

Energy Committee Meeting  
July 14 2022  
Moose Hill Council Chambers  
7:00 P.M.

**A. Call To Order:**

**B. Old Business:**

1. You might mention that renewable energy is working with Eversource to provide a more accurate and detailed solar array design.

**C. New Business:**

1. DOE has free software to analyze energy efficiency in buildings. It just needs someone to plug in the numbers - square footage, insulation, etc.

2. Six sites have propane heat. Propane costs have skyrocketed. It would be of benefit to the Town to perform an energy audit.

3. We might wish to invite Bob Kerry to talk about DPW buildings. We may wish to learn more about DPW's project to convert the propane heat at the Sewage lift station to heat pumps!

**•••Workshop Meeting•••**

**To put data together and to work on the presentation for both school and town**

**D. Public Comment:**

**E. Accepting of Minutes**

**F. Meeting Schedule:**

Energy Committee Meeting - Moose Hill Council Chambers, August 25 7:00 PM
