion.**

459
460 **Moderator Kipp called the vote on the motion to accept Article No. 6 as read.**

461
462 **VOTE IN THE AFFIRMATIVE, ARTICLE 6 PASSES.**

463
464 Chad Franz **made a MOTION** to restrict reconsideration.
465 **SECOND** by Councilor Jim Butler.

466
467 **VOTE IN THE AFFIRMATIVE, ARTICLE 6 IS RESTRICTED FROM**
468 **RECONSIDERATION.**

469
470 Moderator Kipp then read Article 7.

471

**ARTICLE NO. 7: [PILLSBURY CEMETERY EXPANSION CAPITAL RESERVE
FUND]**

To see if the Town will vote to raise and appropriate **SEVENTY-FIVE THOUSAND DOLLARS (\$75,000)** to be placed in the Pillsbury Cemetery Expansion capital reserve fund.

(If passed, this article will require the Town to raise \$75,000 in property taxes, resulting in a tax rate impact of \$0.015 in FY 23 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

Chairman John Farrell made a **MOTION** to accept Article 7 as read.
SECOND by Vice Chairman Joe Green.

Assistant Town Solicitor Michael Malaguti explained that this article allows the Town to plan for the expansion of Pillsbury Cemetery without overburdening the tax rate in any one year. It also allows the Town to avoid issuing long-term debt for such expansion.

Open for discussion:

Kristine Perez, 5 Wesley Lane, asked if it would raise by .15 cents. Finance Director Justin Campo stated that no, it would be raised by 1.5 cents.

Moderator Kipp called the vote on the motion to accept Article No. 7 as read.

VOTE IN THE AFFIRMATIVE, ARTICLE 7 PASSES.

Chad Franz made a **MOTION** to restrict reconsideration.
SECOND by Vice Chairman Joe Green.

VOTE IN THE AFFIRMATIVE, ARTICLE 7 IS RESTRICTED FROM RECONSIDERATION.

Assistant Moderator Palmer then read Article 8.

Moderator Kipp handed the microphone over to Assistant Town Moderator Robert Palmer

513 **ARTICLE NO. 8: [ESTABLISH AND FUND INFORMATION TECHNOLOGY CAPITAL**
514 **RESERVE FUND]**

515
516 To see if the town will vote to establish an Information Technology Capital
517 Reserve Fund under the provisions of RSA 35:1 for the purpose of maintaining and upgrading
518 the Town's information technology needs and infrastructure, including cyber security, and to
519 raise and appropriate the sum of **ONE HUNDRED THOUSAND DOLLARS (\$100,000)** to be
520 placed in this fund. (Majority Vote Required)

521
522 **(If passed, this article will require the Town to raise \$100,000 in property taxes, resulting in a tax**
523 **rate impact of \$0.019 in FY 23 based upon projected assessed values.)**

524
525 *The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of*
526 *7-0 recommends a YES vote.*

527
528 Councilor Jim Butler made a **MOTION** to accept Article 8 as read.
529 **SECOND** by Councilor Tom Dolan.

530
531 Town Manager Smith explained that this article establishes a Capital reserve fund for the purpose of
532 maintaining and upgrading the Town's technology needs. This fund will assist in maintaining the
533 Town's technology infrastructure as well as upgrading it and securing it from potential cyber-attacks
534 and liability.

535
536 **Open for discussion:**

537
538 **There was no public discussion.**

539
540 **Assistant Moderator Palmer called the vote on the motion to accept Article No. 8 as read.**

541
542 **VOTE IN THE AFFIRMATIVE, ARTICLE 8 PASSES.**

543
544 Chad Franz **made a MOTION** to restrict reconsideration.
545 **SECOND** by Vice Chairman Joe Green.

546
547 **VOTE IN THE AFFIRMATIVE, ARTICLE 8 IS RESTRICTED FROM**
548 **RECONSIDERATION.**

549
550 Assistant Moderator Palmer then read Article 9.

551
552
553

554 **ARTICLE NO. 9: [ESTABLISH RECREATION REVOLVING FUND]**
555

556 To see if the town will vote to establish a Recreation Revolving Fund pursuant to RSA
557 35-B:2, II and to raise and appropriate **ONE THOUSAND DOLLARS (\$1,000)** to establish the
558 fund. The money received from fees and charges for recreation park services and facilities, as
559 well as any donations to the Recreation Revolving Fund, shall be allowed to accumulate from
560 year to year, and shall not be considered to be part of the general fund unassigned fund balance.
561 The treasurer shall have custody of all monies in the fund, and shall pay out the same only upon
562 order of the Town Council. These funds may be expended only for recreation purposes as
563 permitted by RSA 35-B, and in the case of a donation, for such further specified recreation
564 purposes for which the donation is made, and no expenditure shall be made in such a way as to
565 require the expenditure of other funds that have not been appropriated for that purpose. (Majority
566 vote required)

567
568 **(If passed, this article will require the Town to raise \$1,000.00 in property taxes, resulting in a**
569 **tax rate impact of \$0.00 in FY 23 based upon projected assessed values.)**
570

571 *The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of*
572 *7-0 recommends a YES vote.*
573

574 Councilor Deb Paul made a **MOTION** to accept Article 9 as read.
575 **SECOND** by Chairman John Farrell.
576

577 Assistant Town Solicitor Michael Malaguti stated that this article establishes a revolving fund for
578 recreation purposes. It will allow the town to maintain any donations received for recreation purposes
579 outside of the general fund. The fund will be supported by fees and charges received from recreation
580 purposes and will only be utilized for recreation purposes.
581

582 **Open for discussion:**
583

584 David Ellis, 1 Wilshire Drive, asked about the fund being protected as a part of the unassigned fund
585 balance, have there been any in the past that were protected. Finance Director Justin Campo stated
586 that yes there have been a few. As for revolving, we have the Police Detail Fund, and the Sewer
587 Fund, which is an enterprise fund. These funds are funded through themselves.
588

589 **Assistant Moderator Palmer called the vote on the motion to accept Article No. 9 as read.**
590

591 **VOTE IN THE AFFIRMATIVE, ARTICLE 9 PASSES.**
592
593

594 Chad Franz **made a MOTION** to restrict reconsideration.
595 **SECOND** by Kristine Perez.

596
597 **VOTE IN THE AFFIRMATIVE, ARTICLE 9 IS RESTRICTED FROM**
598 **RECONSIDERATION.**

599
600 Assistant Moderator Palmer then read Article 10.

601
602 **ARTICLE NO. 10 [RATIFY A NEW COLLECTIVE BARGAINING AGREEMENT**
603 **BETWEEN INTERNATIONAL ASSOCIATION OF FIREFIGHTERS LOCAL 3160 AND**
604 **THE TOWN OF LONDONDERRY]**

605
606 To see if the Town will vote to approve the cost items included in the collective
607 bargaining agreement reached between the Town of Londonderry and the International
608 Association of Firefighters Local 3160, which calls for the following additional appropriations
609 for salaries and benefits over what was required under the current, expiring agreement with the
610 employees of the Union:

611	Estimated Increase	Estimated Tax
612 <u>Year</u>	<u>from Budget</u>	<u>Increase from Budget</u>
613 FY 2023	\$86,623	\$0.017
614 <u>Year</u>	<u>Estimated Increase</u>	<u>Estimated Tax Increase</u>
615	<u>from Previous FY</u>	<u>from Previous FY</u>
616 FY 2024	\$171,137	\$0.033
617 FY 2025	\$166,741	\$0.032
618 FY 2026	\$151,893	\$0.029
619 FY 2027	\$133,303	\$0.026

620
621
622 And further, to raise and appropriate the sum of **EIGHTY-SIX THOUSAND SIX HUNDRED**
623 **TWENTY-THREE DOLLARS (\$86,623)** for FY 2023 expenses, such sum representing the
624 additional costs attributable to the increase in salaries and benefits over those of the appropriation at
625 the current staffing levels paid under any existing agreements. (International Association of
626 Firefighters Local 3160 represents 48 Full time Fire Department employees).

627
628
629 **(If passed, this article will require the Town to raise \$86,623 in property taxes, resulting in a tax**
630 **rate impact of \$0.017 in FY 23 based upon projected assessed values.)**

631
632
633 ***The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of***
634 ***7-0 recommends a YES vote.***

635
636

637 Vice Chairman Joe Green Paul made a **MOTION** to accept Article 10 as read.

638 **SECOND** by Councilor Jim Butler.

639

640 Town Manager Kevin Smith stated that previous contract for this union is set to expire on June 30,
641 2022. The proposed agreement covers a 5-year period from July 1, 2022 through June 30, 2027. The
642 parties have agreed to a restructured step table for employees. There is no cost of living increase
643 during the duration of this agreement.

644

645 **Open for discussion:**

646

647 Chairman John Farrell stated that we have been in collective bargaining agreements with the town.
648 Farrell commended all involved. Everyone working together. Hiring only the best people to serve the
649 community. They come to the table to look for a win for the employees and tax payers and we thank
650 employee's and tax payers for having an open mind.

651

652 Ted Combes, 6 Bancroft Drive, asked what this covered since there is no cost to living or health
653 insurance, or retirement? Town Manager Smith stated that it is not for retirement or health insurance.
654 It is only to be used for pay steps.

655

656 Assistant Solicitor Malaguti stated that it is a savings in the town's contribution to the employee's
657 HAS's.

658

659 David Ellis, 1 Wilshire Drive, stated that this article and Article 11 are closely tied. Can we avoid
660 taking the vote to restrict reconsideration until Article 11 is read. Assistant Moderator Palmer stated
661 that yes we will do that.

662

663 **Assistant Moderator Palmer called the vote on the motion to accept Article No. 10 as read.**

664

665 **VOTE IN THE AFFIRMATIVE, ARTICLE 10 PASSES.**

666

667 Chad Franz **made a MOTION** to restrict reconsideration.

668 **SECOND** by Councilor Jim Butler.

669

670 **VOTE IN THE AFFIRMATIVE, ARTICLE 10 IS RESTRICTED FROM**
671 **RECONSIDERATION.**

672

673 Assistant Moderator Palmer then read Article 11.

674

675

676

677

678

679 **ARTICLE NO. 11:** *[AUTHORIZATION FOR SPECIAL MEETING ON COST ITEMS]*
680

681 Shall the Town, if Article 10 is defeated, authorize the Town Council to call one special meeting, at
682 its option, to address Article 10 cost items only.
683

684 **(If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a tax**
685 **rate impact of \$0.00 in FY 23 based upon projected assessed values.)**
686

687 *The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of*
688 *7-0 recommends a YES vote.*
689

690 Councilor Tom Dolan made a **MOTION** to accept Article 11 as read.
691 **SECOND** by Chairman Deb Paul.
692

693 Assistant Town Solicitor Michael Malaguti stated that his article would allow the Town, with
694 authorization of the Town Council, to hold a special meeting to address cost items associated with a
695 collective bargaining agreement with IAFF Local 3160 should Article 10 be defeated, if an
696 agreement is later reached with Local 3160
697

698 **Open for discussion:**
699

700 **There was no discussion.**
701

702 **Assistant Moderator Palmer called the vote on the motion to accept Article No. 11 as read.**
703

704 **VOTE IN THE AFFIRMATIVE, ARTICLE 11 PASSES.**
705

706 Chad Franz **made a MOTION** to restrict reconsideration.
707 **SECOND** by Vice Chairman Joe Green.
708

709 **VOTE IN THE AFFIRMATIVE, ARTICLE 11 IS RESTRICTED FROM**
710 **RECONSIDERATION.**
711

712 Assistant Moderator Palmer then read Article 12.
713

714 **ARTICLE NO. 12:** *[DISSOLVE ECO PARK CAPITAL RESERVE FUND]*
715

716 To see if the Town will vote to discontinue and dissolve the Eco-Industrial Park capital
717 reserve fund originally created in 2008, currently containing **THIRTY-TWO THOUSAND**
718 **EIGHT HUNDRED DOLLARS (\$32,800)**. Said funds and accumulated interest to date of
719 withdrawal are to be transferred to the Town's June 30 Unassigned Fund Balance. If this article

720 passes and Article 13 fails, this article will be null and void and the Eco-Industrial Park Capital
721 reserve fund will continue to operate as originally established. (Majority vote required)
722

723 **(If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a tax**
724 **rate impact of \$0.00 in FY 23 based upon projected assessed values.)**
725

726 ***The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of***
727 ***7-0 recommends a YES vote.***
728

729 Chairman John Farrell made a **MOTION** to accept Article 12 as read.
730 **SECOND** by Vice Chairman Joe Green.
731

732 Town Manager Kevin Smith stated article dissolves the Eco Park Capital Reserve fund which was
733 originally created in 2008. This fund is no longer utilized and the town plans to repurpose the funds
734 from this capital reserve to the Master Plan Capital reserve which is utilized to fund the cost of
735 updating the town's Master plan.
736

737 **Open for discussion:**
738

739 **There was no public discussion.**
740

741 **Assistant Moderator Palmer called the vote on the motion to accept Article No. 12 as read.**
742

743 **VOTE IN THE AFFIRMATIVE, ARTICLE 12 PASSES.**
744

745 Chad Franz **made a MOTION** to restrict reconsideration.
746 **SECOND** by Vice Chairman Joe Green.
747

748 **VOTE IN THE AFFIRMATIVE, ARTICLE 12 IS RESTRICTED FROM**
749 **RECONSIDERATION.**
750

751 Assistant Moderator Palmer then read Article 13.
752

753 **ARTICLE NO. 12: [FUND MASTER PLAN CAPITAL RESERVE FUND]**
754

755 To see if the Town will vote to raise and appropriate **THIRTY-TWO**
756 **THOUSAND EIGHT HUNDRED DOLLARS (\$32,800)** for the future updating of the Town
757 Master Plan, to be placed in the Master Plan capital reserve fund established for this purpose
758 under Article 14 at the 2008 Town Meeting, and further to authorize the use of **THIRTY-TWO**
759 **THOUSAND EIGHT HUNDRED DOLLARS (\$32,800)** from the June 30 Unassigned Fund
760 Balance towards this appropriation. If this Article passes and Article 12 fails, this Article will be

761 null and void.

762
763 **(If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a**
764 **tax rate impact of \$0.00 in FY 23 based upon projected assessed values.)**

765
766 *The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of*
767 *7-0 recommends a YES vote.*

768
769 Councilor Jim Butler made a **MOTION** to accept Article 13 as read.
770 **SECOND** by Councilor Tom Dolan.

771
772 Assistant Solicitor Michael Malaguti stated that this article appropriates funds for the Master Plan
773 Capital reserve to be made available from the dissolution of the Eco Park Capital Reserve fund. The
774 Master Plan Capital reserve fund is used to fund the costs of updating the Town's Master plan.

775
776 **Open for discussion:**

777
778 Councilor Deb Paul asked when will we be updating our Master Plan and how much money is in the
779 fund. Finance Director Justin Campo stated that we have about \$35,000.00 in the account.

780
781 Town Planner Colleen Mailloux stated that it should be ready for the spring to update it.

782
783 **Assistant Moderator Palmer called the vote on the motion to accept Article No. 13 as read.**

784
785 **VOTE IN THE AFFIRMATIVE, ARTICLE 13 PASSES.**

786
787 Chad Franz made a **MOTION** to restrict reconsideration.
788 **SECOND** by Vice-Chairman Joe Green.

789
790 **VOTE IN THE AFFIRMATIVE, ARTICLE 13 IS RESTRICTED FROM**
791 **RECONSIDERATION.**

792
793 Assistant Moderator Palmer then read Article 14.

794
795 **ARTICLE NO. 14: [CABLE EQUIPMENT CAPITAL RESERVE FUND]**

796
797 To see if the Town will vote to raise and appropriate **THIRTY-TWO THOUSAND FIVE**
798 **HUNDRED DOLLARS (\$32,500)** to be placed in the Cable Equipment capital reserve fund with
799 funding to come from the annual distribution of Public Educational and Government Access
800 programming from the current Franchise Agreement.

801

802 (If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a
803 tax rate impact of \$0.00 in FY 23 based upon projected assessed values.)

804
805 *The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of*
806 *7-0 recommends a YES vote.*

807
808 Councilor Deb Paul made a **MOTION** to accept Article 14 as read.
809 **SECOND** by Chairman John Farrell.

810
811 Town Manager Smith stated that this article appropriates the funding the town receives as part of the
812 franchise agreement with Comcast on an annual basis to the Cable Equipment Capital Reserve Fund
813 to be used for equipment purchasing and replacement.

814
815 **Open for discussion:**

816
817 There was no discussion.

818
819 **Assistant Moderator Palmer called the vote on the motion to accept Article No. 14 as read.**

820
821 **VOTE IN THE AFFIRMATIVE, ARTICLE 14 PASSES.**

822
823 Chad Franz **made a MOTION** to restrict reconsideration.
824 **SECOND** by Vice Chairman Joe Green.

825
826 **VOTE IN THE AFFIRMATIVE, ARTICLE 14 IS RESTRICTED FROM**
827 **RECONSIDERATION.**

828
829 **Assistant Moderator turned the microphone back over to Moderator Kipp.**

830
831 Moderator Kipp then read Article 15.

832
833 **ARTICLE NO. 15: [SCHOOL DISTRICT LEASE]**

834
835 To see if the Town will authorize the Town Council to execute a lease with the Londonderry
836 School District whereby the Town would lease to the School District certain property adjacent to
837 Town Hall for purposes of constructing new School District Offices, for a term of 30-75 years, and
838 for nominal rent, and further to vote to raise and appropriate **THREE HUNDRED THOUSAND**
839 **DOLLARS (\$300,000)** for the Town to contribute to the construction of the new School District
840 Offices and directly related expenses such as landscaping or reconfiguring the Town Hall complex
841 and further to authorize the use of **THREE HUNDRED THOUSAND DOLLARS (\$300,000)** from

842 the June 30 unassigned fund balance. The lease shall include a provision that office and storage
843 space for the Town’s use, satisfactory to the Town, shall be included in the building constructed by
844 the School District. This special warrant article will be a non-lapsing appropriation per RSA 32:7,
845 VI and will not lapse until the construction of the new School District office is complete, or by June
846 30, 2027, whichever is sooner. Should the School District not pass one or more warrant article(s)
847 authorizing the lease and funding for the construction of new School District Offices, the funds
848 authorized to be raised and appropriated pursuant to this Article 15, if passed, shall not be removed
849 from the June 30 Unassigned Fund Balance.

850
851 **(If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a tax rate**
852 **impact of \$0.00 in FY 23 based upon projected assessed values.)**

853
854 *The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of*
855 *7-0 recommends a YES vote.*

856
857 Vice Chairman Joe Green made a **MOTION** to accept Article 15 as read.
858 **SECOND** by Councilor Jim Butler.

859
860 Assistant Town Solicitor Michael Malaguti stated that this article authorizes the Town Council to
861 execute a lease with the Londonderry School district for the property adjacent to Town Hall to allow
862 the Londonderry School district to construct new School District Offices. In addition, this Article
863 authorizes the Town to contribute \$300,000 from unassigned fund balance to the project. Should the
864 School District not pass a warrant article to authorize the funding and lease of new district offices, the
865 funds from this article will not be removed from the June 30th Unassigned fund balance.

866
867 **Open for discussion:**

868
869 Kristine Perez, 5 Wesley Drive, asked why was the lease connected to landscaping, amount of
870 \$300,000. People may have been in favor of the lease, but the amount of \$300,000 may have deterred
871 people. Malaguti stated that legally they do not have to be connected. A town can only execute a
872 lease for five years. It is not required to be in the article. My understanding is the amount was used to
873 “button up” the site. Malaguti stated that they did not have to be. Perez stated that it seems they
874 should have been two separate warrant articles and that putting them together, it could cause the
875 article not to pass. What happens if that happens? Perez commended the town and fire department
876 for keeping things financially nice and tight. Town Manager Smith stated that if you read how it was
877 written, more likely then not, that money will be used for offices. Perez stated that’s what it should
878 have said then. Smith stated that the way it was written was so that it was broad enough to be used
879 for things that are needed. Smith stated that if someone wanted to propose an amendment, to take
880 landscaping out of this, I think that would be perfectly reasonable. Perez stated that her question was
881 only about the money. Malaguti stated that the school will take it in. Perez clarified that the taxpayer
882 is not going to be charged twice.

