#### Announcements -

- On January 23, 2019, an elbow joint of a pipe going to the sprinkler in the alcove next to my office broke. It caused major flooding in approximately 1/3 of the adult section of the library. Thousands of dollars of items were saved by the staff including original artwork, chairs, tables and materials. The carpet was extracted that evening, and was cleaned and treated for mold the next day. So, the carpet was also saved. Unfortunately, there was

damage to some drum tables and books that would need to be replaced. Also, the alcove walls and ceiling would need to be demolished and rebuilt. The same applied to the sheet rock and coving up along the walls from the circulation desk to the study room. In this case, the repairs of the walls would only encompass the bottom two feet. The repair started on Wednesday, January 30. The repairs were completed on Friday, March 1, 2019. Invoices totaling \$104,512.61 have been submitted to the insurance company. These include an estimated cost for the replacement of three drum tables with shipping. Two checks have been issued to date: one in the amount of \$3,296.22 which has been posted to the library's budget. A second check was issued to Insurcomm for \$37,177.31. The \$1,000 deductible came from the Town's insurance deductible line. **There is one outstanding invoice to Insurcomm for \$63,039.08. I heard today from the insurance adjustor and the claims consultant that the claim is finalized.**
