Attached are photos every ten steps around the cul de sac at 5 feet height illustrating lack of line of sight to driveways, traffic, walkers, kids on bikes, etc.

These pines were planted by neighbor kids probably 25 30 years ago and is a shared concern of all Verdi Lane residents as well as the other 40 some households in Avery Estates, lots of kid and dog walkers. And snow plows.

In speaking with Deputy Chief LeBlanc, he is agreeable to the LFD conducting chain saw training exercises. The challenge is to then safely remove the trees once they're down. Side note, DPW will acquire significant space for snow removal once the trees removed. Any questions prior to the January meeting please advise. Thanks in Advance, Mark

Mark Oswald