883
884 Chairman John Farrell stated that his understanding is that we passed an article to demolish the old
885 school building and be able to build additional office and area for the town. When the school
886 approached us, we did demolish the building with some funds, and later realized it was too expensive
887 for us. We didn't have enough money to build what we wanted to build. We will just clean the site
888 up. Chairman Farrell stated that if it fails, we have to landscape the land. Chairman Farrell stated that
889 if the \$300,000 warrant article one passes, and the school warrant article passes, the \$150,000
890 warrant article one that is next, we don't do. Either way, it has to be fixed.

891
892 Assistant Town Solicitor Michael Malaguti stated that this \$300,000 is from funds that were already
893 appropriated, related to the SAU complex.

894
895 **Moderator Kipp called the vote on the motion to accept Article No. 15 as read.**

896
897 **VOTE IN THE AFFIRMATIVE, ARTICLE 15 PASSES.**

898
899 Chad Franz **made a MOTION** to restrict reconsideration.
900 **SECOND** by Vice Chairman Joe Green.

901
902 **VOTE IN THE AFFIRMATIVE, ARTICLE 15 IS RESTRICTED FROM**
903 **RECONSIDERATION.**

904
905 Moderator Kipp then read Article 16.

906
907 **ARTICLE NO. 16: [RESTORE FORMER SCHOOL DISTRICT OFFICES SITE]**

908
909 To see if the Town will vote to raise and **appropriate ONE HUNDRED FIFTY**
910 **THOUSAND DOLLARS (\$150,000)** to restore the site of the former School District Offices at the
911 Town Hall complex to a safe, landscaped, sightly condition if the Londonderry School District and
912 the Town do not agree or are unable to return the District Offices to the Town Hall complex and
913 further to authorize the use of **ONE HUNDRED FIFTY THOUSAND DOLLARS (\$150,000)**
914 from the June 30 unassigned fund balance. This special warrant article will be a non-lapsing
915 appropriation per RSA 32:7, VI and will not lapse until the completion of restoring the site of the
916 former School District Offices at the Town Hall complex to a safe, landscaped, sightly condition or
917 by June 30, 2025, whichever is sooner. If Article 15 passes and the Londonderry School District
918 passes one or more articles at the Official Ballot Session of the 2022 Annual Town Meeting
919 authorizing the lease referred to in Article 15 and funding for construction of new School District
920 offices, the appropriation authorized under this Article will be null and void. This article seeks to
921 use funds appropriated in 2019, which lapsed to the unassigned fund balance after the Town agreed
922 to refrain from restoring this site to allow the School District to attempt to return the District Offices
923 to this site.

963

(If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a tax rate impact of \$0.00 in FY 23 based upon projected assessed values.)

The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of 7-0 recommends a YES vote.

Councilor Tom Dolan made a **MOTION** to accept Article 16 as read.
SECOND by Councilor Deb Paul.

Town Manager Smith stated that this article appropriates \$150,000 for the purpose of restoring the site of the former School District Offices which are adjacent to the Town Hall, should the Town and School articles authorizing the lease of this space fail.

Open for discussion:

Councilor Tom Dolan stated that Perez did hit on something the Town Council wrestled with. If you look at this article, it is confusing and too long. We are worried about that. The Council worked with our attorney to get a consolidated version that would make more sense.

Moderator Kipp called the vote on the motion to accept Article No. 16 as read.

VOTE IN THE AFFIRMATIVE, ARTICLE 16 PASSES.

Chad Franz **made a MOTION** to restrict reconsideration.
SECOND by Vice Chairman Joe Green.

VOTE IN THE AFFIRMATIVE, ARTICLE 16 IS RESTRICTED FROM RECONSIDERATION.

Moderator Kipp then read Article 17.

ARTICLE NO. 17: [35 GILCREAST REAL ESTATE TRANSACTION]

To see if the Town will vote to authorize the release of a conservation and open space restriction on approximately 23 acres of land at 35 Gilcreast Road, Tax Map and Lot 007-118-0 (the "Property"), currently owned by Gilcreast Realty Holdings, LLC, for consideration to be paid to the Town of no less than **TWO MILLION SIX HUNDRED FIFTY THOUSAND DOLLARS (\$2,650,000)**.

964 If passed, this Article authorizes, but does not require, the Town Council and
965 Conservation Commission to enter into a transaction with Gilcreast Realty Holdings, LLC, upon
966 the above conditions, and such further conditions as the Town Council and Conservation
967 Commission deem appropriate. If this Article passes and Article 18 fails, this Article will be null
968 and void.

969 **(If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in**
970 **a tax rate impact of \$0.00 in FY 23 based upon projected assessed values.)**

971 *The Town Council by a vote of 4-1 recommends a YES vote; the Budget Committee by a vote of*
972 *6-1 recommends a YES vote.*

973

974 Chairman John Farrell made a **MOTION** to accept Article 17 as read.

975 **SECOND** by Vice Chairman Joe Green

976

977 Assistant Town Solicitor Michael Malaguti stated that this article authorizes but does not require the
978 Town Council and the Conservation Commission to enter into a transaction with Gilcreast Realty
979 Holdings LLC to release a conservation and open space restriction for no less than Two Million Six
980 Hundred Fifty Thousand dollars. The easement currently encumbers approximately 23 acres of land
981 located at 35 Gilcreast Road, Tax Map and Lot 007-118-0. If Article 18 fails, and this Article passes,
982 this Article will be null and void.

983

984 **Open for discussion:**

985

986 Chris Paul, 118 Hardy Rd, asked what we purchased the land for. Malaguti stated that \$1.23M. We
987 are doubling the money with this. Malaguti started that the expected contamination with apple
988 growing, and looking at the ground water. DET related chemicals. Town Council would have to
989 approve this. Conservation Commission will need to determine what is doing the Conservation
990 Committee good. Paul asked if that means this won't necessarily happen. Malaguti stated that we are
991 saying there are two different ways to look at it. It's dollar to dollar, or parcel to parcel. To call it
992 unsightly is generous, Malaguti stated. Paul stated that it would be nice to know how Conservation
993 felt about this.

994

995 Marge Badois, Conservation Commission, stated that the Commission has not discussed this but if
996 they had to opportunity to purchase something that had more Conservation value, that would be more
997 of a win on the towns part. Badois stated that would the twenty-six acres of ugly be worth the twelve
998 acres of good. Badois stated that the Commission if in favor of it, but we would have to figure out the
999 other pieces of it.

1000

1001 **Moderator Kipp called the vote on the motion to accept Article No. 17 as read.**

1002

1003 **VOTE IN THE AFFIRMATIVE, ARTICLE 17 PASSES.**

1004 Councilor Jim Butler **made a MOTION** to restrict reconsideration.
1005 **SECOND** by Vice Chairman Joe Green.

1006
1007 **VOTE IN THE AFFIRMATIVE, ARTICLE 17 IS RESTRICTED FROM**
1008 **RECONSIDERATION.**

1009
1010 Moderator Kipp then read Article 18.

1011
1012 **ARTICLE NO. 18: [RESTORE FORMER SCHOOL DISTRICT OFFICES SITE]**

1013
1014 To see if the Town will vote to raise and appropriate the sum of **SEVEN**
1015 **HUNDRED FIFTY THOUSAND DOLLARS (\$750,000)** to be placed in the Conservation
1016 Commission's Land Acquisition Fund, to be used within a reasonable time to replace the
1017 property currently under a conservation and open space restriction on approximately 23 acres of
1018 land at 35 Gilcreast Road, Tax Map and Lot 007-118-0 (the "Property"), now owned by Gilcreast
1019 Realty Holdings, LLC Property with a separate parcel or parcels of land, or interest therein, of an
1020 equal or greater conservation value, and further to authorize the use of **SEVEN HUNDRED**
1021 **FIFTY THOUSAND DOLLARS (\$750,000)** from the consideration paid to the Town for the
1022 release of the conservation and open space restriction.

1023
1024 If this Article passes and Article 17 fails, this Article will be null and void.

1025 (If passed, this article will require the Town to raise \$0.00 in property taxes, resulting in a tax
1026 rate impact of \$0.00 in FY 23 based upon projected assessed values.)

1027
1028 ***The Town Council by a vote of 4-1 recommends a YES vote; the Budget Committee by a vote of***
1029 ***6-1 recommends a YES vote.***

1030
1031 Councilor Jim Butler made a **MOTION** to accept Article 18 as read.
1032 **SECOND** by Councilor Tom Dolan.

1033
1034 Town Manager Smith stated that This article authorizes an appropriation of \$750,000 to be paid
1035 to the Conservation commission's Land Acquisition fund from the proceeds received by the
1036 Town for the release of the conservation and open space restriction referred to in Article 17. This
1037 funding is to be used to obtain parcels of land or interests therein having an equal or greater
1038 conservation value than the land at 35 Gilcreast road. If this article passes and article 17 fails this
1039 article will be null and void.

1040
1041
1042

1043 **Open for discussion:**

1044

1045 Moderator Kipp stated that there is an amendment that was presented. There was an extra word in
1046 the wording of the article. Chairman Farrell suggested to strike the word “property” in the middle of
1047 the article. Motion to open the amendment for discussion made by Vice Chairman Green and second
1048 by Councilor Butler. Vote made. Amendment passes.

1049

1050 Article opened with amendment as discussed.

1051

1052 Mike Speltz, 18 Sugar Plum Lane, stated that the previous article is more wide open. I don’t know
1053 how we can know in advance that \$750,000 is going to be the number. What could happen is that we
1054 can get stuck, and everyone will want to go through with the deal, but the Commission would have to
1055 fail it. I think somehow we need to say that the amount should not exceed \$1.3M, which is what we
1056 paid for the restriction anyway. Doing it this way, I am afraid we are going to shoot ourselves in the
1057 foot. Chairman John Farrell stated that it doesn’t restrict that they have to spend this amount. It could
1058 be more or less. Malaguti stated that is correct. Malaguti stated that we did look at saying something
1059 else, but for purposes of the article, we didn’t feel it was practical or even legal. Speltz stated that if
1060 he heard him correctly, there is a number to match this if necessary. Malaguti stated that
1061 Conservation Commission must be satisfied.

1062

1063 Chairman Farrell stated that the Council and Budget Committee will revote after the meeting even
1064 though the article has not changed.

1091 **SECOND** by Chairman John Farrell.

1092 Assistant Town Solicitor Michael Malaguti stated This article is a request to express a
1093 nonbinding opinion that the town-wide speed limit should be 30 miles per hour where it is not
1094 already set by law.

1095
1096 **Open for discussion:**
1097

1098 David Ellis, 1 Wilshire Drive, stated that he is not sure what problem we are trying to solve with this.
1099 My understanding is that normally it would be 35. I would like to propose an amendment from 30
1100 MPH to 35 MPH.

1101
1102 Moderator Kipp asked if that was in the form of an amendment. David Ellis motioned to made that
1103 amendment. Liz Thomas seconded the amendment. Vote taken. Amendment failed.
1104

1105 Police Chief Bill Hart stated that presently it is 35 MPH around town. Litchfield and Hardy Rd are
1106 30 MPH because they are state roads. Chief Hart stated that Traffic Safety Committee meets
1107 quarterly and we thought this was an opportune time to explore it. This is just a temperature taking of
1108 the town to reduce the speed to 30 MPH. Malaguti stated that based on the addition information, this
1109 amendment would become mute.
1110

1111 Christine Patton, 145 Mammoth Rd, asked what roads would this affect if passed. Chief Hart stated
1112 that it will affect every road except state roads.
1113

1114 Councilor Dolan stated that there would have to be a town expenditure to swap all the speed limit
1115 signs. Chief Hart stated that there would be expense in the sense of an actual human to remove the
1116 signs, but DPW will handle the signs and it wouldn't be an increase.
1117

1118 Councilor Paul stated that it could have an impact because of new signage.
1119

1120 **Moderator Kipp called the vote on the motion to accept Article No. 19 as read.**
1121

1122 **VOTE IN THE AFFIRMATIVE, ARTICLE 19 PASSES.**

1123 Chad Franz **made a MOTION** to restrict reconsideration.
1124 **SECOND** by Vice Chairman Joe Green.

1125
1126 **VOTE IN THE AFFIRMATIVE, ARTICLE 19 IS RESTRICTED FROM**
1127 **RECONSIDERATION.**

1128
1129 Moderator Kipp then read Article 20.

1130
1131 **ARTICLE NO. 20: [PICKLEBALL ENGINEERING WORK]**

1135 outline for Pickleball Courts, tentatively at 94 West Road or another suitable location, to be used as
1136 noted below:

1137
1138 Conduct site observation of potential pickle ball court area with Town

- 1139
1140 A. Coordinate and obtain the latest available topographic GIS information from the Town
1141 representing the current existing conditions including the pump house and pavilion.
1142 B. Develop preliminary base plan of the existing conditions from the GIS information in the area
1143 of the proposed pickle ball courts.
1144 C. Develop a conceptual layout plan for pickle ball courts (up to 8 courts).
1145 D. Develop preliminary grading for pickle ball courts.
1146 E. Identify and conceptualize potential stormwater facilities to address development runoff.
1147 F. Coordinate and review the conceptual layout plan, associated site grading plan and potential
1148 stormwater facilities with the Town.
1149 G. Develop conceptual budget estimate for pickle ball courts based upon conceptual design.
1150 H. QA/QC of conceptual design and estimate. **(BY CITIZENS' PETITION)**

1151
1152 **(If passed, this article will require the Town to raise \$6,000.00 in property taxes, resulting in**
1153 **a tax rate impact of \$0.001 in FY 23 based upon projected assessed values.)**

1154
1155 ***The Town Council by a vote of 5-0 recommends a YES vote; the Budget Committee by a vote of***
1156 ***5-2 recommends a YES vote.***

1160
1161 Town Manager Smith stated that this article was a citizen petition.

1162
1163

Open for discussion:

1164
1165
1166 Heather Carey, 132 Pillsbury Rd, introduced herself as the petitioner and made a motion to make an
1167 amendment to authorize the use of \$6,000 from the UFB towards this article for the plans and
1168 engineer report. Malaguti stated that it is a legal amendment. Moderator Kipp stated that instead of
1169 raising \$6,000 from the taxpayers, use the UFB. Finance Director Campo stated that we do have that
1170 amount available. Maureen Hardy, 13 Clover Lane, second the motion.
1171
1172 Councilor Jim Butler asked if Carey could explain pickleball. Carey stated that it is a cross between
1173 tennis and racquetball. Growing sport for all ages, seniors also.
1174
1175 Town Manager Smith stated that many times we have been approached by citizens to find a space.
1176
1177 Liz Thomas, 143 Mammoth Rd, stated that when we look for engineers, we are pretty much sucked
1178 into moving forward. We are throwing good money away. Thomas stated that we also have an
1179 understanding that the intent is to get it done. Are we prepared to get it done as a town.
1180
1181 Town Manager Smith stated that when heather first approached us about doing this, the land we are
1182 looking at is West Road. We couldn't get an idea of how much it would cost. So that's why we took
1183 this approach of putting it on the ballot. Art Psaledas and John Farrell stated that it should be put on
1184 the ballot to do step one first to figure out the real cost.
1185
1186 Art Psaledas, 12 Mount Vernon Drive, stated that the problem, without a plan things end up as a
1187 disaster. Psaledas stated that if you don't have something planned, you will have to do it again.
1188 Chairman Farrell stated that we should do things right the first time so that we won't have to do it
1189 again.
1190
1191 Councilor Jim Butler stated that someone came to him and suggested to have our in-house
1192 engineering company do it. John Trottier stated that more than likely we will be overseeing it. We
1193 don't have the in-house capability to do that.
1194
1195 Councilor Paul stated that she isn't opposed to pickleball, but she is opposed to it coming from the
1196 UFB.
1197
1198 18-30, the amendment failed, which means the warrant as written is open for discussion.
1199
1200 Moderator Kipp asked if there were any further comments about the article.
1201
1202 Christine Patton, 145 Mammoth Rd, stated that it should have been fundraised. It's a great idea, but
1203 she is against raising taxes for a want and not a need.

1204 Moderator Kipp called the vote on the motion to accept Article No. 20 as read.

1205

1206 **VOTE IN THE AFFIRMATIVE, ARTICLE 20 PASSES.**

1207

1208 Chad Franz **made a MOTION** to restrict reconsideration.

1209 **SECOND** by Vice Chairman Joe Green.

1210

1211 **VOTE IN THE AFFIRMATIVE, ARTICLE 20 IS RESTRICTED FROM**
1212 **RECONSIDERATION.**

1213

1214 Moderator Kipp then read Article 21.

1215

1216 **ARTICLE NO. 21: [TRANSACTION OF OTHER BUSINESS]**

1217

1218 To transact any other business that may legally come before this meeting. No business
1219 enacted under this article shall have any binding effect upon the Town.

1220

1221 Councilor Tom Dolan made a **MOTION** to open Article 21 for discussion.

1222 **SECOND** by Councilor Deb Paul.

*Town of Londonderry,
New Hampshire*

*Town Hall
Department Reports*

ASSESSORS REPORT

The mission of the Londonderry Assessing Department is to provide the taxpayers of Londonderry with a cost-effective property tax system that is both fair and equitable, in accordance with the New Hampshire Laws governing taxation. Currently, there are 10,754 properties in Londonderry, an increase of 176 properties over the last year.

The Department's job is to assess every property in town at 100% of its fair market value. This is done by conducting periodic on-site inspections, building permit reviews, researching modifications made to properties, verifying all sales and meeting with property owners. The department provides assessing and sale information to the general public, processes exemptions/credits and abatements, and handles timber and gravel tax intents and reports. We also deliver an updated tax assessment roll to the tax collector for semi-annual tax billing.

PERSONNEL

Ashley Dumont – Administrative Assistant

Laura Keeley – Assessment Technician

Adrienne Summers – Assistant Assessor

Whitney Consulting Group – Contracted Assessor Supervisor

What Happened in 2022 - The Assessing Department is continuing with our Cyclical Inspection Program. It takes approximately six (6) years to inspect all of our residential properties in Town and is critical to ensure assessed value is based on accurate data. We appreciate your continued support with this program.

The listing, measuring and inspection of new construction, development and re-development continues in Londonderry. There are several continuing projects including residential and commercial properties.

In May 2022, the Town of Londonderry hired a new Assistant Assessor, Adrienne Summers. Adrienne worked for the Assessing Department in Londonderry from 2017 – 2020. In 2020, she went and worked for the Town of Hanover as a Field Appraiser. She is very excited to be back in Londonderry working with the Assessing Team.

What to Expect in 2023 - In accordance with NH RSA 75:8-a and in agreement between Whitney Consulting Group and The Town Council, we will be performing a town-wide update to all property values for the 2023 tax year. Town-wide assessments will be adjusted, based on recent sales studies, to account for the increasing real estate market. Establishing market value based on verified sales studies is the best way to ensure that property taxes are fair and equitable for all, and that the tax burden is distributed fairly throughout the town.

All residents currently receiving a Disabled exemption and a selected number of Elderly Exemptions will be re-qualified this year. Any resident needing to re-qualify will receive notice from the Assessing Department. Please contact the Assessing Department at that time to schedule an appointment. Failure to do so, may result in the loss of that exemption.

All residents receiving a special appraisal of their property for being a Residential Property in a Commercial/Industrial Zone will be contacted and visited in the first quarter of 2023.

DEADLINES

The last day to apply for an abatement on your property taxes is March 1 of any year. The last day to file for an Exemption and/or Tax Credit is April 15 of any year. The last day to file annual list of all exempt property for religious, educational, charitable organizations and/or residential in a commercial zone is April 15 of any year (failure to file by the deadline may result in a denial for that year).

CURRENT EXEMPTIONS AVAILABLE:

- Blind Exemption – Must be legally blind determined by the Department of Education, Bureau of Services for Blind and Visually Impaired
- Current Use Exemption – Available on tracts of land 10 acres or larger, which are left in their natural state.
- Elderly Exemption – based on age and specified income/asset limits
- Disabled Exemption – Based on age and specified income/assets limits and if eligible for Title II or Title XVI by Social Security
- Solar & Wind Powered Exemptions – Any person who meets requirements of either Solar Energy Systems or Wind-Powered Systems.

CURRENT CREDITS AVAILABLE:

- Optional Veterans' Tax Credit – For those Veterans who served at least 90 days of active duty during specific war times.
 - All Veterans' Credit – For those Veterans who served at least 90 days of active duty.
 - Total & Permanent Service-Connected Disability Veterans Credit – Must be 100% disabled and deemed "Permanently and Totally disabled" by Veteran Affairs.
-

The Londonderry Assessing Department is located on the first floor of the Town Hall next to the Tax Collectors office. The office is open Monday through Friday from 8:30-5:00. Please feel free to stop by if you have any questions or need assistance. There is always a staff member available to assist or answer any questions. Our website is full of tools, information and resources and is available at www.londonderrynh.org. The office phone number is 603-432-1100 x175.

