10  
11 **CALL TO ORDER**

12  
13 Chairman Farrell called the Town Council meeting to order at 7:00 PM. The Pledge was led by  
14 Chairman Farrell. This was followed by a moment of silence in honor of the Londonderry citizens  
15 and wished them good health.

16  
17 Farrell opened the initial meeting and read as follows:

18  
19 “I have been in service to the Town of Londonderry for 25 years, starting on the Planning Board  
20 for 10 years and beginning my 15<sup>th</sup> year on the Council, serving as the Chairman for the past 6  
21 years and 10 of the last 12 years. During my tenure we have had 4 Town Managers, 3 Police  
22 Chiefs. 5 Fire Chiefs, multiple department heads, dozen and dozens of retirement, new hires and  
23 award ceremonies. The voters supported a new Town Hall, Police Station and 3 Fire Stations.

24  
25 When my wife’s family arrived here in Londonderry it was approximately 5400 people, upon my  
26 arrival we had 19,800 and we now sit at almost 27,000 with 8-9000 dwellings. The community  
27 has grown and changed. We have moved from a Town Meeting form of Government to a Town  
28 Charter/ SB2 form of government. Some would say this was a mistake, some may not. As an  
29 original member of the open space task force we developed a plan that the voters approved for  
30 approximately 12 million in funding over several years. The town now controls more than 1500  
31 acres of land that will remain undeveloped. This reduced our build out capacity from 43,000 to  
32 less than 32,500.

33  
34 The Town Council presented to the voters many increases in services. The voters have approved  
35 multiple new hires for additional first responders. Increased staffing levels for police, increase  
36 staffing for 8-9 fire personnel on a shift to 13. Additionally, public works was increased from 10-  
37 12 personnel to maintain over 170 miles of roads.

38  
39 The community continues to expect excellent services from its leadership. We have many  
40 examples of the excellent value the people of Londonderry enjoy. One example is a home that paid  
41 8900 in 2009 and received a bill for 10500 today. An average increase of 110-120 dollars per year  
42 or a total of 18 percent or 1.25% a year. Increases varied from year to year and the average is  
43 simply just an example.

44  
45 The goal remains the same. Protect this community at all costs. We have 5 items that matter every  
46 day in town government. Police are well trained, have the equipment and resources and the ability

47 to respond. Fire is well trained and able to respond. The roads are plowed and well maintained.  
 48 Our most valuable asset is the protection of the children in the schools and we pick up the trash  
 49 and recycling. We now need to introduce a 6<sup>th</sup> item as the top of the priority list of the Town  
 50 Council. With the approval of the water article, the goal is to bring clean safe drinking water to all  
 51 of Londonderry. I have asked Ron Dunn to lead this effort.

52  
 53 Over the past year I have been reflecting on what does the future look like. A lot of has changed  
 54 in the past 30 years. We have enjoyed living in the outstanding community that puts its people first  
 55 and has had growth in a controlled manner by using open space purchases and multiple  
 56 development agreements. These agreements have allowed the town to offset many of the costs  
 57 associated with this type of development. Londonderry had led the way in the state and the country  
 58 with these types of tools.

59  
 60 We are currently working on additional agreements in order to grow the commercial tax base and  
 61 offset the effect of growth on the homeowner. To add to all of that we insulated the taxpayers from  
 62 any added tax burden for the building of Exit 4A based on a 1990's Boston North legal settlement.  
 63 The town has also secured millions of dollars in infrastructure funding from the federal  
 64 government.

65  
 66 It has been the honor and privilege of a lifetime to serve and continue to serve the community I  
 67 love. I am the transplant here and never heard of Londonderry until I met my wife and fell in love.  
 68 Little did I know the town was a part of the deal. We married here at St. Jude's and raised our  
 69 family here and now our children have chosen to make Londonderry their home.

70  
 71 This is my home, we have many positive things to be proud of and always look forward. Don't  
 72 dwell on the past. We can do nothing about yesterday but we can be great at tomorrow. When  
 73 issues are raised don't complain without offering a possible solution. I truly love Londonderry and  
 74 my family has dedicated much of our lives to others in this community. Always remember, service  
 75 above self.

76  
 77 With all that said, I would like to make a motion to appoint Chad Franz as Chairman and Ted  
 78 Combes as Vice Chairman of the Town Council." Ron Dunn seconded the vote.
