

<b>Submission Date</b>	<b>First Name</b>	<b>Last Name</b>	<b>Please describe the strategic objective(s) that you think the Town of Londonderry should prioritize in FY27 (July 1, 2026 through June 30, 2027). If you have ideas for specific actions items or key performance indicators to support that objective, please include those too.</b>
1/20/2026 4:55:14 PM	Coryana	Rauseo	SIDEWALKS ON AUBURN RD TO GET TO THE BIKE TRAIL! The community would benefit from this. There are many families who would love to use the rail trail but it is not easily accessible. Also, kids and adults who do walk or ride on Auburn Rd. could get seriously hurt.
1/31/2026 9:52:28 AM	Robin	Gardner	<p>A few ideas:</p> <ol style="list-style-type: none"> <li>1. Affordable Housing. Londonderry has an aging population that will need lower rent options once they can no longer manage/maintain their existing house They want to stay in this community near their families. Emphasis on affordable (below market rate).</li> <li>2. Continue expanding affordable transportation routes for all. I understand this is in process.</li> <li>3. Offer more Family/Youth activities. Not all children are team oriented, not all families can afford rec sports. A portable ice rink on the Commons=more outdoor fun for families. Pickleball courts so residents don't have to travel to other towns. Weekly Farmer's Market on the Commons can benefit small local businesses, and residents. The Concerts on the Commons is fabulous! Use the Commons more for community engagement. It's a wonderful space.</li> <li>4. Allow local farms to diversify more easily (adding to Londonderry's economy).</li> <li>5. A community vegetable garden.</li> <li>6. More town/rec organized bus trips.Many residents no longer drive and feel isolated.</li> <li>7. Locate grants for expanding opportunities.</li> <li>8. Clean water access for homes still on bottled water. Thank you for the recent town/state presentation. Very informative.</li> </ol>
1/31/2026 4:59:50 PM	Alex	Killey	I really believe the town of Londonderry needs a lot more sidewalks on main roads. I go to neighboring towns like Derry, Hudson, even Litchfield and sidewalks are far more common than what's seen in Londonderry. We're really behind in this and it's sad. There's a real need for sidewalks on places like Mammoth Rd, Rockingham Rd, and Nashua Rd. Those three roads having sidewalks would enhance the feel of community, improve safety, and make the town so much nicer.

3/16/2026 2:34:09 PM	David	Sgro	Continue the water improvement project by hooking up all homes with town water.  Improve 102 traffic  Stop building homes and multifamily homes adding to the traffic and over population of the town. We should not be turning into a city