Respectfully submitted,

Adrienne Summers
DRA Certified Assessor
Town of Londonderry Assistant Assessor

BUILDING, HEALTH & ZONING REPORT

It is the duty of this office to administer the Town's building codes, health regulations and zoning ordinance in a fair, efficient and professional manner while providing assistance to the applicants seeking permits, inspections and information. The Building Department is also responsible for issuing building, electrical, plumbing and other associated permits, maintaining records of permit and inspection activity, performing building code compliance inspections, and issuing certificates of occupancy. The department also performs complete plan review of various construction projects. This department serves as the enforcement authority of the town's adopted regulations, as well as the applicable State and Federal laws and regulations. This office responds to complaints relative to health and zoning violations, and investigates activities that may have an environmental impact. Our primary mission is to protect the health, safety and welfare of the public.

Personnel

Department Manager/Chief Building Inspector, Nick Codner
Assistant Building Inspector, Bradley Anderson
Code Enforcement Officer, Norma Ditri
Permit Technician/Administrative Assistant, Libby Canuel
Department Secretary, Lorna Palumbo

Department Activity

2022 saw life getting back closer to normal after the major disruptions caused by the Covid epidemic of the last two years. Although Covid still remains we seem to have entered a "new normal" for the foreseeable future.

Contractors and homeowners alike worked through the disruptions, supply chain issues, and cost increase issues with surprising resilience to keep their projects moving forward, many to completion.

As evidenced by the activity report on the next pages, building in Londonderry remained strong throughout 2022:

- This year saw the completion of the new Enterprise Bank at Woodmont, completed May 2022 and the new Amazon Warehouse at the Airport.
- Construction has begun at the Baldwins, a very large, senior living development at the Woodmont Commons, and the new Derry Medical Center Building also in the Woodmont Commons is under construction.
- Stonyfield Yogurt continues to expand with yet another addition to their facility on Burton Drive.
- House sales in Londonderry remain strong as evidenced by the numerous homes being built at Cross Farms, Lorden Commons, and the Hanafin Farms developments.
- There has also been a huge jump in permits for solar arrays with 100 being issued this year vs.30+ in 2021.

Among the varied duties and responsibilities of the Building Department included is code enforcement, which involves investigating complaints and following through with appropriate action to secure compliance with applicable Town regulations, codes, and ordinances. The workload associated with the number of outstanding cases has kept our Code Enforcement Officer, Norma Ditri along with Brad Anderson (now our Assistant Building Inspector) quite busy. Brad has done very well in helping to bring Norma up to speed and working together to resolve many of the complaints this office receives on a regular basis. Along with the code enforcement duties, the person in this position is required to assist with construction inspections.

As Deputy Health Officer, I am also responsible for managing the town's mosquito control program. I believe that our annual mosquito control efforts along with a cold dry spring have helped contribute in reducing the number of positive test cases for mosquito borne viruses.

I must praise my staff, Libby, Lorna, Brad and Norma for their continuous efforts in maintaining our mission, especially during these continued Covid times. Their performance demonstrates the meaning of "public service".

Lastly, I must give recognition to our other town departments and employees, who work with us, assist and advise on many issues. John Trottier and Robert Kerry of Public Works; Kellie Caron and Beth Morrison of Planning, Laura Gandia, ZBA coordinator & Amy Kizak, GIS coordinator always display a true spirit of teamwork. Thank you!

For a comprehensive list of permits issued and inspections performed for the year, please refer to the permit activity section of this report.

Respectfully Submitted,

Nick Codner
Chief Building Inspector

CABLE DEPARTMENT REPORT

The Cable Department has been investing in newer technology to help in multiple broadcasts, streams and storage of larger amounts of audio and video programming. Despite the additions of more live government programming originating from Moosehill Chambers through Youtube and native streaming services, the department is investing in updating the Sunnycrest room in the Town Hall as well. The intention is to produce recordings of government meetings that occur in the Sunnycrest room, higher quality and to increase the availability of those recordings to the citizens of Londonderry.

The Cable Department intends to produce podcasts in the current fiscal year in an effort to help citizens become more engaged with Londonderry officials and departments. The studio will convert one of its edit suites into a room suitable for audio streaming and broadcasts. The tungsten studio lights in the production studio will also be converted to more efficient and versatile LED lighting.

Youth involvement at the Londonderry Access Center has increased through the year and the Cable Department hopes to add another Summer Media Camp in 2023. Two after school programs continued through 2022, limited only by the number of people the Access Center can accommodate.

The Cable Department is responsible for the oversight of the contract between the Town and Comcast. Subscribers should contact this department if they have been unable to resolve television issue directly with Comcast. Call Drew Caron at 432-1100 x178. The department continues to monitor issues and technology that may have an impact on local subscribers and residents of Londonderry.

The Cable Department also oversees the PEG (Public, Educational and Governmental) access channels and the Londonderry Access Center. CTV-20 and DIG-170 programming is the result of a combination of efforts of community volunteers from Londonderry as well as New England and across the United States. Free training in all aspects of television production is available to any resident of Londonderry through Trainer Erin Brodman at 432-1100 x185.

GOV-22 government access, continues to provide live, gavel-to-gavel coverage of Town Boards and Committees and repeated playback & VOD of the Town Council, Planning Board, Zoning Board of Adjustment, Budget Committee, Conservation Commission, Recreation Commission, Old Home Day Committee, Traffic Safety Committee and Heritage Commission meetings. All boards and committees, regardless of charge, are encouraged to utilize these channels. For information on LEO-21, the Educational Channel, please contact John Beaulieu @432-6842 x2452.

Community announcements are always accepted and displayed on public channels between programs as well as continually streamed through LACTV.com without interruption. For information call 432-1100 x185 or contact Drew Caron at drewcaron@londonderrynhy.org.

If you are interested in becoming involved in the many aspect of community media, please call the LAC at 432-1147 to set up a tour of the facility or simply drop by the studio at 281 Mammoth Road, Monday through Friday 9:00am-5:00pm.

Sincerely,

Drew Caron
Director of Cable & Technical Operations

FIRE RESCUE DEPARTMENT REPORT

Mission Statement

The mission of the Fire/Rescue Department is to economically and efficiently prevent or reduce the loss of life and property in Londonderry resulting from fires, medical emergencies, natural disasters and hazardous-materials. The Fire/Rescue Department is also responsible to protect and maintain the well-being of the community and respond to the needs of its citizens in a professional and courteous manner.

In order to achieve these goals, there are three areas of necessary resources; personnel, facilities and emergency vehicles / equipment. The Department operates under five divisions that utilize these resources; Administration, Operations/Emergency Medical Services, Communications, Fire Prevention, and Technical Services. Each division is assigned subsidiary goals and objectives to achieve our mission.

Operations/Emergency Medical Services/Communications

In 2022 the Fire Department celebrated its 50th year of being a full-time department. Starting with the construction of our first station in the north end of town, near what is now the Senior Center, built in 1956 as a volunteer department. Shortly after, a second station was built in the south end of town, which still stands behind the Coach Stop restaurant. After becoming full-time in 1972 the men & women of the department along with many volunteers built the Central station in 1978 at its current location. Central station served the community very well for over 40 years until the reconstruction of the building in 2019. Now with the new station that you see today being completed, this facility will meet the needs of our community for many years to come. This station was designed with the health and safety of our Firefighters first and foremost, but also planning for the future with the increasing call volume and the needs of our community.

In 2022 we saw our call volume average 12 calls for service each day. This continues to increase each year. I predict by the end of 2024 the department will be responding to nearly 5,000 calls for service that year. Staff continues to provide excellent services to the citizens of this community while maintaining numerous hours of continuing education to maintain their skillset.

This year with the promotion of a second Deputy, focus on mental health and the wellbeing of our men & women of this department has been a priority. We will continue to bring in resources to educate staff on how to identify and the support services available for mental health issues in today's emergency services.

Beginning in March of 2023 staff that are not Paramedic certified, will be offered an Advanced Emergency Technician class. This class enhances the skills of a Basic EMT to be able to provide more advanced life support skills under their certification. This will provide additional advanced life supporting skills on additional apparatus that will respond. Currently the department is facing the number of certified Paramedics declining. This is an industry wide problem that many are facing following the pandemic. The Administration is looking a many different variations on how we will deploy these resources moving forward.

Once again, this year, the department experienced many of our long-time employees retiring from service, as we lost over 200 years of experience. The department continues going through its transitional phase with many long-time employees retiring from service and gaining many new Recruits, new Company Officers, and new Battalion Chiefs. This year I am pleased to announce, that the department was able to promote a second Deputy Chief, which will assist in the transition to new leadership for the department.

We are currently in the process of attempting to fill our remaining vacancies, as a result of this transitional phase that we are experiencing. Unfortunately, the market is experiencing a low number of candidates with minimal experience and very few with Paramedic certifications. Since I took office in 2013 as Fire Chief, the department has hired 46 new employees out of a total roster of 56.

The Communications Division

This year we were able to complete the town wide communications project that the town citizens voted on several years ago. This new system has converted us to a digital platform for better communications for our crews throughout town. We will continue to enhance this system when opportunities become available.

The Communications Division, dispatched a total of 7429, over 500 additional emergency calls for service from the prior year. 4448 in Londonderry, which was an 6.8% increase over the previous year. 1329 calls dispatched for the town of Hampstead and 1652 calls for the town of Pelham. Providing these dispatching services to our neighboring communities generates revenue in excess of \$ 550,000.00 over the next five years to the Town of Londonderry. The department continues to discuss interest from other communities in southern New Hampshire looking for dispatching services. We will continue to plan for the future and take the opportunities necessary to further our goals as the best dispatch center in southern New Hampshire. I owe this all to the well-trained professionals that serve in this division.

Training Division

The roles and responsibilities of the Fire/Rescue Department continues to expand, as we face many more challenges in today's society. Our personnel continue to train and further their education with many new recruits over this past year on a variety of topics to assure that they have the latest knowledge and tools needed to mitigate all of the challenges that they face as first responders. We remain diligent in our ongoing training programs for not only fire related emergencies, but in all

areas of public safety and hazard mitigation as the role of the First Responder continues to evolve. A special thanks to all of our community partners for assisting us in meeting this objective.

Fire Prevention Division

Fire Prevention continues to be busy with performing plans review and inspections for the multiple new housing developments and many new commercial buildings in town. This division performed over 532 inspections, 18 fire investigations, 113 plan reviews and many other calls for services pertaining to this division totaling 1432 service related items. This was up from the previous year. The Fire Prevention Division also performs life safety inspections throughout the town to ensure occupant safety; including sprinkler, fire alarm, and code enforcement inspections.

Community Relations Division

The Community Relations Division continues to support many local programs in Londonderry. These programs are in place to educate everyone from children to our seniors about fire and life safety. These programs which include; “The Youth Fire Prevention program” providing intervention and education for adolescent fire setters, “The File of Life” program for seniors, that provides first responders with vital information in the case of an emergency in their home, and “The Firefighter Phil program”, that brings fire safety information to our elementary schools through fun filled activities and games that encourage the students to participate.

Closing Statement

In closing, I have been honored to serve as your Fire Chief for the past ten years. After becoming a Call-Firefighter in 1983, my passion to become full-time was my highest priority. Doing so, a little over a year after I got out of Highschool in July of 1986. I started my career as a Probationary Firefighter. Since that time, I have filled the role as a Lieutenant, Captain, Battalion Chief and then assuming the role as your Fire Chief in March of 2013. Having been with the department now for nearly 40 years, I could have not asked for a better career. I have been a lifelong resident of this town and married my wife who has also lived in Londonderry all of her life. We have raised our family here, with a daughter and son, and now have four granddaughters in Londonderry as well. As I always tell my new recruits, this job is the best job in the world. Each day is different, and every day, you are doing something to make someone’s day just a little bit better. I want to thank the citizens of Londonderry for their continued support and all of my friends and work family I have shared this journey with that I will leave behind. It is now time to move on to that next chapter in life, and let the new administration take the reins to continue to move this department in a positive direction. I have total confidence that they will do so. The citizens have a new and young department now, with many of our long-time employees that have now retired. Londonderry is a great community, which continues to grow. I want to personally thank our citizens for their continuing support to this department.

Please practice good fire safety, with home fire drills and be sure to have operational smoke and carbon monoxide detectors in your home and business. Take the time to lend a helping hand, be a part of the community and be sure to check on an elderly neighbor.

If you would like any information on the programs the department has to offer, please, do not hesitate to contact us by using the information below.

For any questions, or if you would like information on the Fire/Rescue Department, please visit our website at www.londonderrynh.org or call (603) 423-1124. We are here 24 hours a day, 365 days a year.

Respectfully submitted,

Darren M. O'Brien
Chief of Department
Emergency Management Director
Town of Londonderry Fire/Rescue

CHILD PASSENGER SAFETY PROGRAM

The Londonderry Child Passenger Safety Program, aka The Car Seat Safety Folks, remained committed to assisting caregivers with questions and inspections of their child's car seats throughout 2022. We remained one of the only programs in the State of New Hampshire to remain open and continue hosting inspections.

Our volunteers remained committed to making sure every child is safe and we have adapted our program to host inspection appointments with the health and safety of all at the forefront.

Milestones for 2022

We continue to be one of the only programs in the country to collaborate with members of not only fire and police departments but with our amazing volunteers as well. In September/ October of 2022 we hosted a Child Passenger Safety Technician Certification course. Through this course we certified 7 new technicians and are proud to say that we have a new member from LFD and 2 new members from LPD as part of the program.

We encourage anyone having questions on their car seat, or the safety of their child, to contact our program. We can be reached at the program as follows:

e-mail: cps@londonderrynh.org or by phone through our information line: **603-432-1104** ext. 4623. All in person appointments require an appointment made in advance and follow safety protocols as required by the State of NH and Town of Londonderry.

A special Thank You to Chief Darren O'Brien of Londonderry Fire Rescue and Chief Kim Bernard of Londonderry Police Department. Without their support and the support from members of both departments, our program would not be as successful as it is and has become over the past 21 years.

Respectfully submitted,

Vinny Curro

FOREST FIRE WARDEN & STATE FOREST REPORT

This year was another year where we observed wet weather in early spring followed by rapid drying and drought conditions which extended through the summer for much of the state. Drying conditions in early May led to large fire growth on numerous fires which required multiple days to extinguish and firefighter response from local, state, and federal agencies. Wildfire activity continued through the summer months where dry conditions led to more multi-day fires. Fires burned deep into the ground, requiring firefighters to establish water supplies and to spend days digging out all the hot spots.

This fall we had multiple fires started by the careless disposal of woodstove ashes. Before dumping your woodstove ashes, you should place them in a covered metal container until they are out cold. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Every year New Hampshire sees fires which threaten or destroy structures, a constant reminder that wildfires burn more than just trees. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

The long-lasting drought effects in Rockingham County are showing some minor signs of improvement but a good portion of Rockingham County remains in moderate drought and much of the state is still in the abnormally dry category. While the drought conditions have improved, we expect some areas of the state may still be experiencing abnormally dry or drought conditions this spring. For this reason, we ask everyone to remember Smokey's message about personal responsibility and follow his ABC's: Always Be Careful with fire. If you start a fire, put it out when you are done. "Remember, Only You Can Prevent Wildfires!"

As we prepare for the 2023 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. Fire permits are also available online in most towns and may be www.NHfirepermit.com. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services. You are encouraged to contact the local fire department for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information, please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nh.gov/nhdf/. For up-to-date information, follow us on Twitter and Instagram: **@NHForestRangers**.

2022 WILDLAND FIRE STATISTICS

WILDFIRE ACTIVITY BY COUNTY

2022 HAZARDOUS MATERIALS

MUTUAL AID DISTRICT

Bruce Breton
Selectman, Windham
Chairman, Board of Directors

Chief Thomas McPherson, Jr.
Windham Fire Department
Chairman, Operations Committee

About the District

The Southeastern New Hampshire Hazardous Materials Mutual Aid District's membership is comprised of 15 communities, covering approximately 360 square miles with a population of over 193,000 people. The District was formed in 1993 to develop a regional approach for dealing with the increasing amounts of hazardous materials being used and transported within these communities. In 2022, we were fortunate to have Atkinson rejoin the District.

The District draws its funding from an annual assessment from each community as well as from grants and donations. The FY 2023 operating budget for the District was \$148,273.00. Additionally, in 2022 the District applied for and received federal grants for equipment, training, and operational expenses totaling \$128,250.00. These grant awards included funding for equipment maintenance plans, replacement chemical protective garments, new SCBA air cylinders, environmentally friendly suppression foam, an all-terrain vehicle for remote incident responses, radio reprogramming, HazMat management software as well as numerous training programs for team members. The Fire Chiefs from each member community make-up the Operations Committee of the District. The Operations Committee is overseen by a Board of Directors consisting of elected representatives from each community. It is the Board of Directors who approves the budget and any changes to the bylaws of the District. The Executive Board of the Operations Committee, which consists of the Chairman, Vice-Chairman, Treasurer, Technical Team Liaison, and one Member at Large, manages the operations of the District within the approved budget.

In 2022, we have been operating with a new, part-time District Administrator who manages the administrative functions of the District, including but not limited to, grants management, financial management, and emergency planning.

District Facility

The District maintains a facility in Windham that provides space to house several of its response vehicles and trailers, as well as provide office and meeting space for the District Administrator. In

addition, the District is able to utilize the facility for monthly training for the Emergency Response Team.

The Emergency Response Team

The District operates a Technical Emergency Response Team. This Response Team is overseen by one of the member community's Chief fire officers who serves in the Technical Team Liaison position. The Team maintains a three-level readiness response posture to permit it to immediately deploy an appropriate response to a District community's request for help involving an unplanned release of potentially dangerous chemicals within their jurisdiction. While the Team primarily prepares for response to unplanned accidental chemical releases it is also equipped and trained to deal with a variety of Weapons of Mass Destruction (WMD) scenarios. The team maintains a host of specialized response equipment to deal with chemical and environmental emergencies.

The Emergency Response Team is made up of 24 members drawn from the ranks of the fire departments within the District. The Team consists of 5 Technician Team Leaders, 16 Hazardous Materials Technicians, and 3 Communication Specialists. In addition to these personnel, the team also includes an industrial chemist from a local industry.

District Resources

The District's response resources include HazMat 1 which is the primary response vehicle and carries chemical detection and identification instruments, containment supplies, plugging, patching and intervention supplies, communication equipment, computer based and other chemical reference guides as well as chemical protective equipment. The Team's other vehicles consist of a Mobile Command Support Unit, Rehab Truck, two Spill Trailers, a Technician Trailer, an Operations/Spill Trailer, a Firefighting Foam Trailer, an Air Supply/Lighting Trailer and an SUV vehicle.

The Command Support Unit, HazMat 1 along with the Technician Trailer and SUV are housed in our Windham facility, while spill trailers are located in Derry and Sandown allowing for rapid deployment throughout the District. The Foam Trailer is housed by Salem Fire, the Operations Trailer is housed by Hooksett Fire and the Air Supply trailer is housed at Chester Fire. Activation of the team is made at the request of the local Incident Commander through the Derry Fire Department Dispatch Center.

The Rehab truck which serves as a firefighter rehabilitation unit is also housed at our Windham facility. This unit is available to our member departments and is equipped with refrigerated cases of water and sports drinks and can serve hot beverages. The truck is also equipped with a heated inflatable shelter to provide first responders with a place to get out of the weather. In order to remove carcinogens from firefighters as soon as possible, this truck is also equipped with garden hoses and soap and brushes to assist with the decontamination of firefighters at the scene. Staffing of this vehicle is done by a team of dedicated volunteers recruited from some of the District's fire departments along with the Derry Community Emergency Response Team (CERT).

Response Team Training

The Emergency Response Team members have completed 620 hours of training this calendar year. This training consisted of in-person training programs covering Hazardous Materials Transportation, Computer-Aided Management of Emergency Operations, Palmtop Emergency Action for Chemicals (PEAC), Hazardous Materials Simulation Equipment, Chemical Protective Clothing, Decontamination, and leak control techniques, as well full-scale response drills including the Manchester Airport 2022 Triennial Readiness Drill. Team leaders attended the International Association of Fire Chiefs HazMat conference, the first in several years since the pandemic's start. In addition, through grant funding, the District was able to host approximately 60 Company and Chief Officers from its member communities in a "First Responder Offensive" HazMat training class covering technical size-up and scene safety information for first arriving responders. In addition, the annual New Hampshire HazMat Conference was resumed in 2022 providing 20 Team members with nationally recognized speakers and subject matter experts discussing topics such as EV battery incidents and mitigation among others.

