

Utilities Committee - Water Subcommittee

Saturday, October 18, 2025 10:03

Sampling results - Manchester / Pennichuck - send to the Town

Strategic Planning Priorities:

- Objective: Encourage testing of all private wells in Town (micro view)
 - Thermometer
 - Communications plan
- Objective: Develop a comprehensive understanding of water quality in Londonderry (macro view)
 - Contaminants in superfund sites - determine leakage
 - Look at water quality of municipal water suppliers
- Objective: Routine water updates to the Town Council
 - Water-related update every other TC meeting
- Objective: Engage proactively with State-level stakeholders on water issues
 - Visit legislative delegation Town Halls
 - Request other representative Town Halls
- Objective: Develop a comprehensive communications initiative regarding water issues
 - Hold at least two community engagement events surrounding water
 - Short-form video series
 - LTE / news articles
 - School engagement?