Emergency Responses

In 2022 to date, the Hazardous Materials Team responded to 20 incidents. These included a significant spill of waste oil from a business which was impinging on wetlands, a fuel oil tanker roll-over on Interstate 93 and spill trailer responses for hydrocarbon fuel spills from motor vehicle crashes and home oil tank leaks. Other responses included propane emergencies, identifying unknown substances, as well as requests for technical assistance for member departments where a Response Team Leader provided consultation to the fire department on the handling of an incident. The REHAB team responded to thirteen incidents including fire scenes and large-scale training events.

For further information about the Southeastern New Hampshire Hazardous Materials District please visit our website at www.senhazmat.org.

LEACH LIBRARY REPORT

The Leach Library's mission is to provide materials, information and services for community residents of all ages to meet their personal, educational and recreational needs.

This year was an exciting year that brought a lot of wonderful new services to our library. One of our new collections is our Library of Things made possible in part by the Institute of Museum and Library Services and the New Hampshire State Library. This collection already has some wonderful things in it that our patrons can take advantage of such as puzzles, a portable DVD player, lawn games, board games, and so much more! Other new additions include video games, adult graphic novels, and Hoopla, a digital collection featuring eBooks, audiobooks, music, magazines, TV shows, movies, and more.

In August, we were able to install handicap buttons on our front accessibility to the library. This project was possible with a grant from the New Hampshire Charitable Foundation. We were also very happy to bring in-person programs back to the library in full force. This included story times, crafts, adult programs, movie nights, and of course summer reading. It has been so nice to see our patrons enjoying our programs and using our library again. Speaking of summer reading, we had a great turn out this year! Our patrons read over 8,500 books! Well done, Londonderry!

The library would also like to recognize and thank our Library Board of Trustees and the Friends as well as all the individuals, organizations, and businesses that gave their time, books, and generous donations in an effort to make Leach Library the special place that it is in our community. We encourage you to follow us on social media and keep a look out for some new and exciting programs and services coming soon. We look forward to providing the citizens of Londonderry with the best and most professional customer service as we head into 2023.

Respectfully submitted,
Erin Matlin, MLS

PLANNING DEPARTMENT REPORT

The Planning and Economic Development Department provides technical and administrative support to the Planning Board, Town Council, Londonderry Housing and Redevelopment Authority, Capital Improvement Plan Committee, Heritage & Historic District Commission, Zoning Board of Adjustment, Conservation Commission, and other related groups as well as the general public. The Planning & Economic Development Department is also responsible for coordinating the subdivision and site plan review process, and assisting in the implementation of the Master Plan and the Capital Improvement Plan.

Personnel & Department Overview

Under the direction of Town Manager Michael Malaguti, department members Kellie Caron, Town Planner, Amy Kizak, GIS Manager/Comprehensive Planner, Laura Gandia, Associate Planner, and Beth Morrison, Department Secretary serve the needs of Londonderry residents.

Despite the COVID-19 pandemic, 2022 proved to be a very busy year for the Planning & Economic Development Department as Staff assisted in the processing and review of over 100 applications before our land use boards. This year the Department continued to expand its use of an AppTrak tool to assist with tracking and organization of projects processed through the Department. The AppTrak feature is a cloud-based system that allows for enhanced project tracking and reporting, improving the efficiency of Department Staff in processing land use projects and access to project data. This is a public tool that allows any interested individual to access all Planning Board applications, plans and other submittal documents. It is a goal of the Department to make sure that accurate project data is available for the public to review in a timely fashion, and the AppTrak tool helps us to do so.

Development Projects

- Londonderry continues to experience both residential and non-residential growth and development in all areas of Town.
- In the airport area, a 60,000 square foot building expansion at Glenbervie on Ricker Avenue, and a 40,000 square foot Loomis trucking facility and 50,000 square foot warehouse on Aviation Park Drive are nearing completion.
- Nearer to I-93 Exit 4, at Woodmont Commons, infrastructure construction continued on site, and the 20,000 square foot medical office building for Derry Medical Center was completed. The Baldwin, an independent and assisted living facility located at Woodmont Commons continues with construction.
- Residential development continues throughout the town, including construction at Cross Farm, a 55+ community located off Route 102 and Adams Road. Phases 4-6 were approved by the Planning Board in 2022 for an additional 79 units, for a total of 186 units within the development.

Geographic Information System (GIS) Division

GIS continues to play a major role in informing local boards and decision makers by providing timely information and analysis. Behind the scenes, GIS staff works with Department/Committee heads to provide services internally that would otherwise be contracted out at significant expense. Projects completed in the recent past include: drafting and printing engineering plans and preparing reports for the Public Works Department, mapping trails and access ways for Londonderry Trailways, preparing natural resource assessments for the Conservation Commission, and generating high quality tax maps and analyzing land parcels for the Assessing Department.

GIS Staff has worked to keep the town's mapped information current and accurate. New subdivision and site plan information has been regularly incorporated into the system along with numerous corrections to the parcel boundary layers to address identified errors. The GIS Manager regularly updates and improves the address, building, and road layers that support dispatching of emergency services.

GIS Staff continues to maintain the Town's interactive maps site, "MapGeo," which features public access to local property, aerial, utility, topo and zoning maps as well as associated assessing data. The interactive tool has proven extremely popular and has experienced over 700 unique hits per month on average. The public can access the site at www.londonderrynh/mapgeo/io.

Zoning Changes

In 2022, Department Staff assisted the Planning Board with the preparation of zoning amendments focusing on groundwater protection, livestock/poultry and portable storage units. After many months of work shops, review, and public hearings on the amendments the wording was finalized recommended to the Town Council for adoption. The Town Council adopted the recommendations for portable storage structures (March 28, 2022), wellhead groundwater protection (May 23, 2022) and poultry/livestock (June 6, 2022). Most notable is that the Town now has a new zoning district for wellhead groundwater protection. In addition, the Planning Board adopted changes to the site plan and subdivision regulations that adds the definition of a "lot line adjustment" and minor changes regarding receipt, processing and accepting plan applications.

Long Range Planning and Department Projects

In addition to development review and regulatory changes, in 2022 the Department continued to provide assistance in the preparation and implementation of long-range or comprehensive planning. Staff once again coordinated the annual update of the Capital Improvement Plan, which serves as a guidance and planning document for the Town Council and the Budget Committee as they commence their work on budget preparations.

In 2022, Department Staff, with the assistance of Conservation Commission members, continued an ongoing effort to coordinate Water Resource Protection tasks in Londonderry. Across different town departments, a number of studies and plans have been performed which have identified action items relating to water resources. The Planning Department will coordinate those recommendation

and action items across town departments in 2022 to see that the important issues of water resource protection and conservation will be addressed.

Conclusion

With the breadth, scope and diversity of exciting development projects underway, Londonderry is widely recognized as one of New Hampshire's leading towns in economic growth and development. The Planning & Economic Development Department remains ready to be a part of this exciting time in Londonderry. We will continue to strive for balanced growth that is consistent with the community's character and demands as expressed in the Master Plan. We encourage anyone with questions regarding ongoing or planned development projects, or any Department activities, to please call, email or drop by the Department where Staff are available to address your questions or concerns.

We offer sincere thanks and gratitude for the continued dedication and commitment expressed by all of Londonderry's elected officials and appointed volunteers. We recognize the countless hours that these individuals gave to the Town in 2022 and are sincerely appreciative of all their efforts.

Respectfully submitted,

Kellie Caron, Town Planner
Amy Kizak, GIS Manager/Comprehensive Planner
Laura Gandia, Associate Planner
Beth Morrison, Department Secretary

POLICE DEPARTMENT REPORT

Hello and thank you for talking a few minutes to learn more about your police department here in Londonderry.

To say that we are proud to serve our community and those who visit is an understatement. These are not just words, but a mantra instilled in us since Chief Joseph E. Ryan took the helm in 1996. He began a tradition of fiscal prudence, department pride and mostly importantly community partnerships. He made sure to instill these values in his command staff and in his succession planning. He could not have passed on the agency and these values to anyone better than he did when William Ryan Hart, Jr. became Chief of Police in 2011.

Bill modernized the agency through technology, through professional accreditation, and by building a regional reputation of excellence built on our motto, "Expect Excellence." We know that YOU, our citizenry and business community, expect excellence in everything we do. We do our best day in and day out to attract the best employees we can, both civilian and sworn. For decades we have been considered a destination law enforcement agency within New Hampshire and New England, which is why we attract so many certified officers from other agencies. This does not happen by chance. It happens because of the culture we and those before us have built over many years. It is a reputation of excellence, of honesty, of transparency, and of caring.

We care about everything we do, from the smallest, most mundane task to the most complicated and critical services we provide in emergency times. My pledge as your newly appointed Chief of Police is to continue with the same Pride, Spirit and Tradition that chiefs before me have instilled not only in the staff here at LPD, but also within the community. Without your emotional and philosophical support, we cannot succeed. It would be impossible. We know that we are supported by our community each and every day, which is why, in part, we attract and retain only the best police officers and civilian staff. Without your support and trust, we could not do our jobs.

In closing, I look forward to the challenges we will face together to keep our community one of the safest in the region, and to the partnerships we will continue to build.

Respectfully,
Kim A. Bernard, Chief of Police

DEPARTMENT OF PUBLIC WORKS & MUNICIPAL FACILITIES REPORT

Introduction: The Public Works Department consists of 3 main areas of focus; Highway, Buildings and Grounds, and Fleet.

Public Works Department Personnel: 1 Director, 1 Administrative Assistant (shared with Engineering), 1 part time Secretary (shared with Engineering), 1 Highway Foreman, 2 Assistant Foreman, 2 Mechanics/Operators, 3 Equipment Operators, 5 Truck Driver/Laborers.

Highway Division Responsibility / Mission: To efficiently and effectively maintain the Town's roadways and other supporting infrastructure. To provide efficient and timely snow and ice removal from Town roads.

In Fiscal Year 2022, road construction and drainage repairs were undertaken on portions of or complete length of West Road, Pillsbury Rd, Charmarand Row, Auburn Road, Old Derry Rd, Pettengill Road and Roundstone Dr. Other additional pavement preservation conducted was the effort of crack sealing of more than a dozen roads. In addition to the many annual maintenance services such as hazardous tree removal, line stripping and pavement markings, catch basin cleaning and grading of gravel roads; this division provides a large support to many other areas of responsibility the Town is tasked with that you may not be aware of. For example, installing and removing American flags on Mammoth Rd during holidays, setting up of voting polls, logistics of Old Home Day festivities, assistance with Christmas on the Common, installation and removal of Londonderry High School senior banners, and acts as a supplemental work force to the Drop Off Center. We even created a new emergency access opening for the Town Forest and recoated the trails inside with ground up recycled asphalt. The Department performed other seasonal maintenance projects on our 191 miles of roads as well. Aged street signs were replaced and guardrail repairs were completed, as well as, all road side brush mowed and cut back to improve line of site at intersections and for safe conditions to the traveling public.

Emergency Winter operation for 2022 was another below average winter in regards to total snow accumulation. However, it was a busy season in dealing with ice, flash freeze overs, and events with every kind of mixed precipitation imaginable. Overall the Department responded to 22 snow and ice storm events plowing 50 inches of snow using 3733.53 tons of salt and 2,938.5 tons of salt/sand mix. Assisting our Department in providing real time road conditions, and bringing awareness to our operations up to minute; is our new Facebook. Among providing important driving conditions during inclement weather; it serves as an informative tool which shows projects and ongoing roadwork progress for you to better understand what we are doing all year long. So, check us out on Facebook @**Londonderry DPW**. Also, check out our updated Town website page at LondonderryNH.org for more information on all our areas of responsibility, important announcements, and upcoming projects.

Buildings and Grounds Responsibility: Provide and manage all maintenance to town buildings to include but not limited to HVAC, electrical, plumbing, cleaning services, lighting, plowing of lots and walkways, and work order requests.

This area of responsibility is new to the DPW in taking on work and tasks that has made quite an impact in its first year. Overseeing several important new needs to our facilities we had a glass partition installed at the Senior Center, Facility study of the Lions Hall, an updated Building Management System for Town Hall and Library HVAC systems installed; and some minor renovations and painting of offices to highlight only but a few important items completed.

This area of focus also oversees all 8 Town owned cemeteries. We schedule all interments, layout graves and foot stones, loam and reseed settled graves, clean up plantings, flowers and other debris; as well as install veteran markers. (For more information on the cemeteries; please see the Trustees of the Trust Fund located elsewhere in the Town Report)

Fleet Area of Responsibility: To provide efficient maintenance and repair of Public Works vehicles and equipment, as well as, manage and maintain other town vehicles through local contracted vendors.

General and preventative maintenance was performed on all 38 pieces of department equipment. The Department purchased a one-ton dump truck with plow, and replaced two six-wheel trucks with money being allocated from the FY21 budget.

Other important tasks completed in fleet was repairing rust/rot and repainting of a one-ton truck and our loader, as well as, a fire department forestry vehicle. All state inspections for any town equipment were contracted out.

Entire DPW Team:

Donna Limoli	Admin. Assistant	William Payson	Equipment Operator
Denise Manella	Dept. Assistant	Brian Bubelnyk	Equipment Operator
Paul Schacht Jr.	Highway Foreman	Adam Pushee	Equipment Operator
Karl Anderson	Assistant Foreman	Brian Stowell	Truck Driver/Laborer
Ricky Robichaud	Assistant Foreman	Nathan Sullivan	Truck Driver/Laborer
Mark Greenwood	Mechanic/Eq. Operator	Roger Bogdahn	Truck Driver/Laborer
Jim Guzowski	Mechanic/Eq. Operator	Max Dolliver	Truck Driver/Laborer
		Chris Audet	Truck Driver/Laborer

We would also like to recognize Scott Lacourse; who retired on December 31st 2021 after serving on our department for more than 34 years to the Town of Londonderry. We wish him much continued happiness in his retirement and future endeavors.

Respectfully Submitted,

Dave Wholley
Director of Public Works & Municipal Facilities

DEPARTMENT OF ENGINEERING & ENVIRONMENTAL SERVICES

The Engineering Division Responsibility / Mission: To provide technical engineering expertise and support. Assist in administrating Site Plans and Subdivision Regulations. Review and issue permits to conduct work in the Town's right-of-way. Review projects and provide technical assistance for the Planning Board. Inspect roadway projects. Assist and oversee design and preparation of plans and cost estimates for Town sponsored roadway projects. Implement the Stormwater Phase II Program. Provide engineering assistance to other Departments and town boards.

Engineering Division Activities:

The Department, with the assistance of private engineering consultants, provided engineering reviews of 7 site and 3 subdivision projects for the Planning Board. Furthermore, all active construction sites continue to be inspected by the Department for compliance with Town standards. The Department also continued to assist various Town Departments with different projects throughout the year.

Programs.

The Solid Waste Division Responsibility / Mission: To manage the collection and disposal of solid waste and increase recycling participation with the intention of improving environmental quality while lowering solid waste disposal costs. In addition, the Division manages programs including the collection of medical sharps using a drop off kiosk, Seasonal Drop Off Center, Waste Oil Collection Days, Household Hazardous Waste Collection Day, and School Recycling

Solid Waste/Recycling Division Activities – In fiscal year 2022, the town continued with the automated solid waste trash collection program. The Town of Londonderry, as a whole, has embraced recycling since 1988 and this is one area in the municipal budget where residents can proactively help to control town expenditures. In FY-2022, the total curbside trash tonnage for the town was 8,908 tons and the total curbside recycling tonnage was 2,560 tons.

The Drop Off Center was open on April 16, 2022 - November 19, 2022. Happily, Covid-19 pandemic CDC guidelines were lifted. The center was utilized by over 6,659 patrons during the season. The items collected include scrap metal, tires, batteries, yard waste, construction debris, bulk items, electronic equipment, bulk plastics, fluorescent bulbs, and propane tanks.

Another successful Household Hazardous Waste Collection Day was held on November 12, 2022, in cooperation with the Town of Derry. It was well attended by 472 households. We collected oil-based paints, solvents, automotive products, pesticides, herbicides, household cleaners, and

mercury containing products. The Spring and Fall 2023 Household Hazardous Waste Collection dates will be posted in the Spring Recycling Newsletter, the town cable channel, the Town's website, and other social media.

The medical sharps/needles kiosk added to the Town Hall for proper disposal of sharps/needles continues to be a huge success. A reminder to residents that medical sharps/needles are not allowed in the town's curbside trash pickup. Needle stick injuries can be a serious public health risk to family members, home health providers, and sanitation workers. Spent needles can carry blood borne diseases. We ask residents to place their sharps/needles in a thick walled, sturdy plastic container with a tight-fitting screw cap such as an empty laundry detergent bottle, labeled "**Medical Sharps Container, Not for Recycling**". Seal the container with heavy duty tape. Then for disposal bring the container to the red "Sharps Kiosk" on the 2nd floor at the town hall. No loose needles please!

The Environmental Division continues to work with the schools on their cell phone recycling program. The Londonderry Recycling News continues to be published (online only) to provide public education and information on the Town's recycling effort. The newsletter may be found on the Town's website at www.londonderry.nh.org

The Department also continues to work closely with the Solid Waste Advisory and Environment Committee. The Department is very grateful to the dedicated volunteers, Duane Himes, John Mahon, Martin Srugis, Gary Stewart, and Lynn Wiles who spend the first Saturday of every month collecting waste oil, which is used to run the waste oil furnace at the highway garage. In 2022, the collection continued with pandemic CDC guidelines being lifted. 1,250 gallons of waste oil were collected and diverted from the waste stream allowing the Highway Department to lower their heating costs.

The Sanitary Sewer Division Responsibility / Mission: To build and maintain a public sewer infrastructure primarily in commercial and industrially zoned land to stimulate diversified business development and expand the tax base; provide an environmentally friendly and superior sewage disposal alternative, protect groundwater and receiving waterways from harmful pollutants; monitor and regulate industrial discharges to the public system.

The Sanitary Sewer division administers and enforces the Industrial Pretreatment Program, maintains and operates the sewer collection and transmission system, implements and maintains the Sewer Ordinance, Sewer Use & Permitting regulations, Inter-municipal Sewer Agreements, and sewer billing program. The division also reviews sewer development proposals, writes permits and inspects sewer construction to comply with State, Town, and Federal rules and regulations.

Sanitary Sewer Division Activities: Currently, the Town of Londonderry has approximately 2,400 residential units along with , 429 commercial, and 75 industrial sewer customer accounts. All industrial users are regulated under the Town's Industrial Pretreatment Program (IPP). This IPP is consistent with the City of Manchester and Town of Derry's Inter-municipal agreements for the systematic permitting, monitoring, and control of industrial facilities which discharge into the

municipal sewer system. The regulation of waste streams is necessary to prevent possible adverse impacts to the sewer system and treatment facilities and prevent pollution of our natural water bodies.

Regular sewer maintenance activities of the \$60 million collection and transmission system include the operation and maintenance of six (6) pumping stations and 42 miles of underground infrastructure (manholes, gravity and force mains). The pumping stations are inspected every week and have regular scheduled preventative maintenance performed at recommended intervals. A systematic inspection, cleaning, and maintenance program is being performed within the 42 miles of infrastructure to assure proper operation and extend the useful life of the manholes, gravity, and force mains. These inspection and preventive maintenance activities are necessary to assure uninterrupted public service, minimize overall costs, reduce risks to property damages, and prevent pollution. Londonderry's waste flows are regularly sampled to check for harmful pollutants and toxic wastes.

Respectfully Submitted,

John Trottier, P.E. Director of Engineering & Environmental Services

SENIOR AFFAIRS DEPARTMENT REPORT

The mission of the Senior Affairs Department is to assist Londonderry Seniors by facilitating programs and information that support and promote financial, social and physical independence. The Senior Affairs Director works thirty-four (34) hours per week. This is a town funded position. The front desk receptionist position is handled by volunteers. These individuals assist with answering the phone, greeting guests and members, signing up new members, giving out general information as well as assisting the Senior Affairs Director.

The Senior Program is located at the Mayflower Grange Hall at 535 Mammoth Rd., Londonderry, NH. The center offers over 20 weekly/monthly programs. These programs include but are not limited to: Rockingham Nutrition Meals on Wheels (RNMOW) lunches, Bone Builders, Line Dancing, Yoga, Bingo, Tai Chi, chair exercises, cornhole, walking club, Mah Jongg, cribbage, cards, games, crocheting, knitting, ceramics, crafts, painting. The average number of seniors that visit the center daily is approximately fifty (50). Special events and luncheons draw larger crowds of 50 (post-Covid limit) per event to the center. We would like to bring back the monthly breakfasts. Meals on Wheels uses the kitchen to at least noon M-F. Due to the COVID-19 pandemic, some of our activities have changed. We are just about back to normal.

The Senior Affairs Department works closely with Londonderry Senior Citizens, Inc. (LSCI) as well as with the Senior Resource Committee. Both organizations organize and promote a variety of programs and events that complement the activities of the senior center. The largest event is the annual Old Home Day Senior Picnic. It is thrown with the help of The Lions Club and kicks off The Londonderry Old Home Day events and celebration. It is attended by over 200 participants and volunteers.

Transportation for some of our seniors is provided by the Cooperative Alliance for Regional Transportation (CART). This allows those seniors, who otherwise would be homebound, the opportunity to come for activities and socialization. A bimonthly newsletter and monthly calendar are available on the town website: www.LondonderryNH.org. Copies are also available at the Londonderry Senior Center, Town Hall and Leach Library.

In addition to developing programs and management of the Senior Center, the Senior Affairs Director also assists the seniors with senior related issues and questions. These issues include, but are not limited to: senior housing concerns, prescription management, Medicare and supplemental insurance, transportation, homecare options, etc. The Director plans, organizes and schedules speakers, entertainment and also brings in new programs/activities. The daily operations of the senior center run smoothly with help from many Londonderry Senior Center volunteers. The Senior Center continues to be an active and engaging gathering spot for an increasing number of seniors. The average membership is approx. 450 with 30% residing outside of Londonderry. A wide net is spread to benefit seniors in surrounding communities.

Funding from the town of Londonderry has allowed the senior programs the opportunity to grow. The Senior Center is open Monday through Friday from 8:00 am to 2:00 pm.

Let's shine together....
Ilona Arndt
Senior Affairs Director

SUPERVISORS OF THE CHECKLIST REPORT

2022 was a busy year for the Supervisors of the Checklist. As a body, we supported the Town and School Deliberative Sessions, the Town Election, the State Primary and the State General Election.

The Supervisors of the Checklist made 6,435 changes to the voter checklist to ensure that it is as accurate as possible.

At the end of 2022, our voter checklist stood at 17,704 an increase of 5% from 2021 (16,898). This includes 6,622 Republicans, 4,993 Democrats and 6,089 undeclared voters.

The Supervisors hold office hours in Town Hall prior to every election and deliberative meeting, as required by election law. In addition, we meet as needed to keep the files and records up to date and correct. The times and dates of these sessions are posted at Town Hall, on the Londonderry town website, and are published in the local newspaper.

The goal of the Supervisors is to make voter registration as convenient as possible and maintain the accuracy and integrity of Londonderry's voter checklist.

We encourage townspeople to reach out to us with any questions or for details about how to update their information. We can be reached at Town Hall at (603)432-1100, extension 198 or via email at kgrages@londonderrynh.org.

Signed,

Kristin Grages, Chairperson
Kirsten Hildonen
Barbara MacDonald

TOWN CLERK & TAX COLLECTOR REPORT

Major responsibilities of the Town Clerk/Tax Collector's office include vehicle registration, dog licensing, property and sewer bill collections, and the processing of monies collected by town departments. The office also issues vital records and assists with voter registration and elections. We have 2 part-time and 3 full-time Clerk Assistants. Our dedicated staff serves our growing community with care and accuracy, processing **91,798** financial transactions totaling **\$91,738,357.60** throughout the year in the following areas:

Vehicle Registrations: Londonderry is a one-check town for vehicle registration. A single check made out to the Town of Londonderry covers both Town and State fees, with the State portion being transferred electronically daily. Residents also have the option of paying with a debit or credit card in person or online; convenience fees of 2.79% are incurred for this service. These fees

are collected by the card processing company and do not provide additional revenue to the Town of Londonderry. Of course cash is still an acceptable form of payment! Vehicle registration renewals can be completed at the Town Clerk's office, via US mail, or online at www.londonderrynh.org. (Choose *Online Services* on the Home page, then *Vehicle Registration* to renew or get an estimate.) Pay by ACH with a modest processing fee or by debit/credit card with a 2.79% convenience fee. When renewing in person, residents must provide the plate number of the

vehicle(s) to be renewed and present either their current registration(s) or their courtesy reminder notice.

State law now requires that you present a government-issued photo ID for all DMV transactions made in person. To renew through the mail, enclose a self-addressed, stamped envelope with a check and the renewal notice. Registrations which are not simple renewals - new vehicles, transfers, and ownership/address changes – must be completed in person. Although not required by law, the Town Clerk's office sends courtesy renewal reminder notices via US mail or by email if we are provided with an email address.

Boat Registrations: Offering Boat Agent services locally has made life easier for Londonderry boat owners. Whether renewing your boat registration or registering a new boat, residents have appreciated the convenience of completing the whole process at the Town Clerk's office. Boats are registered on the calendar year, expiring every December 31st. 467 boats were registered and/or renewed this year for

additional revenue in our town.

Dog Licensing: State law requires the licensing of dogs annually, primarily to ensure that all dogs are up to date on their rabies vaccination. When you acquire a new dog and/or when your puppy has had its first rabies shot, it is time for licensing. Each year, we start dog licensing as early as January 2nd, but April is typically dog licensing renewal month. Please renew no later than May 31st to avoid late fees. Proof that your dog has been neutered or spayed reduces the licensing fee. As long as the rabies vaccination is current, you may also renew your dog license online (londonderrynh.org) via ACH or credit card or by US Mail or through our drop box.

Property Taxes/Sewer Bills: The Tax Collector's office is responsible for collections of semi-annual property tax bills produced by the Assessor's Office for the more than 10,000 properties in town due in July and December. We also collect the quarterly sewer bills produced by the Public Works Department for more than 1,650 households/businesses using the town sewer system. The Tax Collector also collects Timber, Current Use, and Excavation taxes. Tax information may be obtained through the *Tax Status Information* link on the *Online Services* page of the town's website which is also great for verifying that your taxes have been paid.

Unpaid property and sewer bills accrue interest at an annual rate of 8% and are subject to lien according to State law. Properties with liens are taxed at a 14% annual rate and liens must be paid off within 2 years to avoid deeding.

Vital Records: The Town Clerk's office is responsible for issuing certified birth, death, marriage, and divorce certificates as part of its Vital Records function. These may be obtained in person or ordered online (using ACH or credit card) by going to *Online Services* on the town's website.

Marriage licenses may be obtained at the Town Clerk's office as well. These must be done in person with both parties present. We encourage couples to make an appointment by calling or emailing our office (sfarrell@londonderrynh.org).

Justice of the Peace services are available for couples wishing to be married at Town Hall. Again, call or email the office to set up a date and time so that adequate time and attention can be schedule for your special day. The fee is waived for service men and women.

Elections: Voter registration can be completed in the Town Clerk's office during regular business hours or during posted sessions of the Supervisors of the Checklist. Residents may also register to vote on Election Day at the polls.

In addition to assisting with voter registration, the Town Clerk's office also assists with other aspects of the Town and State election processes, including ballot preparation, absentee balloting, and candidate filings.

All Federal, State, and Local elections are locally funded. The required funding for these elections varies from year to year as the number and type of elections change each year. Elections are staffed by the Londonderry Town Moderator, Supervisors of the Checklist, Town Clerk's office, and Election Workers who are Town residents. We are continuously striving to improve the efficiency of our polling place. We recently introduced the use of Poll Pads for electronic voter check-in with the ballot clerks. This improved the overall experience by greatly reducing the waiting times.

Elections are held in our Londonderry High School Gymnasium between the hours of 6 am and 8 pm. If you are interested in being an Election Worker or Volunteer, please contact the Town Clerk's Office.

In addition to these major areas of responsibility for revenue collections, the Town Clerk's office also records and processes all monies collected by Town departments. All revenues are reported, reconciled, and deposited daily. The Town Clerk's office also offers Notary and Justice of the Peace services.

In fiscal year 2022, the Town Clerk/Tax Collector's Office processed the following:

Category	# of Transactions	Revenue Collected
PROPERTY TAXES/SEWER BILLS	35,006	\$75,518,752.52
MOTOR VEHICLES/BOAT REGISTRATIONS	39,391	\$11,855,048.20
DOG LICENSES	5,762	\$36,945.75
VITAL RECORDS	2,200	\$24,085
DEPARTMENT DEPOSITS	4,484	\$279,382.58
NEW WORLD TRANSACTIONS (PERMITS, DETAILS, REPORTS, ETC.)	4,149	\$3,392,061.16
MISCELLANEOUS REVENUE	806	\$42,082.39
GRAND TOTAL	91,798	\$91,148,357.60

Category	Town Election 2022
# OF ABSENTEE BALLOTS REQUESTED	137
# OF ABSENTEE BALLOTS CAST	123

We at the Town Clerk/Tax Collector's office are here to serve our residents. We welcome your visits, your calls, and your suggestions. Office hours are 8:30 am until 5:00 pm weekdays.

Respectfully submitted,

Sherry Farrell

2023 STATE OF THE TOWN ADDRESS

Mr. Moderator, members of the Town Council, Budget Committee, other elected officials; Londonderry citizens:

Londonderry is in a time of transition. After my predecessor, Kevin Smith, resigned one year and four days ago, I became Acting Town Manager at midnight that evening. The ensuing twelve months have been, for me, the longest and shortest of years.

We have accomplished much in this short time. Immediately after taking office, with a possible recession on the horizon, I directed Town Departments to curtail discretionary spending. The Finance Director and I have strictly enforced the Purchasing Policy, and we have put more items out to bid than ever before, saving the Town tens of thousands of dollars. Each week, the Finance Director and I separately review and approve every Town purchase with a critical eye, often requiring additional documentation and justification from Town Departments for their purchases. This exercise may seem mundane, but it is important. It is a significant investment of time reflective of our commitment to fiscal restraint, and to holding ourselves and our staff to the highest standards.

As a result of these efforts, and with the careful management by the Department Heads of their budgets, Londonderry ended FY 23 with a surplus of \$1.5 million. That is no small accomplishment, with year-over-year inflation running between 7.9 and 9.1 percent in my first 6 months in office. We saw cost increases coming and we reacted quickly, allowing us to continue delivering the services residents expect well within the existing budget.

Today is the conclusion of budget season in Londonderry, a process that started, for the Finance Director and me, in late summer. Shortly after taking office, I sounded the alarm on a budgetary practice we have been following for the last decade. Year after year, the Town Manager and Town Council have proposed, and the voters have adopted, an operating budget lower than the default budget. While budgetary restraint is a laudable goal, this has frozen in time important budget lines such as building and vehicle maintenance, training for our police officers and firefighters, roadway maintenance, and engineering services which together are overspent by hundreds of thousands of dollars each year. We have covered these necessary expenses by leaving positions unfilled in our public safety departments, mostly in the Police Department.

While this practice has worked, it was inevitable that it would eventually catch up with us. That time is now. Not only does spending within these neglected lines increase over time, the Police Department is in critical need of filling all of the positions voters have approved. And, to state of the obvious, “robbing Peter to pay Paul” is the opposite of budgetary transparency.

We devised a way to temporarily budget less for four vacant police patrol officer positions, while still retaining these positions in the budget. We used the savings to reinforce the frozen lines to reflect the actual need in FY 24 instead of FY 14. These changes will serve the Town well for years, because even though we again propose an operating budget under default, for the first time in a decade, we are able to right-size these neglected lines. In doing so, we make important steps towards transparency. The budget should tell taxpayers what we need, and where we need it, instead of telling them what we need in *total*, and to trust us with the rest.

There are other reasons I am proud of the budget I proposed to the Town Council, and which they adopted. In a time of rising costs, we started off deep in the hole, with increases to the default budget of more than \$200,000 for our trash and recycling contract, almost \$800,000 in health insurance premiums, and more than half a million dollars in contractual salary and wage increases. Despite these large cost increases, the total appropriation request I propose is a mere \$16,047 higher than last year’s request. How did we do it? It started during our internal budget process. The Department Heads submitted their requests for the coming fiscal year, and the Finance Director and I carefully scrutinized them, rejecting hundreds of thousands of dollars in Department Head asks. We took a hard look at the whole spending picture, which includes separate warrant articles, instead of focusing solely on the budget as we have sometimes done in the past. We halved the typical request to fund the roadway maintenance expendable trust fund, and are taking a year off from the usual request to fund the master plan capital reserve. We eliminated almost \$40,000 from the Cable Department’s budget we determined is unnecessary. These are hard choices, to be sure, but at a time when the average household is spending almost \$500 more a month than at this time last year, I am confident most voters will understand the choices we have made.

Taxpayers benefit not only from careful budgetary planning and management, but also from a healthy tax base. By developing and redeveloping commercial and industrial areas in a responsible manner, we can allocate as much of the tax burden as possible to commercial and industrial users instead of residential taxpayers. My administration is taking a comprehensive, but workmanlike, approach to economic development, focusing less on flashy, high profile, public-facing efforts, and more on ensuring we get the fundamentals right in order to create conditions that will drive development. We passed the Commercial and Industrial Property Tax Exemption Program, which will be a major draw for development and a major benefit to taxpayers. We are focused relentlessly on expanding the sewer and water infrastructure high-end users demand, securing \$4 million with the support of Senator Shaheen and Congressman Pappas to upgrade sewer capacity in south Londonderry and speed up the completion of Woodmont Commons. We’ve questioned settled practices and gotten creative about how we allocate sewer capacity. We’ve requested an additional \$4 million from the Governor’s Office for Emergency Relief and Recovery for water and sewer infrastructure in the Exit 4A area. We completed the Lancaster Drive water line extension project, which will not only mitigate PFAS contamination and protect property values on Lancaster Drive, it will resolve liability concerns for the new owner of the Apple Tree Mall, allowing him to

continue investing in the Mall and in the Town. And, the Town paid nothing, because we secured another grant, this time for \$400,000, to cover what the Town had previously agreed to pay. We're also focused on improving traffic flow and safety on our roads, which of course is a key ingredient of economic development. We advocated with our representatives in Concord for a one-time payment to Londonderry of approximately \$1 million for Town-owned roads and bridges. And, we finalized our contract with DOT to complete intersection upgrades at Route 28 and Stonehenge Road.

We have also taken a look at the organization of our Town departments, and our development regulations, to ensure they are calibrated for an efficient development process. We are working to improve communication between the Town staff and Planning Board, and we are looking hard at our design review process to ensure not only that it is as efficient as it can be, but also that the Planning Board and the public understand it. We are in the process of reviewing the Route 102 and Route 28 overlay districts to ensure the complexity they add to the Zoning Ordinance remains justified. And we will soon propose an amendment to the Zoning Ordinance to reduce the need for some applicants to go back and forth between the Planning Board and Zoning Board of Adjustment.

I would be remiss if I did not pause to highlight the importance of the Town Council's investment in economic development when it confirmed Kellie Caron as Assistant Town Manager and Director of Economic Development. Her expertise and judgment in the area of planning and economic development have brought new energy to this effort. For the first time in at least a decade, there is someone else (in addition to the Town Manager alone) working on economic development in Londonderry every day. At the beginning of 2023, we are poised to soon announce new big projects that will pay dividends to Londonderry's taxpayers.

Our successes are not confined to the budget and economic development. We have invested significant time and money in securing Town Hall and the Library, and protecting those who work and visit there. We've worked to protect public health and the environment, completing the Lancaster Drive project, conserving Lithia Springs, and studying upgrades to the Town's water infrastructure. In a single year, we've improved exponentially the security of the Town's computer and IT systems in order to protect the public's sensitive information kept on our servers. We've successfully negotiated collective bargaining agreements with Fire and Police Department unions, allowing us to compete in the labor market with comparable communities, and, more importantly, to recognize our first responders, who without overstatement are the best in the state.

We've improved transparency in all areas, televising the meetings of more boards and committees, making it easier for the public to access video of these meetings from the front page of the website, posting all legal notices in a single area of the website, and responding quickly and openly, when possible, to public requests for information. And, when someone brought a Confederate flag to our annual Old Home Day Parade, we took a stand against this disgraceful symbol of hate. While a few attempted to distract from this deplorable display by drawing false equivalencies, I have never regretted taking that stand. As I stated on August 21, 2022, "supporters of this symbol of racism, hate, and treason will find no refuge in Londonderry."

In one short year, the Town Council and I have worked cooperatively to install a new Police Chief, Director of Senior Affairs, HR Manager, and a second Deputy Fire Chief. We reorganized the Police Department, creating a new Division of Legal and Professional Standards to house the prosecution unit and the accreditation office. We made additional changes to the Planning and Economic Development and Human Resources Departments, streamlining and calibrating our operations to take advantage of our strengths and reinforce our weaknesses. We filled the important positions of Controller and Assistant Assessor which had been vacant for too long. And, I appointed, and the Town Council confirmed, Kellie Caron as Assistant Town Manager and Director of Economic Development. Kellie's reach is much broader than economic development. In six months, she rose from Town Planner to Assistant Town Manager. *Know this*, I will never hesitate to elevate and empower the Town's most talented, hardworking, and competent employees, whether they have worked here for 6 months, or 16 years.

Some of my appointments have been to other senior positions. Chief Bernard is one of the most decent people I know. Since I met him in 2018, I never questioned this. Yet, following Chief Hart's retirement, I did not immediately appoint him Chief, a decision that angered some, and cost me at least one cherished friendship. I made the decision I believed to be in the Town's best interests, a decision hindsight teaches was a mistake. But instead of doubling down on that mistake, I pivoted and corrected it, appointing Kim Bernard as Chief of Police on October 3, 2022. This decision angered *different* people, costing me *other* friendships. I can proudly say that under Chief Bernard's leadership, the future of the Londonderry Police Department has never been brighter.

I can also proudly say that in my first year in office, I have regularly made decisions that have been personally costly, yet right for the Town. There was a path of less resistance, to be sure, and I was always conscious of it. It would have reshaped the Town less, but taken less from me. *Always, I chose the other path.* If there has been a defining feature of my tenure, I suggest it is this.

Tough decisions. It's what I am paid to do. Some of these decisions inevitably affect our workforce. You can't manage more than 200 people without making certain people, and even departments, unhappy. And when my decisions affect people's jobs and livelihoods, emotions, rumors, fears, and anxieties naturally run high. The curse of leadership is that while I am empowered—in fact, duty-bound—to make these difficult decisions, I am not free to publicly discuss all of my reasoning and all of the circumstances, leaving a void that will always be occupied by the disgruntled, uninformed, those having an agenda, or worse yet, by publications writing one-sided pieces without even bothering to ask for comment. And, of course, my critics are unencumbered by any such restrictions. Before you believe the headlines and conclude there is something wrong at Town Hall, or with my leadership, or that morale is low, consider this for just a second: *you have ten percent of the story.*

I value and have invested in the morale and wellbeing of our Town Hall workforce, more than you know. Yet, *here I depart from some of those who have gone before me.* The Town Manager is not everyone's friend, and while we sometimes refer to Town Hall as a "family," Town Hall is a professional workplace. We are public servants who deserve a healthy, happy, and respectful place

of work. We can and should care about each other, yet we are also accountable to each other, and, ultimately, the public.

To those who look at me and long for yesterday, I suggest this. I am not Londonderry's first Manager to fit this mold. The predecessor of my predecessor, Chief of Police William Ryan Hart, Jr., served as Acting Town Manager for more than a year during an earlier time of transition. He hired me in 2018, and much of what I know about leadership, I learned from Bill Hart. While he treated everyone with decency, respect, and compassion, Bill made the decisions he believed were in the Town's best interests, and he never apologized for them. No one who worked for Bill Hart ever mistook him for a friend; *he was first a leader.*

And so, at the end of my first year in office, I am proudest of having served the Town with integrity. Under difficult circumstances, I repeatedly placed the Town's interests ahead of my own. I made hard calls others had been unwilling to make for years, at a personal cost known only to me and my family. Behind the scenes and publicly, I unflinchingly stood up for the exceptional public servants who represent the Town and serve the public, day in and day out. I told people the truth, whether they wanted to hear it or not. And I devoted nearly all of my waking hours to the Town's service.

It is easy to look back on the hardest, most defining year of my life, and replay the difficult, controversial decisions I made; I have certainly done that in spades. But one thing I have never done—*not once*—is to recollect the past year, and wish that I had been more like Kevin Smith, Bill Hart, Dave Caron, or any one of my other predecessors. In my first year in office, I served as Town Manager the only way I know how: *as myself.* And *that* is one thing that will never change.

Mr. Moderator, the state of the Town is strong, and the future of Londonderry is bright. It has been the privilege of my life to serve as your Town Manager in a time of change and opportunity. May God bless our community.

Sincerely,

Michael Malaguti
Londonderry Town Manager

LONDONDERRY ARTS COUNCIL

MISSION: To enrich Londonderry's quality of life through promoting cultural arts in our community.

VISION: Believing that our cultural arts are essential for nurturing lifelong learning, building strong relationships, and promoting civic responsibility, we envision a community in which we participate in and support our cultural arts as a valued part of our everyday lives.

MEMBERS: The LAC is made up of a diverse group of individuals dedicated to supporting the Arts in the community in a collaborative, respectful, and enjoyable manner. Members who contributed to our success during 2020 include (in alphabetical order): Dasha Bulatova, Larry Casey, Greg Descoteaux, Karen Giguere, Stephen Lee, Jan McLaughlin, Stephanie Miville, Christine Patton, David Steinhauer, and Cit Rose Waters.

We also appreciate the additional support we received throughout the year from numerous non-members who pitched in to help along the way. The LAC always welcomes new volunteers and sponsors who would like to help promote the Arts in Londonderry.

2022 PROGRAMS:

Concerts on the Common

Our goal for the 2022 Concerts on the Common season was to bring community members together in a way that reinforces the image of Londonderry and as an exceptional place to live and grow. We also wanted to contribute to the celebration of Londonderry's 300th anniversary as a Town by hosting a special Old Home Day kick-off concert. We feel the season was an extraordinary success based on the number and quality of performances, audience attendance, strong support by Town Administration, and new citizen Volunteers who stepped up to help.

We were able to add an additional concert to the schedule for a total of 11, attracting 5,543 concert goers overall. Average attendance was 504 per concert compared to 267 in previous years, up 89%. Attendance for two concerts exceeded 750 including the Old Home Day concert featuring Beatles tribute band, Studio Two. Our Facebook following also increased by 19% during the season from 2040 at the beginning to 2426 at the end, demonstrating heightened fan engagement and perceived value.

Our sincere thanks to everyone involved this season, and especially to our Sponsors who continue to provide financial support every year for Concerts on the Common.

Old Home Day

In addition to hosting the Old Home Day kick-off concert on Wednesday evening. The Arts Council participated in the Saturday Booths on the Common event featuring information on our programming and a Community Art project where children were invited to post stickers on

posterboards to be displayed at various locations in Town, including the Senior Center. It was a great opportunity to engage young people about their interest in Art and invite them to participate in our upcoming Youth Art Contest.

Youth Art Contest

Finding creative ways to engage our community in the arts, we continued our virtual Youth Art Contest for New Hampshire artists ages 5 to 18 in 2022. The theme for this year's art contest was "Person, Place or Time in History". Submissions were collected digitally, judged by select artists and art teachers, and prizes awarded across 3 age categories. The winners were announced, and their work is on display on the LAC Website.

Arts Café

The Arts Café is intended to be a welcome break from the winter doldrums, combining art and music in a casual coffee house environment. This free event was a day filled with arts and crafts from local artists, and acoustic music by area musicians. The public had an opportunity to relax and enjoy, and to interact with artists and musicians to learn more about their craft

Featured Artist – Leach Library

Each month throughout the year, the LAC sponsors a local artist to exhibit their work at Leach Library. The artists display up-to nine pieces in all, in the Library's reception area and throughout the four reading nooks. In addition to adding to the beauty of the facility, we believe this represents a wonderful opportunity for artists and community members to connect.

We look forward to resuming the following programs in 2023 when possible.

Art in Action

Art in Action features both finished work on display and active projects being worked on by fine artists and artisans, providing an interactive opportunity for the public to engage and learn about their craft and technique. In addition to painters, weavers and sculptors, the show has expanded to include two- and three-dimensional works – as well as digital artists, allowing them to show their art and workflow.

The Nutfield Sessions Open Mic – O'Shea's Caife & Tae

The Nutfield Sessions is a free "Acoustic Open Mic" that attracts local musicians and audience members who appreciate live performance in a comfortable, casual environment. The "Sessions" draw a range of amateur musicians, seasoned pros, and community members who enjoy listening to a variety of musical genres featuring acoustic instruments and vocals.

We appreciate the hospitality and support of the owners and staff of O'Shea's Caife & Tae who create a welcoming and quality performance environment for The Nutfield Sessions

WHERE TO LEARN MORE ABOUT THE LAC:

The LAC makes extensive use of social media, the Web, email, direct mail and local press outlets to inform the community of our activity and promote specific events, including Facebook, Twitter, YouTube, and a dedicated website for Concerts on the Common **www.concertsonthecommon.org**. We also maintain a comprehensive website featuring all our core programs at www.londonderryartscouncil.org.

All of these are maintained by individual LAC members who give freely of their time, talent, and personal resources.

We look forward to another year of community enrichment through the Arts in 2023.

Respectfully submitted,

Larry Casey
Chair, Londonderry Arts Council

CONSERVATION COMMISSION REPORT

Mission: The Conservation Commission works to promote the proper utilization and protection of the natural resources and watershed resources of the town through plans for stewardship of town-owned lands, adding to the town's open spaces and encouraging developers to protect the environment through recommendations to the Planning Board and NH state agencies.

About the Commissioners: The commission consists of 7 voting members; Marge Badois, Gene Harrington, Deb Lievens, Bob Maxwell, Susan Malouin, David Heafey and Tiffani Macarelli, and 3 alternate members; Mike Speltz, and two vacant spots. One member, Mike Byerly resigned and was replaced by Tiffani Macarelli. Two voting members, Bob Maxwell and David Heafey renewed for another term. Officers are Marge Badois, Chair; Gene Harrington, Vice-Chair and Deb Lievens, Treasurer.

Commission Activities During 2022:

The commission reviewed 2 Wetland permit applications for the NH Wetlands Bureau, 15 Conditional Use Permit applications for impacts to the Conservation Overlay District, and provided comments to the Planning Board on 19 Design Review Plans. The commission also commented on 1 rezoning request.

The commission engaged Stantec Engineering to develop plans for a parking area at the Hickory Hill entrance to the Musquash. The hope is to alleviate congestion problems caused by people parking in front of residences on Hickory Hill. Work is anticipated to begin in early 2023.

The 32st Annual Musquash Field Day was held Saturday, February 12th with approximately 100 people attending. Londonderry Police officers entertained attendees with a demonstration of K-9 officer handling.

The biggest project tackled by the Conservation Commission this year was the acquisition of the "Lithia Springs" property on Rt 102 to be held in conservation. The property represents the ultimate combination of tier 1 wildlife habitat, excellent opportunities to preserve and restore wetlands, as well as exceptional value for historical preservation of the remains of the Lithia Springs Bottling Company acclaimed internationally for its health promoting lithium content. The property was put under contract with the Elwood family in May 2022 for \$1.5 million, with an anticipated closing date in early 2023.

We are particularly grateful to Mike Speltz who has spent countless hours and great effort in preparing grant applications for the purchase of the Lithia Springs property. Two grants totaling \$800,000 were approved as a result of his good work.

A buffer mitigation policy was developed and implemented addressing consequences of development encroaching on the Conservation Overlay District.

Clarification was made that e-bikes are not allowed on conservation properties. Also, a caution is

made to metal detector enthusiasts that there is no digging allowed on conservation properties.

NH Fish & Game brought sand in to the Musquash Conservation Area to create turtle nesting areas that will be monitored for usage.

The commission requested that native plants be recommended for new development designs.

Trail maintenance and improvements in Musquash have been spearheaded by the local mountain bike club. Their initiative and skills have been greatly appreciated. We are grateful to Londonderry Trailways who continue to collaborate on repairs to boardwalks and bridges along trails.

The printed maps for the trails in town were updated. A special thanks to Bob Maxwell for diligently ensuring that maps are always available at the trailheads, and for clearing fallen trees from blocked trails.

The commission continues to regularly monitor conservation properties. The assistance of the town's Conservation Ranger, Glenn Aprile is greatly appreciated.

Deb Lievens maintains her position on the Wetlands Council and Southern NH Planning Commission.

Looking Ahead:

Contamination of ground water due to deposition of PFAS/PFOA remains the most immediate threat to Londonderry's natural resources. The Commission will work with other Town agencies, including the newly formed Utilities Committee, to find ways to mitigate and remediate damage to our groundwater supplies. In particular, the Commission will look for opportunities to protect open spaces that fall within both wellhead protection areas and surface water protection areas. The Commission is looking forward to the update to the Town's Master Plan and will work to ensure that the plan includes a natural resource inventory as well as an update to the Open Space Plan that will guide the protection of the Town's most valuable natural resources. Of course, the Commission will continue to recommend ways for new developments to minimize impacts on the Town's natural resources as well as to monitor and safeguard our existing conservation lands. Finally, the Commission will expand its outreach to include introducing residents to their open spaces, continuing its "Conservation Matters" column in the *Londonderry Times*, and sharing conservation news and events on social media and email.

Respectfully submitted,

Marge Badois, Chair

HERITAGE COMMISSION REPORT

Established by a Town Meeting vote in 1987, the Historic District Commission became a combined Heritage/Historic District Commission in 1998 by a Town Council vote pursuant to state enabling legislation. As a body appointed by the Town whose powers and duties are governed by state statute, the Commission consists of seven members and up to five alternate members, all who are residents of the Town. The Commission oversees the preservation of historical and cultural resources, educates the public on matters of historical interest, and works with other boards, committees and commissions to assure responsible development that reflects the Town's Master Plan.

As a Historic District Commission, the Commission governs five pieces of property that are in a zoning overlay district designated Historic District (by vote of a Town Meeting and subsequently by Town Council):

- (1) the *Town Common* (owned by the Town of Londonderry);
 - (2) the *Kent Allen Forest* formerly known as the *Town Wood Lot* or *Town Forest* (owned by the Town of Londonderry and the parcel directly south and west of the Town Common);
 - (3) the *Morrison House Museum* on Pillsbury Road (owned by the Londonderry Historical Society);
 - (4) the *Grange #44 facility* (owned by the Grange #44); and
 - (5) the *Two Litchfield Road* property (owned by CC Properties, LLC).
- Changes within the Historic Districts must be approved by the Heritage/Historic District

Commission according to the Town of Londonderry Zoning Ordinance, Section 4.6.2. Outside of the Historic District, the Commission also oversees the Town Pound (owned by the Town of Londonderry and restored in 1990) on Mammoth Road.

The Commission is also responsible for implementation of the recommendations from the Historic Properties Task Force Report (adopted by the Town Council in 2006) which includes periodically updating Londonderry's List of Historic Structures and Properties (contained within the Report). The list serves to protect the designated properties by using a variety of tools, keeping any measures voluntary. The Commission acts as a valuable resource center for historic structures in Londonderry and restoration information.

The Commission's goals include preserving historically significant properties, furthering the protection and restoration of stone walls and other historic features, assisting the Londonderry Historical Society with improving the functionality of the Morrison House Museum and the potential community usage of the Grange #44 facility, and protecting tree lined vistas and local designation of scenic roads. Designated by the Town Council to be a Local Scenic Byway Advisory Committee, the Commission reaffirmed the Apple Way scenic and cultural byway designation (originally designated in 1996).

As part of the planning design review process, the Heritage/Historic District Commission reviews applications for new development, commenting on landscaping, viewsheds, lighting, signage and

architectural design for all new multi-family, commercial and industrial developments. The Commission makes recommendations to the Planning Board regarding the preservation of historic buildings, stonewalls and other historic features. This year, the Commission reviewed 27 applications consisting of 14 site plans, six subdivision plans, one lot line adjustment, one rezoning, two condominium conversions, two conditional use permits, one certificate of approval. The Commission also heard a request for the removal of a stone wall in the Lorden Commons Development which the Commission denied. Bryan Young, member of the Street Naming Committee, gave an informative and interesting presentation to the Commission regarding the process of developing names for new streets.

The Commission received an application for a certificate of approval in the Kent Allen Forest for the installation of a public safety access road for emergency personnel. This request was initiated by Dave Wholley, Director of Public Works & Municipal Facilities. The Commission conducted a site walk and held several meetings (including a special meeting) to review and discuss the project before conducting a public hearing. At the public hearing, the request was unanimously approved. The Commission continues to monitor the changes to the Kent Allen Forest to ensure that it continues to be the gem that Kent Allen envisioned.

The Commission also heard from David Ellis, a local historian, who enlightened the Commission on Dismore Corner, the intersection of Pillsbury and High Range Road, a historical mecca of both business and travel related activities. The information presented by Mr. Ellis, especially the travels of President Andrew Jackson, led the Commission to further review and update the Apple Corridor Management Plan and ultimately approving changes making it more historically accurate.

The Town of Londonderry is a Certified Local Government giving the Commission access to a variety of grants. Working with the New Hampshire Division of Historic Resources, the Commission hopes to obtain a grant to assist in the preparation of an inventory of historical properties located in Town. The Commission welcomes the opportunity to work collaboratively with the Southern New Hampshire Planning Commission on other grant applications as they may arise.

The Commission also wants to thank our town staff, Town Planner Kellie Walsh, Associate Planner Laura Gandia, GIS Manager Amy Kizak, and Beth Morrison, Land Use Assistant for their valued assistance and expertise. The Commission also welcomed its newest alternate member, Lee Jeffers.

The Commission convenes every other month on the fourth Thursday (starting in January) at 7 pm in the Sunnycrest conference room in Town Hall, 268B Mammoth Road except in November, when it meets on the third Thursday. The Commission welcomes and encourages the public to attend these meetings.

Respectfully submitted,

Krystopher Kenney, Chair
Arthur E. Rugg, Vice-Chair/Planning Board Member
John Mahon, Secretary

David Colglazier, Commissioner
Sue Joudrey, Commissioner
Kristen Endyke, Commissioner
Laura Schenkman, Commissioner (alternate)
Lee Jeffers, Commissioner (alternate)
Jim Butler, Town Council Ex-Officio

HISTORICAL SOCIETY REPORT

2022 proved to be a breath of fresh air after the limited activities available to us during the worst of the pandemic. We were able to roll up our sleeves and dig into the hard work that needed to be done to reopen the Morrison House Museum to the public.

In April, we elected our slate of officers. Kirsten Hildonen, president, Gail Nessell Colglazier, vice president, Linda Green, secretary, and David Colglazier, treasurer, were all reelected to their positions. Ann Chiampa continues on in her longstanding tenure as curator.

Last year, I began the practice of thanking our wonderful volunteers up front, and I am going to continue that effort here. An organization is only as good as those who populate it, and we are lucky to have such an amazing, dedicated cadre of supporters. My deepest thanks go to Gail Nessell and David Colglazier, Linda Green, Ann Chiampa, Kims and Bill Bringhurst, Kay Webber, Jane Grady, Dr. David Ellis, Sandy Dahlfred, John Savina, and John Webster. The Historical Society thrives because of them.

Our focus in 2022 was a return to our mission: preserving and celebrating the history of our community and the properties entrusted to us. The year started with an exhaustive inventory of our Society merchandise in an effort to resume selling our hats, mugs, blankets, and books at stores around town. You can now find Historical Society merchandise at Mack's Apples, Sunnycrest Farms, and Estey's Country Store. That focus continues on in 2023, with a special emphasis on the physical and material reminders around us of Londonderry's past. We have some fascinating programs planned for the community.

The Society was also thrilled to reopen the Morrison House Museum to the public for the first time since the start of the pandemic during our Old Home Day celebration. This wouldn't have been possible without the monumental effort undertaken by Linda Greene, Jane Grady, and Ann Chiampa. They scoured and organized every single corner of the building, and it looks better now than effort before. If you haven't seen it, make it a point to come by this year!

Dasha Bulatova's musical celebrations continued throughout the year in the Parmenter Barn, and we look forward to hosting her heritage folk-music group for years to come. We also enjoyed historical talks – and walks – that let people come up close and personal with the history of Londonderry.

Our 2022 Old Home Day celebration was a rousing success. Linda Greene organized this year's celebration, and we were once again able to host a fantastic collection of artisans, craftsmen, entertainers, reenactors, and community members to celebrate Londonderry's long past. Special thanks to B's Tacos for joining us with their food truck this past year. We look forward to bringing you another splendid celebration in 2023.

If you drive by the property, you may notice one large change: the Annis-Reynolds Carriage Shed is now red! We were finally able to repaint and stain the Carriage Shed and Parmenter Barn this year. In spring 2023, we will be repainting and repairing the siding on Morrison House Museum itself. Painting historical buildings is a delicate and specialized process that takes planning. It can be difficult to schedule due to New England's erratic weather, so we were thrilled to start the process.

One of the priorities of the Londonderry Historical Society is building lasting connections with the town and the community. The Londonderry Historical Society Leadership Londonderry celebrated their graduation with us again this year, a tradition we hope to continue for years to come. We hosted three beautiful weddings and one lovely wedding shower for local families this past year. If you drive by during "golden hour," you will almost definitely see some talented local photographers making use of our picturesque scenery. We love seeing our buildings and greenery show up in the background of your senior pictures and family photos! We're honored to be part of your memories. For more on photography policies, photographer membership, or rentals, please visit <http://londonderryhistory.org/rentals-events>.

As always, our collection of artifacts, documents, and images remains one of our points of pride. We continue to work on the process of cataloging and digitizing our collections to make them more easily accessible to people near and far. Linda Greene and Sandy Dahlfred succeeded in completing our very first finding aid to the Londonderry Historical Society collections in the History Room of the Leach Library. Any parties interested in doing research there are encouraged to contact us. If you have a donation you would like to discuss with us, please reach out to curator@londonderryhistory.org.

If you haven't had the pleasure of joining Dr. David Ellis on his Musquash Cellar Hole tours in the past, we encourage you to do so this year! In the meantime, you can read the newest edition of his wonderful book, *Cellar Holes, Roads and Features in the Musquash*. Dr. Ellis continues to update and publish his work, and continues to uncover previously untold stories of Londonderry's past. Another of our long-time members, Sandy Dahlfred, also has a fantastic book available to purchase, called *Londonderry Tales: Glimpses into Londonderry, New Hampshire's Past*. You can also read her engaging short stories on her blog on our website. We are grateful these two talented researchers choose to be members of our organization. If you are interested in these or any other publications about Londonderry's history, please reach out to us at info@londonderryhistory.org. Special thanks also go to Heather Wilkinson Rojo of Nutfield Genealogy for her years of dedicated help with genealogical research questions, and we wish her the best of luck in her retirement. We will soon be making genealogy research guides available on our website.

We would love to have you join us! We meet on the third Tuesday of every month. We need volunteers to do everything from host tours to work on our website to bake cookies to help move heavy things. Even if you don't have time to volunteer, your membership is crucial in our ability to preserve and share our community's history. If you are interested in joining, please visit londonderryhistory.org/membership. And remember: our members get discounted tickets to all of our amazing events!

Respectfully submitted,

Kirsten Hildonen, President
Gail Nessell Colglazier, Vice President
David Colglazier, Treasurer
Linda Green, Secretary
Ann Chiampa, Curator

The Londonderry Historical Society was formed in 1956 and incorporated in 1968 as a nonprofit 501(c)(3) organization dedicated to the preservation of Londonderry's past, and whose mission it is to educate the public about Londonderry's history and collect, store, and display artifacts of local significance. The Society has worked hard to save five historic structures in town: the c1760 Morrison House, the c1859 Parmenter Barn, the c1840 Clark Blacksmith Shop, the Annis-Reynolds Carriage Shed, and the c1725 Rev. Morrison House. Four of those buildings now stand proudly on the Londonderry Historical Society's Morrison House Museum property at 140 Pillsbury Road, and are open to the public for tours during our events and upon request. Our museum grounds consist of 2.48 acres of orchard land the Mack family generously donated to the Society.

For more information about the Londonderry Historical Society, please visit:

LONDONDERRY HOUSING AND REDEVELOPMENT AUTHORITY REPORT

In 1968 the citizens of Londonderry authorized the formation of the LHRA and charged it with acquiring and developing government surplus land adjacent to what is now the Manchester Boston Regional Airport. The development of this land represented a significant opportunity to increase the industrial tax base and influence the course of development in this part of town. This land, long since re-developed and sold, has contributed millions of dollars of tax revenue to Londonderry. But the Authority's ongoing mission continues to be fostering high-value development of this underutilized area for the benefit of the town.

In recent years, the successful acquisition and development of large tracts of commercial and industrial properties surrounding the airport has resulted in increases to the town tax base, namely in the area of Pettengill Road. This also meant that there were fewer opportunities for the Authority to provide assistance. Thus, in 2021, the LHRA sought and gained approvals from the Town Council to extend the Authority's purview to include activity in any area of the town of Londonderry. Now, other blighted or underdeveloped areas of town have the Authority as a resource to transition such parcels and projects into productive use as tax-paying commercial or industrial enterprises.

In 2022, the LHRA was approached by the Town to help address DOT traffic limits on Pettengill Road. Funding provided by the LHRA was used to secure services for an engineering study of the area to define mitigating enhancements which would delay a need to move to adding two additional lanes to Pettengill Rd.

The Commissioners look forward to continuing this important work in the coming year.

LHRA Commissioners:

Dan Root (Chairperson)

Chris Powers (Vice Chairperson)

Bill Mee (Treasurer)

Dave Abbott (Secretary)

Greg DePasse

LEADERSHIP LONDONDERRY REPORT

Leadership Londonderry was established in 2003 as a result of the Best Towns Initiative. Citizens at the forum identified the need for more community leaders and recognized the inherent challenges facing newly appointed or elected residents to leadership positions.

Mark Oswald and Pollyann Winslow co-founded the program to educate, inform and motivate citizens to serve in leadership roles and gain a thorough understanding of how Londonderry Town and School District government functions.

The curriculum offers a unique opportunity to meet and learn about School and Town Government, and their respective functions, departments and staff roles and responsibilities from key staff and decision makers. We begin with a tour of Londonderry with the Superintendent of Schools and Town Manager serving as Tour Guides. Meeting the third Thursday of each month from 4-8PM we address Public Safety, Planning and Economic Development, Finances & Budgetary process, Environmental Concerns (conservation, environmental protection, health and code enforcement), Quality of Life, Library, Parks & Recreation, Cable Station, Senior Citizen Programs, Town Heritage, Master Plan Review, I-93 Expansion and Manchester-Boston Regional Airport. Each month supports a rigorous, detailed agenda for each topic area.

We welcome your questions and participation. For further information, please contact Kirby Brown at Town Hall (432-100, ext.120) or ourselves.

Directors:

Kirby Brown – (603) 432-1100, ext. 120

Mark Oswald – (603) 867-5800

Pollyann Winslow – (603) 858-6696

PLANNING BOARD REPORT

The Planning Board receives its authority from the State of New Hampshire Revised Statutes Annotated (RSA) 672- 678 and the Town of Londonderry Charter (1996). The Planning Board adopts site plan and subdivision regulations, and recommends to the Town Council, the zoning ordinances for adoption. These tools allow our municipal government to meet the demands of evolving growth as well as enhance the public health, safety and general welfare. They also encourage the appropriate and wise use of land.

The membership is governed by RSA 673:2 and the Town of Londonderry Charter, and consists of nine members and three alternate members. The members must be residents of Londonderry. Of the nine full members, one is a Town Council ex-officio, one is the Town Manager ex-officio or designee and one is a Town administrative official, selected by the Town Manager. Other than the ex-officio members, all members have three-year staggered terms and are appointed by the Town Council. The alternate members vote when appointed by the Chair for an absent full member. This excludes the ex-officio members. The year 2022 proved to be busy for the Planning Board. Economic activity was overall stable, even though the number of plans signed by the Planning Board decreased from 2021, including new subdivision and site plans, reflecting current economic factors.

Major 2022 Site Plans Approved or Conditionally Approved by the Planning Board:

Projects Approved or Conditionally Approved by the Planning Board:

Pennichuck Water Tank – water storage	water infrastructure improvement
Woodmont Commons – booster station	water infrastructure improvement

This year, the Planning Board took a closer look at certain sections of the Londonderry Zoning Ordinance, focusing on groundwater protection, livestock/poultry and portable storage units. The Board held multiple workshops and public hearings where these items were discussed and the wording finalized before making the recommendation to the Town Council for adoption. The Town Council adopted the recommendations for portable storage structures (March 28, 2022), wellhead groundwater protection (May 23, 2022) and poultry/livestock (June 6, 2022). Most notable is that the Town now has a new zoning district for wellhead groundwater protection. In addition, the Planning Board has adopted changes to the site plan and subdivision regulations that adds the definition of a “lot line adjustment” and minor changes regarding receipt, processing and accepting plan applications.

The Planning Board received two requests for rezoning. The first request was for the rezoning of three lots at Mammoth Road, Page Road and Rockingham Road (Route 28) from Commercial II and Agricultural Residential I to Residential III (Multifamily). This was recommended for adoption to the Town Council. The second request was for the rezoning of part of the Londonderry Rail Trail from Agricultural Residential I to Commercial II. This was recommended for denial to the Town Council. These are currently pending.

Londonderry’s Gateway Business District (the Pettengill Road area surrounding the southerly part of the Manchester-Boston Regional Airport) currently has operating businesses of the FedEx Ground facility, Prologis (UPS/Pratt and Whitney) facility, Milton CAT facility, EIS facility, FW Webb facility and Bellavance Beverages facility. All of these combined have contributed over two million square feet of space towards our property tax base. Continued growth is planned for this area.

The Board received its 2021 Annual Update for Woodmont Commons in April. Noted was that Woodmont Commons is returning to normal from the COVID-19 pandemic, but that restaurants and hotels are not coming back to pre-COVID-19 levels yet. The Baldwin Retirement Community (a phased elderly living facility of 254 independent living units and 40 assisted living units) presales are impressive with construction underway. The Derry Medical Building is at the beginning stages of construction and has generated good interest. Also Enterprise Bank near Market Basket is underway. The single family residential units (28) on Catesby Lane are fully built, sold and occupied. For the future, a restaurant and bar, a hotel and an office building are planned for the PUD Main Street along with multi-family apartments. There are projects under purchase and sale agreements regarding multi-family housing, more medical office users and a possible flex-manufacturing project. The 2021 Annual Fiscal Update indicates that Woodmont Commons is tax positive and had 14 students added to the school system. Details can be found at

the Planning Board website under Woodmont Commons PUD Master Plan Page. This is all part of Phase I (a site plan approved in 2016) encompassing 60 acres. All facilities will be in a walkable area with common green space.

The 2024-2029 Capital Improvement Plan (CIP) was adopted on November 9, 2022. This CIP Report can be found on the Town's website under the Planning Board tab. This plan is for use by the Town Council and School Board as they so desire in their budget preparations along with the Budget Committee, and it is a planning tool for determining and measuring infrastructure needs. The purpose is to spread costs over a six year period so tax rates can be controlled and stabilized. We want to thank the CIP Committee, led by Chair Steve Breault of the Budget Committee, for their hard work in addition to our Town Manager and Staff, our Planning Staff, and the School Superintendent and Staff for the 2024-2029 CIP preparation.

After nine years of sustainable growth as defined by our former Growth Management Ordinance (GMO), the GMO was allowed to lapse at the end of 2015. The Planning Board is carefully following the GMO statistics annually to monitor the Town's growth and infrastructure needs (by the CIP – see the above paragraph). Our 2021 Residential Growth Update Report indicates that a total of 200 new residential dwelling units were permitted in 2021. These new dwelling units are the sum of new dwelling units, less the number of residential demolition permits. The number of permits issued in 2021 is higher than the average rate of dwelling units over the six preceding calendar years (average 129). Of those permits issued, 117 were new single family residential units, 0 were two family residences, 80 were conversions (single family converted to multifamily, accessory dwelling units or commercial/industrial converted to residential) and three were manufactured housing. There were no new building permits issued for multi family residential development in 2021. It should be noted that in New Hampshire, a Growth Management Ordinance is only a temporary ordinance (RSA 674:22), allowing a municipality to address its infrastructure needs to accommodate growth. Londonderry has accomplished this to date through the CIP (see the above). Also noted, Londonderry's tax rate has remained stable, an indicator that growth has been well managed.

We want to extend a thank you to Colleen Mailloux for her 6 years of service as our Town Planner. Colleen left her employment with the Town in May of 2022, and her knowledge, experience and expertise will be sorely missed. We welcome Kellie Caron as our new Town Planner. Kellie is a native of Londonderry, and was recently promoted to Assistant Town Manager and Economic Development Director. Kellie will still perform the role of Town Planner.

We thank the staff of the Planning and Economic Development Department: Kellie Caron, Assistant Town Manager and Economic Development Director, Town Planner; Laura Gandia, Associate Planner; Amy Kizak, GIS Manager/Comprehensive Planner; and Beth Morrison, Land Use Assistant. Also, we thank John Trottier, Director of Engineering and Environmental Services.

The Planning Board meets the first two Wednesdays of each month at 7:00 PM in the Moose Hill Chambers at the Town Hall, 268B Mammoth Road. The first Wednesday is public hearings for new subdivision and site plans, and the second Wednesday is continued public hearings for new subdivision and site plans, conceptual plans, workshop sessions, and public hearings for proposed zoning ordinances and subdivision and site plan regulations. Projects under review and agendas

are posted on the Town's website, and legal notices are published in local newspapers. The public is always welcomed and encouraged to attend these meetings.

RECREATION COMMISSION REPORT

The Recreation Commission meets on the second Monday of each month at 7:30 PM in the Sunnycrest Room at Town Hall. All Town residents are invited to attend and voice concerns or present ideas to help improve recreation in Londonderry. Residents are reminded that up to date information can be obtained by calling the *RECREATION HOTLINE*, 437-2675, or by visiting the Town website www.londonderrynh.org and linking to the Recreation Department.

Adult programs offered to Town residents include 4 softball leagues: men's league, over 50 league, women's league and a co-ed league. Other adult activities include pick up co-ed volleyball, adult volleyball league over 30 basketball league and pickup basketball. Programs available to the Town's youth are basketball, lacrosse, softball, baseball, football, cheering, soccer, and wrestling. Also available is the Summer Playground Program, which operates during the students' summer vacation at one of the school district's elementary schools.

It is hoped that Town residents avail themselves of the Nelson Road Field Complex, which includes four (2 illuminated) tennis courts, two illuminated basketball courts, a youth playground, softball field, and a skateboard park.

Our Tennis and Basketball Courts have fell victim winters of New England and will soon need serious repairs. It also is hoped that the operating budget be adequately funded to sufficiently maintain our present facilities. The summer of 2022 was not kind to Recreation as the dry conditions stressed our facilities and budget. A lightning strike at the LAFA complex fortunately did not cause any injuries, but it did create problems with lighting and irrigation systems.

The citizen's initiative to raise funds to add interactive items to the Nelson Road Playground has been a huge success. Lead by Katie Keeley several items have been installed at the playground and are now in use.

The Commission would like to thank the Londonderry School District for the use of their facilities for all of our indoor activities, and to the SAU Field Maintenance crew and Town Highway Department for all their help and guidance. Also, the Commission would like to thank the Town Council for their continued support, advice and encouragement. Special recognition is given to Janet Stone who continuously volunteers to clear up the litter at the Nelson Road Complex. The Commission extends thanks to the countless number of people who constantly give of themselves for both the adult and youth recreation and sports activities. Year in and year out, these people show us that the spirit of volunteerism is alive and thriving in Londonderry.

Respectfully submitted,

Ron Campo

Art Psaledas, Director

SOLID WASTE AND ENVIRONMENT COMMITTEE REPORT

The mission of the Solid Waste and Environment Committee is to educate, inform, and lead the community on recycling, solid waste disposal, and other environmental initiatives and issues to improve the quality of life in Londonderry.

The Solid Waste and Environment Committee was formed in 1988 to address citizen concerns with the impact of solid waste disposal on the quality of life in Londonderry. The Committee assists the Environmental Services Division of the Town's Department of Engineering and Environmental Services in promoting and managing Londonderry's solid waste recycling and disposal programs. At over \$2.5 million annually, solid waste is the fourth largest line item in the Town budget.

The many user-friendly programs implemented and/or supported by the Committee over the years have helped residents utilize methods to minimize their waste, reduce their tax burden, and protect and beautify their local environment. The Committee also partners with Beautify Londonderry, an all-volunteer effort focused on reducing litter along town roads and undertaking general landscaping and beautification projects.

New activities the Committee engaged in during 2022 included:

- Creating a liaison program with the Londonderry High School Green Council, which included adding two members of the Green Council as non-voting members to the Committee.
- Partnering with the Londonderry Rail Trail to provide seasonal trash bins at two locations along the trail.
- Establishing the first "Sponsor-a-Spot" location at South Elementary School. The Committee wishes to recognize the support of local businesses Harold Estey Lumber and Country Store, Jersey Mike's, and Planet Fitness in this effort.
- Establishing a program to provide new Londonderry residents with household solid waste and recycling information.
- Promoting a textile Recycling event in conjunction with the Fall Beautify Londonderry roadside clean up event. More than 2000 pounds of clothing, shoes, and other textiles were collected during this event.

Ongoing activities in 2022 included:

- Fielding questions from the public about the Town's solid waste and recycling programs. The Town's recycling diversion rate (based on tonnage) is averaging 25%, reflecting in large measure the impact of our single stream, automated recycling collection. Residents have their own blue recycling cart to put out at the curb, which contributes to the higher recycling rates, which in turn lowers taxes.

- Supporting the annual Household Hazardous Waste Day events in Londonderry (November) and Derry (May), and Drop-Off Center services on West Road (open Saturdays April through November, and Wednesday afternoons from early May through early September).
- Supporting the Waste Oil Reclamation Program at the Central Fire Station. This program collected 1,250 gallons of waste oil in 2022, and has collected over 48,000 gallons since its inception in 1995. This waste oil is used to heat the Department of Public Works garage on High Range Road, which significantly reduces the amount of propane needed, and saves taxpayer dollars.
- Expanding participation in the “Sponsor-A-Road” program, where local business and civic organizations commit to maintaining the roadside on a specific section of the town’s roads. Bosch Thermotechnology, Admix, Trend Moving and Storage, and ECCO Shoes currently participate in the program.
- Expanding the use of social media to disseminate solid waste and recycling news and information. Postings throughout the year on various town related sites received positive feedback.
- Continuing the management of the Town’s five “Welcome to Londonderry” sign plots. Shady Hill Nurseries looks out for the signs on Rockingham Road at the Manchester line and on Nashua Road near the Hudson line. Groundhog Landscaping takes care of the signs on Rockingham Road near the Derry line and on Mammoth Road near Windham. Artisan Landscapes takes care of the sign on Nashua Road near I-93. Please support these local businesses!
- Continuing our partnership with Londonderry Trailways and the Conservation Commission to take turns writing monthly columns in the Londonderry Times. These pieces inform and educate the community about local conservation, solid waste, and environmental issues on a regular basis. Look for the columns under the banners of “Going Green in Londonderry” and “Conservation Matters”.
- Providing guidance to the volunteers of the “Beautify Londonderry” subcommittee.
- Providing an overview of the Committee’s activities for the “Leadership Londonderry” program.

Plans for 2023:

- Collaborate with Environmental Services Division staff to finalize and update the “Buried Treasure” recycling guide.
- Support state level legislative efforts regarding the removal of PFAS packaging materials from the fast-food waste solid stream.
- Continue the promotion of the “Sponsor-A-Road” and “Sponsor-a-Spot” programs.
- Collaborate with Beautify Londonderry and the Londonderry “Green Team” on establishing Pollinator Pathways that promote sustainable agriculture.
- Investigate opportunities to host a town wide Energy Fair and to establish a “Buy Nothing” program.
- Continue leveraging social media to provide timely solid waste and environmental information to Londonderry citizens.
- Continue working to assure that timely and effective solid waste and environmental information is available on the town website.

TOWN OF LONDONDERRY 2022 ANNUAL REPORT BOARD/COMMITTEE REPORTS

- Identify new ways to reduce or prevent municipal waste and maximize recycling. Focus areas include:
 - Keeping plastic bags and film out of residents' recycling carts and working with Waste Management to educate residents on recycling this material.
 - Keeping other inappropriate (non-recyclable) material out of residents' recycling carts and increasing the resident's awareness of the increased costs that this contamination causes.
- Continue our collaboration with other solid waste or sustainability committees in the region on projects of mutual interest.
The Committee thanks the following local businesses for their continued support:
- Tisdell Transmissions, 27 Ash Street, for accepting used motor oil from residents.
- Shady Hill Greenhouses and Nursery, Artisan Landscapes, and Groundhog Landscaping for maintaining the "Welcome to Londonderry" signs.
- The Londonderry Times newspaper for hosting our "Going Green in Londonderry" columns.

For more information on waste and recycling programs, go to londonderrynh.org and visit both the Committee's homepage and the Department of Public Works homepage. The Beautify Londonderry sub-committee also has its own homepage at londonderrynh.org.

Anyone interested in working on ways to reduce municipal waste and enhance the local environment is encouraged to join us at our meetings on the second Monday of the month, from 7:00 to 8:30 PM, at Town Hall.

SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION REPORT

The Southern New Hampshire Planning Commission (SNHPC) provides a wide range of services and resources to help member communities with a variety of land use planning and transportation challenges. Each year, with the approval of appointed representatives, the Commission's skilled staff designs and carries out programs of regional significance mandated by New Hampshire and federal laws or regulations. The Commission also works with Community staff, land use board volunteers, and governing boards on a variety of local projects.

Often, community stakeholders request assistance from SNHPC for traffic, pedestrian, and bicycle counts, grant assistance, specific studies, mapping, and facilitation services. Technical assistance is provided in a professional and timely manner as SNHPC carries out projects of common interest and benefit to all member communities; and keeps officials apprised of changes in planning and land use regulations.

In 2022, the Commission provided the Town of Londonderry with assistance on a number of local planning efforts including:

- Providing the Londonderry Planning Board with staffing assistance during a staffing transition,
- Conducting traffic counts and providing pedestrian counts,
- Reviewing a proposed major residential subdivision through the Development of Regional Impact (DRI), and
- Participating in NHDOT traffic scoping meetings for proposed developments on Route 102 and Route 28.

The following table details services performed for the Town of Londonderry during the past year and includes both hours worked specifically for the Town and for regional projects involving multiple municipalities. In the latter case, the total hours spent by SNHPC staff are divided equally by the number of communities, resulting in time allotment attributed to each community. Examples of regional projects are the development of the New Hampshire Department of Transportation (NHDOT) Ten-Year Transportation Improvement Plan and the development of the Regional Housing Needs Assessment.

TOWN OF LONDONDERRY 2022 ANNUAL REPORT BOARD/COMMITTEE REPORTS

Hours	Description
193	Hired a regional Mobility Manager, a new position working to better understand transportation needs and coordinate transportation services in the region. Work focused on assisting homebound individuals to utilize existing transportation services for medical appointments and essential errands, identifying needs and barriers to transportation, understanding needs of community transportation and human service providers, and improving coordination between different services to meet the needs of all individuals.
150	Conducted traffic counts at 31 locations in the town, including Harvey Rd south of Delta Dr which reported approximately 11,175 Annual Average Daily Traffic (AADT).
112	Provided oversight and administration for FTA 5310 transportation service. This federal funding stream is locally matched, and supports CART and other community transportation projects that benefit Londonderry.
80	Continued to update the Regional Housing Needs Assessment in collaboration with other Regional Planning Commissions. Provided multiple outreach opportunities including surveys, virtual community conversations, and social media options. Conducted data analysis and research on various elements that impact housing. Developed a draft report scheduled to be released in early 2023. Hosted a virtual technical session on NH Housing Finance Authority's Housing Opportunity Planning Grant application.
76	Londonderry Planning Assistance: Provided technical assistance to the Town of Londonderry conducting plan reviews, coordinating with staff on application concerns, meeting with applicants to review plan deficiencies, and providing reports and advice to the Planning Board.
35	Conducted feasibility analysis of potential sites for public Electric Vehicle (EV) charging infrastructure for inclusion in a regional charging plan. Viable sites for DC Fast Charging and Level 2 charging were identified by analyzing traffic volumes and various site features and amenities including availability of Phase 3 power required at potential sites along state routes.
35	Performed 2 pedestrian and cyclist counts on the Londonderry Rail Trail.
34	Participated on Regional Transportation Coordinating Council (RCC) to better coordinate public and human service transportation options locally and regionally. Tasks included scoping and developing budgets for transit-related projects, serving as lead agency for FTA 5310 funds for combined Manchester-Derry-Salem region, and coordinating with stakeholders to finalize and implement a regional Mobility Manager position. Additionally, staff oversaw a comprehensive update of the 2016 Coordinated Public Transit-Human Services Transportation plan by updating figures, garnering RCC and RPC input, and collating into a finished document which was approved in September.

TOWN OF LONDONDERRY 2022 ANNUAL REPORT BOARD/COMMITTEE REPORTS

Hours	Description
31	Coordinated an update of the FY 2025-2034 Ten-Year Transportation Improvement Plan which highlights transportation system improvements for the region. The process included guidance to communities, review of projects, and presentations to the TAC and MPO Policy Committees. Provided ongoing updates and revisions to maintain project funding and scheduling.
25	Provided technical assistance to Manchester Transit Authority including outreach, CART advisory committee, mapping and updating the Short Range Transit Plan.
20	Worked with Londonderry's building department to obtain building permit data on new housing units and commercial developments in order to determine roadway network and travel pattern changes for input in the SNHPC regional travel demand model.
19	Reviewed the Town of Londonderry's existing components for the regional Intelligent Transportation System Architecture for a required update. Verified architecture for compliance for federal funding.
19	Developed a methodology for determining equity analysis areas within the region. Began investigating possible transportation related disparate impacts and adverse effects on Title VI/Environmental Justice classes and other vulnerable groups.
18	Reviewed a proposed major residential subdivision through the Development of Regional Impact (DRI) review process, providing written comments for our communities, and attended the Litchfield Planning Board meeting to present and the concerns of regional impacts to Manchester and Londonderry.
18	Performed regional freight planning, facilitated freight stakeholder meeting, truck routes congestion planning and strategies and other freight research work.
13	Facilitated a "Pathways to Play" project to assess access to recreational facilities in each of the 14 communities in the SNHPC region with a goal of reducing childhood obesity. Mapped recreation facilities, conducted a region-wide survey, and continued to engage community stakeholders.
11	Participated in the efforts of the Alliance for Healthy Aging (AHA) Transportation Committee to provide Age-Friendly Community Assistance. Worked with multiple agencies and stakeholders across the state to ensure a coordinated effort to improve transportation awareness and options for older and disabled adults, immigrants, veterans, minority, low-income, and other vulnerable populations. Worked toward a statewide transportation needs assessment (ongoing). Assisted with a statewide volunteer driver recruitment initiative that culminated with a website and multi-media outreach campaign. For more information: https://nhaha.info/volunteer-driver-initiative/
7	Provided scenic byway assistance for the region, including the Londonderry Apple Way.
7	Represented RPCs on the State Coordinating Council for Community Transportation (SCC) to better coordinate transportation options throughout New Hampshire; participated in monthly meetings, provided insight regarding volunteer driver program initiatives and transportation needs for older adults, and contributed to a statewide proposal to assess the transportation needs of older adults.

TOWN OF LONDONDERRY 2022 ANNUAL REPORT BOARD/COMMITTEE REPORTS

Hours	Description
5	Completed a complete updated long-range plan for transit services available in the town, a prerequisite for eligibility for formula transit operating and capital funds. This also allows transit providers to plan and apply for competitive discretionary funds for expanded transit services for residents.
4	Developed a regional Rail Trail Passport program in celebration of Bike to Work Month, in which one participant won an e-bike donated by a local bike shop. Worked with community representatives to provide outreach and education on local trails throughout the region.
4	Began updating the region's Climate Action and Adaptation Plan (ongoing project).
2	Recommended town website updates to improve access to information on the CART – Londonderry Demand-Response shuttle.
2	Hosted CommuteSmart NH challenge to encourage multi-modal trips (transit, carpooling, bicycle, etc.) to help residents save money, reduce wear and tear on their vehicle, help relieve congested roads, and live a healthier, less stressful lifestyle.
1.5	Participated in NHDOT traffic scoping meeting for Londonderry Route 102.
1	Participated in NHDOT led Scoping Meeting for Londonderry gas station on Rt 28.
1	Coordinated with Rockingham Planning Commission, Strafford Regional Planning Commission, and Nashua Regional Planning Commission on a joint Safe Streets for All grant application to identify potential transportation safety improvements in the region.

Executive Committee Member: Arthur E. Rugg

TRAFFIC SAFETY COMMITTEE REPORT

The Traffic Safety Committee's charter is to address the problems of the Town citizenry when submitted to the Committee. The Committee uses Regulation 94-1, which was adopted by Town Meeting 1995 as a guide to uniform enforcement. This regulation employs the standards of the US Department of Transportation Federal Highways Administration (MUTCD), Manual on Uniform Traffic Control Devices for Streets and Highways (as amended), the New Hampshire Department of Transportation Publication "Traffic Control Standards, Statutes, and Policies" (as amended) and New Hampshire's RSA 259:125. The Town's inventory of standard devices is installed under this Regulation.

The Traffic Safety Committee is working to solve traffic problems, and speeding continues to be the number one problem facing the town. The Committee presented a non-binding Resolution for reducing the town-wide speed limit to 30 MPH, which was soundly defeated by the town's residents. The Committee has also presented a recommendation to look into lowering speed limits on specific roadways in town. This was presented to the Town Council, as requested by the residents who live on these roadways. The Londonderry Police Department continues to patrol, monitor, and ticket violators to control and reduce the speeding problems, and keeping the roads safe.

Copies of the meeting minutes of the past year are available for information and viewing on the town website and in the Town Clerk's Office. This past year's goals will overlap into 2023 as the Town continues to experience growth. Meetings of the Committee are held quarterly, the first Monday of the month, with the exception of the January and July meetings. The January meeting will be held on January 9th, 2023 at 5:30 PM, the April meeting will be held on April 3rd at 5:30 PM, the July meeting will be held on the 17th day of the month at 5:30 PM and the October meeting will be held on the 9th of October, 2023 at 5:30 PM. The location of these meeting will be shown on the video display in the lobby of the Town Hall and on the Town website.

Finally, the Committee gratefully acknowledges the support and professional assistance provided by the Town Council, Town Council Executive Assistant, Police Department Executive Secretary, Police and Fire Chiefs, Town Planner, and, Town Manager. In addition, the Committee would like to thank the Highway Department personnel for the effort they put forth during the year to assist this committee in meeting its responsibilities to the Town of Londonderry.

In addition, the Committee would like to thank the Highway Department personnel for the effort put forth during the year to assist the Committee in meeting its responsibilities to the Town of Londonderry.

This year the Committee saw a lot of change. Many members went, and new ones came. So many people to thank! The Committee would also like to thank Councilor Jim Butler for his service to the Committee as the Town Council Liaison over the last few years. The Committee welcomed his replacement, Councilor Chad Franz.

In addition, the Committee would like to thank former school Superintendent Scott Laliberte for his contributions to the Committee, and welcome his replacement, new school Superintendent, Dan Black.

The Committee would like to thank former Town Manager, Kevin Smith, for his contributions to the Committee over the last eight years. They welcomed new Town Manager, Michael Malaguti, to the Committee.

Finally, the Committee would like to thank Police Chief Bill Hart, for his work and assistance as Chief of Police, and Acting Town Manager, over multiple years. He is a valued member of the Traffic Safety Committee and he served our community well. We would like to wish Chief Hart great success in his new role as United States Marshall for the State of New Hampshire. We welcome his replacement, Police Chief Kim Bernard, and we look forward to working closely with him, as well as all of our new members, in the years to come.

Respectfully submitted,

Robert A. Ramsay – Chairman

Dan Black – School Supt.

Suzanne Hebert – Secretary

Chad Franz – Council Liaison

Jason Breen – Deputy Police Chief

Fred Heinrich – Deputy Fire Chief

Kim Bernard – Chief of Police

Darren O'Brien – Fire Chief

John Trottier – Director of Eng. and Env. Services

Michael Malaguti – Town Manager

Paul Peddle – Member At Large

Dave Wholley – Dir. of DPW and Muni. Buildings

TOWN COUNCIL REPORT

The Town Council continues to work on behalf of all citizens providing policy direction and leadership to staff in order to deliver high quality municipal services at reasonable cost with the goal of keeping taxes low. Despite the economy, development is booming in Londonderry and Southern New Hampshire as a whole. These economic conditions provide challenges as demand for municipal services is increasing and development requires continued infrastructure investment.

The Town Council continues to take a strategic long-term view of the Town's development. We believe enhancing economic development opportunities can assist with stabilizing residential property tax obligations. During the past year, the Council has interacted with staff and the Planning Board to welcome more new business and industry to Londonderry. The Council passed the Commercial and Industrial Tax Exemption Program, which soon attract large, high-end users to commercial and industrial areas, contributing to a healthy tax base for the benefit of residential taxpayers.

Our goal is to keep the tax rate as stable/manageable as possible without adversely impacting the long-term financial condition of the Town. For this reason, we encourage as many residents as possible to participate in the annual budget process which provides great detail into which services the Town offers and the cost of those services. More information about the budget can be found on our website www.londonderry.org under the Finance Department.

We wish to thank all of our elected and appointed officials, volunteers and town employees who work tirelessly each day for the benefit of our community. Together we're continuing to improve upon our already exceptional community!

Respectfully submitted,

John Farrell, Chairman
Joe Green, Vice-Chairman
Jim Butler, Councilor
Deb Paul, Councilor
Chad Franz, Councilor

TRUSTEE OF THE TRUST FUND REPORT

The State of New Hampshire’s Revised Statutes Annotated (RSA) 31:22-a requires that the Town of Londonderry have elected Trustees of Trust Funds to oversee the receipt, investment, and disbursement of funds which have been allocated by the Town, or which have been paid to or donated to the Town and are held in Trust. Currently serving as elected Trustees are Conner Keeley and Patrick Cassidy with one Vacancy.

As of June 30, 2022, the Grand Total of funds held in Trust was \$6,557,073. Of this, \$4,939,658 was Expendable Funds, deposited with Citizens bank. \$1,617,415 was in Non-Expendable Funds deposited with the Cambridge Trust Company. Expendable funds include, for example, funds approved by Town Meeting for such purposes as future purchases of ambulances, highway heavy equipment, school capital projects and reclamation. Non-expendable Funds include, for example, donations, gifts, scholarships and money for perpetual care of Town cemeteries.

Fiscal Year	Fund Type		Total
	Expendable	Non-Expendable	
2022	\$4,939,658	\$1,617,415	\$6,557,073
2021	\$3,998,133	\$1,689,175	\$5,687,308
2020	\$3,199,690	\$1,174,079	\$4,373,769
2019	\$2,819,705	\$1,089,447	\$3,909,152
2018	\$2,092,025	\$1,073,639	\$3,165,664
2017	\$2,179,697	\$1,018,004	\$3,197,701
2016	\$2,610,755	\$1,044,684	\$3,655,439
2015	\$2,838,549	\$1,018,725	\$3,857,274
2014	\$3,134,146	\$ 988,648	\$4,122,794
2013	\$1,942,836	\$ 846,958	\$2,789,794
2012	\$1,659,842	\$ 734,453	\$2,394,295
2011	\$1,477,214	\$ 743,524	\$2,220,738
2010	\$1,651,238	\$ 611,883	\$2,263,121
2009	\$1,416,831	\$ 564,791	\$1,981,622
2008	\$1,213,767	\$ 645,174	\$1,858,941
2007	\$1,484,812	\$ 654,988	\$2,139,800
2006	\$ 911,761	\$ 598,187	\$1,509,948

In addition, Trustees are responsible for administration and maintenance of the Town’s cemeteries. Purchase of burial plots are only available in the Pillsbury Cemetery on Hovey Road, the remaining cemeteries are either being used for deceased or have been sold for future use. The current price for a single burial plot in either Pillsbury Phase I, II or Phase III A is \$500 for a single burial plot, and \$800 for a double burial plot. Sales are only to residents of the Town of Londonderry.

TOWN OF LONDONDERRY 2022 ANNUAL REPORT BOARD/COMMITTEE REPORTS

Interments for the year were:

	Full	Urn	Total
Glenwood	4	1	5
Pleasantview	3	3	6
Pillsbury	9	19	28
Total 2022	16	23	39

Lot Sales for the year were:

15- Single, 14 – Double

Remaining available Lots for Sale:

2 – Cremation Only, 2 – Single, 100 – Double

Londonderry’s oldest cemetery is Pinkerton Cemetery, also located on Hovey Road, and dates from the 1700s. Other than the two cemeteries already mentioned, the remaining cemeteries are Glenwood Cemetery on Mammoth Road, Pleasantview on Mammoth Road, Kendall Cemetery on Kendall Pond Road, Sunnyside on Litchfield Road, Towne Cemetery on John Street, and Valley Cemetery on Pillsbury Road.

Activities for the year:

- Veteran’s markers installed at Glenwood and Pillsbury Cemeteries.
- Development of Pillsbury Phase III cemetery, with the completion of Pillsbury Phase III A. Phase III B, C, & D need to be developed; additional funds needed to implement these phases.
- Reviewing of cemetery rules and regulations for Pillsbury Cemetery Phase III.

Goals for FY23:

- Development of Pillsbury Phase 3 B for additional plots; this is tied to the voters approving additional funds into the Pillsbury Cemetery Capital Reserve.
- As needed headstone repairs at Valley, Glenwood, Pleasantview and Sunnyside Cemeteries.
- Continue clearing of stonewalls in Glenwood, Pleasantview, and Valley Cemeteries.
- Continue the repair or replacement of retaining walls in Glenwood Cemetery.
- Installation of new fencing at Pillsbury Cemetery

Dave Wholley—Director of Public Works and Municipal Facilities

ZONING BOARD OF ADJUSTMENT REPORT

The Zoning Board of Adjustment consists of five appointed and three alternate members. Each member/alternate serve for a three-year term and is required to be a resident of the Town. The officers of the Board are a Chair, Vice Chair and Clerk, who are elected annually by the Board. The Board uses its Rules of Procedures to assist in conducting its business. Monthly meetings of the Zoning Board of Adjustment occur on the third Wednesday of each month in the Moose Hill Council Chambers, 268B Mammoth Road at 7:00 p.m.

A list of meeting dates and submission deadlines is available at the Planning & Economic Development Department and on the Town of Londonderry's website.

Appeals to the Board of Adjustment concerning any matter within the Board's power as set forth in RSA 674:33 may be taken by any person aggrieved with standing or by any officer, department, board, or bureau of the municipality affected by a decision of the administrative officer.

The Board has the authority to act in four separate and distinct categories as outlined below:

- 1. Appeal of Administrative Decision:** An appeal involving an alleged error in any order, requirement, decision, or determination made by an administrative official in the enforcement of any zoning ordinance adopted pursuant to RSA 674:16.
- 2. Special Exception:** A request to use land or building(s) that is permitted, subject to meeting specific criteria and conditions that are set forth in the ordinance.
- 3. Equitable Waiver of Dimensional Requirement RSA 674:33-a:** When a lot or other division of land, or structure, is discovered to be in violation of a physical layout or dimensional requirement imposed by a zoning ordinance, an applicant may be granted an equitable waiver of dimensional requirement if the Board finds: (1) the violation was not noticed or discovered until after the structure in violation was substantially completed or until after a lot or other division of land in violation was subdivided by conveyance to a bona fide purchaser for value; (2) the violation was not an outcome of the ignorance of the law, failure to inquire, obfuscation, misrepresentation, or bad faith on the part of the owner or owner's agent but was instead caused by either a good faith error in measurement or calculation or by an error in ordinance interpretation or applicability made by a municipal officer; (3) the physical or dimensional violation does not constitute a public or private nuisance, nor diminish the value of other properties in the area, nor interfere with or adversely affect any present or permissible future uses of any such property; and (4) that due to the degree of past construction or investment made in ignorance of the facts, the cost of correction far outweighs any public benefit to be gained.
- 4. Variance:** A request for a relaxation or a waiver of any provision of the zoning ordinance authorizing the landowner to use his or her land in a manner that would otherwise violate the ordinance, and may be granted if the applicant can establish to the satisfaction of the Board, the following five criteria for the granting of a variance pursuant to RSA 674:33:

TOWN OF LONDONDERRY 2022 ANNUAL REPORT BOARD/COMMITTEE REPORTS

1. The variance will not be contrary to the public interest;
2. The spirit of the ordinance is observed;
3. Substantial justice is done;
4. The values of surrounding properties are not diminished; and
5. Literal enforcement of the provisions of the ordinance would result in unnecessary hardship.

(A) For purposes of this subparagraph, “unnecessary hardship” means that owing to special conditions of the property that distinguish it from other properties in the area:

- (i) No fair and substantial relationship exists between the general public purposes of the ordinance provision and the specific application of that provision to the property; and
- (ii) The proposed use is a reasonable one.

(B) If the criteria in subparagraph (A) are not established, an unnecessary hardship will be deemed to exist if, and only if, owing to the special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance, and a variance is therefore necessary to enable a reasonable use of it.

A public hearing is required before the Board can take action on any application. The public hearing provides anyone with an interest in the application to hear the facts in the case and offer comments for the Board’s consideration. Notices are sent to abutters via certified mail according to state statute. At the hearing, the Board considers each application as presented. Every case is unique with different facts and circumstances and is viewed accordingly. The Board has the authority to attach conditions when issuing a decision. The concurring vote of three members shall be necessary to reverse any action of an administrative official or to decide in favor of the applicant on any matter on which it is required to act.

The 2022 year proved to be a busy year for the Zoning Board. Fifty-six (56) requests were processed. This number does not include the cases that were continued from the previous year. The Board’s activity for the 2022 calendar year was as follows:

MONTH	NO. OF REQUESTS	TYPE OF CASES	DECISIONS
January	1	Special exception	granted w/ conditions
February	1	Appeal of adm decision	ZBA determined it lacked jurisdiction to hear the appeal
March	4	one appeal of adm decision; three variances	two variances granted w/ conditions; one variance withdrawn; appeal of adm decision denied
April	3	two variances; one special exception farm products	one variance granted w/ conditions; one

TOWN OF LONDONDERRY 2022 ANNUAL REPORT BOARD/COMMITTEE REPORTS

			variance granted; special exception granted w/ conditions
May	6	six variances	five variances granted; one variance granted w/ conditions
June	3	two variances; one rehearing request	two variances granted w/ conditions; rehearing request withdrawn
July	0	0	0
August	3	three variances	three variances withdrawn
September	10	nine variances; one special exception	three variances granted; six variances granted w/ conditions; one special exception granted w/ conditions
October	2	one variance; one special exception	one variance granted w/ conditions; one special exception granted w/ conditions
November	2	two variances	two variances granted w/ conditions
December	22	21 variances; one special exception	11 variances granted; eight variances granted w/ conditions; one variance denied; one variance withdrawn; one special exception withdrawn

As always the Board would like to thank the citizens of Londonderry for their participation, local knowledge and input on cases under the Board’s review. The ZBA relies heavily on members of the Town of Londonderry’s “Planning and Economic Development” and “Building and Zoning Enforcement” Departments. A sincere thank you to Nick Codner, Chief Building Inspector, Laura Gandia, Associate Planner, and Beth Morrison, Land Use Assistant for all their expert knowledge and help that keeps the Board functioning. The Board would also like to welcome its newest alternate member, Chris Moore. Last but not least, we would like to thank the Cable Department and its volunteers who provide the television coverage for public viewing.

Respectfully submitted,

Jacqueline Benard, Chair
Suzanne Brunelle, Vice Chair

Brendan O’Brien, Clerk
Bill Berardino, Member
Mitch Feig, Member
Irene Macarelli, Alternate Member
David Armstrong, Alternate Member
Chris Moore, Alternate Member

State Representative	Rockingham County Districts 16, 35

Incorporated: 1722

Origin: This region was settled by Scotch colonists in 1718 at the encouragement of Massachusetts Governor Samuel Shute, when New Hampshire was still considered part of that colony. It was at that time known as Nutfield because of heavily wooded areas. In 1722, the township was incorporated as Londonderry, after the town in Ireland from where many of the settlers had come. At the time, Londonderry was the second-largest town in New Hampshire, and included all or part of Derry, Manchester, and Windham. Early Londonderry settlers spread out into surrounding villages, bringing Scottish and Irish names such as Antrim, Derry, and Dunbarton.

Villages and Place Names: North Londonderry, East Derry, Wilson

Population, Year of the First Census Taken: 2,622 residents in 1790

Population Trends: Population change for Londonderry totaled 12,548 over 41 years, from 13,598 to 26,146 in 2021. The largest decennial percent change was a 46 percent increase between 1980 and 1990. The 2021 Census estimate for Londonderry was 26,146 residents, which ranked ninth among New Hampshire's incorporated cities and towns.

Population Density and Land Area, 2021 (US Census Bureau): 622.1 persons per square mile of land area. Londonderry contains 42.0 square miles of land area and 0.1 square miles of inland water area.
